18 abuse and neglect, child arrests, maternal arrests,
19 and involvement in the criminal justice system.

20 (4) Evidence-based nurse home visitation pro-
21 grams are cost effective, yielding a 5-to-1 return on
22 investment for every dollar spent on services, and
23 producing a net benefit to society of \$34,000 per
24 high risk family served.
