CONCURRENT RESOLUTION

Expressing the need for enhanced public awareness of traumatic brain injury and support for the designation of a National Brain Injury Awareness Month.

Whereas traumatic brain injury is a leading cause of death and disability among children and young adults in the United States;

Whereas at least 1.4 million Americans sustain a traumatic brain injury each year;

Whereas, each year, more than 80,000 of such Americans sustain permanent life-long disabilities from a traumatic brain injury, resulting in a life-altering experience that can include the most serious physical, cognitive, and emotional impairments;

Whereas every 21 seconds, one person in the United States sustains a traumatic brain injury;

Whereas at least 5.3 million Americans currently live with permanent disabilities resulting from a traumatic brain injury;

Whereas most cases of traumatic brain injury are preventable;

Whereas traumatic brain injuries cost the nation \$60 billion annually;

Whereas the lack of public awareness is so vast that traumatic brain injury is known in the disability community as the Nation's "silent epidemic";

Whereas traumatic brain injury is the signature wound of the global war on terrorism as a result of roadside bombs and blasts;

Whereas the military personnel who have served in the Armed Forces of the United States in such war and who return to the United States with traumatic brain injuries will require additional Federal, State, and local resources;

Whereas the designation of a National Brain Injury Awareness Month will work toward enhancing public awareness of traumatic brain injury; and

Whereas the Brain Injury Association of America has recognized March as Brain Injury Awareness Month: Now, therefore, be it

1 *Resolved by the House of Representatives (the Senate*
2 *concurring), That Congress—*

3 (1) recognizes the life-altering impact traumatic
4 brain injury may have both on Americans living with
5 the resultant disabilities and on their families;

6 (2) recognizes the need for enhanced public
7 awareness of traumatic brain injury;

8 (3) supports the designation of an appropriate
9 month as National Brain Injury Awareness Month;
10 and

11 (4) encourages the President to issue a procla-
12 mation designating such a month.
