

110TH CONGRESS  
1ST SESSION

# H. R. 3257

To amend the Elementary and Secondary Education Act of 1965 to improve standards for physical education.

---

## IN THE HOUSE OF REPRESENTATIVES

JULY 31, 2007

Mr. KIND (for himself, Mr. WAMP, and Mr. INSLEE) introduced the following bill; which was referred to the Committee on Education and Labor

---

## A BILL

To amend the Elementary and Secondary Education Act of 1965 to improve standards for physical education.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Fitness Integrated  
5       with Teaching Kids Act” or the “FIT Kids Act”.

6       **SEC. 2. DEFINITIONS.**

7       In this Act:

8               (1) STATE EDUCATIONAL AGENCY.—The term  
9       “State educational agency” has the meaning given

1 such term in section 9101 of the Elementary and  
2 Secondary Education Act of 1965 (20 U.S.C. 7801).

3 (2) LOCAL EDUCATIONAL AGENCY.—The term  
4 “local educational agency” has the meaning given  
5 such term in section 9101 of the Elementary and  
6 Secondary Education Act of 1965 (20 U.S.C. 7801).

7 (3) SECRETARY.—The term “Secretary” means  
8 the Secretary of Education.

9 **SEC. 3. FINDINGS.**

10 Congress makes the following findings:

11 (1) Obesity-related diseases cost the United  
12 States economy more than \$100,000,000,000 every  
13 year.

14 (2) Of all United States deaths from major  
15 chronic disease, 23 percent are linked to sedentary  
16 lifestyles that now begin at childhood.

17 (3) Overweight adolescents have a 70 percent  
18 chance of becoming overweight adults, increasing  
19 their risk for chronic disease, disability, and death.

20 (4) Childhood obesity has reached epidemic pro-  
21 portions in the United States.

22 (5) In 2004, an estimated 9,900,000 children  
23 and adolescents ages 6 through 19 were considered  
24 overweight.

1           (6) The Department of Health and Human  
2       Services estimates that, by 2010, 20 percent of chil-  
3       dren and youth in the United States will be obese.

4           (7) A decline in physical activity has contrib-  
5       uted to the unprecedented epidemic of childhood  
6       obesity.

7           (8) Part of the decline in physical activity has  
8       been in our Nation's schools, where physical edu-  
9       cation programs have been cut back in the past two  
10      decades.

11          (9) Between 1991 and 2003, enrollment of high  
12      school students in daily Physical Education classes  
13      fell from 41.6 percent to 28.4 percent.

14          (10) Among children ages 9 to 13, 61.5 percent  
15      do not participate in any organized physical activity  
16      during out-of-school hours.

17          (11) In a 2005 Government Accountability Of-  
18      fice report on key strategies to include in programs  
19      designed to target childhood obesity, "increasing  
20      physical activity" was identified as the most impor-  
21      tant component in any such program.

22          (12) The Dietary Guidelines for Americans rec-  
23      ommend that children engage in at least 60 minutes  
24      of physical activity on most, preferably all, days of  
25      the week.

1           (13) The national standard for physical edu-  
2           cation frequency is 150 minutes per week in elemen-  
3           tary school and 225 minutes per week in middle and  
4           high school.

5           (14) Regular physical activity is associated with  
6           a healthier, longer life and a lower risk of cardio-  
7           vascular disease, high blood pressure, diabetes, obe-  
8           sity, and some cancers.

9           (15) Evidence suggests that physical activity  
10          may have a positive impact on academic perform-  
11          ance, self-concept, and symptoms of anxiety and de-  
12          pression.

13          (16) Approximately 81 percent of adults believe  
14          daily physical education should be mandatory in  
15          schools.

16 **SEC. 4. MULTIPLE MEASURES FOR ACCOUNTABILITY.**

17          For purposes of section 1111(b)(2) of the Elementary  
18          and Secondary Education Act of 1965, each State ac-  
19          countability system shall not only be based on academic  
20          assessments, but shall also be based on additional indica-  
21          tors. Such indicators shall include—

22                (1) demonstrated progress toward meeting the  
23          national goal for required physical education that  
24          is—

- 1 (A) 150 minutes per week for all students  
2 in elementary schools; and  
3 (B) 225 minutes per week for all students  
4 in middle and high schools; and  
5 (2) attendance rates at required physical edu-  
6 cation classes.

