Recognizing the importance of the United States wine
industry to the American economy.

Whereas the United States is one of the largest wine producing countries in the world, with the United States wine, grape, and grape products industry representing more than 1 percent of the \$13,800,000,000 American economy in 2007;

(5) generated over \$10,000,000 in revenue from vineyards in Texas;

(6) attracted over 868,000 tourists to Texas, who spent over \$220,000,000; and