7 **SEC. 5. REPORT CARDS.**

3 mentary, middle and high schools that ad-  
4 heres to national guidelines adopted by the  
5 Center for Disease Control and Prevention  
6 and State standards;

7 “(xi) the percentage of elementary  
8 and secondary school physical education  
9 teachers who are State licensed or certified  
10 as physical education teachers; and

11 “(xii) the percentage of schools that  
12 have a School Health Council that includes  
13 parents, students, representatives of the  
14 school food authority, representatives of  
15 the school board, school administrators  
16 and members of the public and that meets  
17 monthly to promote a healthy school envi-  
18 ronment.”;

19 (2) in paragraph (2)(B)(i)—

20 (A) in subclause (I) by striking “and” at  
21 the end;

22 (B) in subclause (II) by striking “and” at  
23 the end;

24 (C) by adding at the end the following:

1 “(III) the amount of time stu-  
2 dents spend in required physical edu-  
3 cation as measured against the na-  
4 tional standards of 150 minutes per  
5 week of required physical education  
6 for students in elementary school and  
7 225 minutes per week of required  
8 physical education for students in  
9 middle and high school;

10 “(IV) the percentage of elemen-  
11 tary and secondary school physical  
12 education teachers who are State cer-  
13 tified as physical education teachers;  
14 and

15 “(V) the amount of square feet  
16 of indoor and outdoor facilities that  
17 are primarily used for physical edu-  
18 cation and the amount of square feet  
19 of indoor and outdoor facilities that  
20 are primarily used for physical activ-  
21 ity; and”; and

22 (3) in paragraph (2)(B)(ii)—

23 (A) in subclause (I) by striking “and” at  
24 the end;

1 (B) in subclause (II) by striking the period  
2 at the end and inserting a semicolon; and

3 (C) by adding at the end the following:

4 “(III) the amount of time stu-  
5 dents spend in required physical edu-  
6 cation as measured against the na-  
7 tional standards of 150 minutes per  
8 week of required physical education  
9 for students in elementary school and  
10 225 minutes per week of required  
11 physical education for students in  
12 middle and high school;

13 “(IV) the percentage of elemen-  
14 tary and secondary school physical  
15 education teachers who are State cer-  
16 tified as physical education teachers;  
17 and

18 “(V) the number of meetings of a  
19 School Health Council that includes

 20 value physical activity for health, enjoyment, challenge,  
 21 self-expression and social interaction as part of a com-  
 22 prehensive plan to improve the physical, academic, social,  
 23 and mental health of children and youth.

24 “(b) PROGRAM AUTHORIZED.—The Secretary is au-  
 25 thorized to award grants to States or partnerships of

1 States to develop, pilot, and implement high-quality, valid  
2 and reliable assessments that measure cognitive develop-  
3 ment in physical education and physical activity skills,  
4 motor skills development, and how much students value  
5 physical activity for health, enjoyment, challenge, self-ex-  
6 pression, and social interaction.

7 “(c) ELIGIBILITY AND APPLICATION REQUIRE-  
8 MENTS.—

9 “(1) ELIGIBILITY.—In order to be eligible to  
10 receive an award under this subpart, an applicant  
11 shall—

12 “(A) be a State or partnership of States;

13 “(B) have a comprehensive plan for ad-  
14 dressing the physical education, physical activ-  
15 ity, and health needs of the children and youth  
16 attending schools in the State or States that in-  
17 cludes—

18 “(i) a plan for reaching the national  
19 goal of 150 minutes of required physical  
20 education for elementary school students  
21 and 225 minutes of required physical edu-  
22 cation for secondary school students over  
23 time;

24 “(ii) support for the ongoing imple-  
25 mentation of local school wellness plans as

1 required in the Child Nutrition and WIC  
2 Reauthorization Act of 2004;

3 “(iii) a plan for reaching the national  
4 goal of 30 minutes of physical activity in  
5 school each day for every child;

6 “(iv) a public and parent engagement  
7 and education plan on the benefits of phys-  
8 ical education, physical activity and  
9 healthy life skills; and

10 “(v) a plan for increasing the avail-  
11 ability of high-quality professional develop-  
12 ment for teachers of physical education  
13 and health education that is directly re-  
14 lated to their field.

15 “(2) APPLICATION REQUIREMENTS.—In order  
16 to receive an award under this subpart, an eligible  
17 applicant shall submit an application to the Sec-  
18 retary at such time, and containing such information  
19 as the Secretary may require. The application shall  
20 include each of the following:

21 “(A) A description of the proposed project,  
22 including a plan for developing, piloting and im-  
23 plementing a high-quality, valid and reliable as-  
24 sessment that measures cognitive development  
25 in physical education and physical activity

1 skills, motor skills development, and how much  
2 students value physical activity for health, en-  
3 joyment, challenge, self-expression, and social  
4 interaction.

5 “(B) A description of how the proposed  
6 plan will be coordinated with the plans de-  
7 scribed in paragraph (1)(B).

8 “(C) An assurance that the results of the  
9 assessment will be disaggregated by race, eth-  
10 nicity, gender, disability status, migrant status,  
11 English proficiency, and status as economically  
12 disadvantaged, except that such disaggregation  
13 shall not be required in a case in which the  
14 number of students in a category is insufficient  
15 to yield statistically reliable information or the  
16 results would reveal personally identifiable in-  
17 formation about an individual student.

18 “(D) A plan for reporting the results of  
19 the assessment annually to the public by State,  
20 district, and school, with the results being  
21 disaggregated by race, ethnicity, gender, dis-  
22 ability status, migrant status, English pro-  
23 ficiency, and status as economically disadvan-  
24 taged, except that such disaggregation shall not  
25 be required in a case in which the number of

1 students in a category is insufficient to yield  
2 statistically reliable information or the results  
3 would reveal personally identifiable information  
4 about an individual student.

5 “(E) A plan for the evaluation of the effec-  
6 tiveness of the assessments implemented and  
7 for continuous improvement of the assessments.

8 “(3) REQUIRED USES OF FUNDS.—A recipient  
9 shall use funds under this subpart for—

10 “(A) developing, piloting, and imple-  
11 menting a high-quality, valid, and reliable as-  
12 sessment that measures cognitive development  
13 in physical education and physical activity  
14 skills, motor skills development, and how much  
15 students value physical activity for health, en-  
16 joyment, challenge, self-expression and social  
17 interaction;

18 “(B) coordinating the assessment plan  
19 with the other plans described in paragraph  
20 (1)(B);

21 “(C) ongoing evaluation of the assessment;  
22 and

23 “(D) public reporting.

24 “(4) REPORT TO THE SECRETARY.—A recipient  
25 shall report annually to the Secretary on—

1           “(A) the progress in developing, piloting,  
2           and implementing a high-quality, valid, and re-  
3           liable assessment that measures cognitive devel-  
4           opment in physical education and physical ac-  
5           tivity skills, motor skills development, and how  
6           much students value physical activity for  
7           health, enjoyment, challenge, self-expression  
8           and social interaction;

9           “(B) the quality of the assessment; and

10          “(C) the results of the assessment once it  
11          is implemented, disaggregated by race, eth-  
12          nicity, gender, disability status, migrant status,  
13          English proficiency, and status as economically  
14          disadvantaged, except that such disaggregation  
15          shall not be required in a case in which the  
16          number of students in a category is insufficient  
17          to yield statistically reliable information or the  
18          results would reveal personally identifiable in-  
19          formation about an individual student.

20          “(d) AUTHORIZATION OF APPROPRIATIONS.—There  
21          is authorized to be appropriated such sums as may be nec-  
22          essary to carry out this section for fiscal year 2008 and  
23          each of the following fiscal years.”.
