A BILL

To amend title VIII of the Public Health Service Act to expand the nurse student loan program, to establish grant programs to address the nursing shortage, to amend title VII of the Higher Education Act of 1965 to provide for a nurse faculty pilot project, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Nursing Education
5 Opportunities Act”.

1 **SEC. 2. FINDINGS.**

2 Congress finds the following:

3 (1) The American Hospital Association reported
4 in July 2007 that United States hospitals need ap-
5 proximately 116,000 registered nurses to fill vacant
6 positions nationwide.

7 (2) To address the shortage of qualified nurses,
8 schools of nursing have developed accelerated, sec-
9 ond-baccalaureate degree programs in nursing. In
10 2005, these programs graduated 3,769 students.
11 The number of accelerated degree graduates in 2006
12 was 5,236. This is an additional 1,467 nursing grad-
13 uates in 1 year.

14 (3) Despite the nurse shortage and efforts to
15 increase the pool of qualified nurses, schools of nurs-
16 ing struggle to increase student capacity. According
17 to the American Association of Colleges of Nursing
18 (referred to in this Act as the “AACN”), United
19 States nursing schools turned away nearly 43,000
20 qualified applicants in 2006 primarily due to an in-
21 sufficient number of faculty.

22 (4) The AACN reported in July 2006, a total
23 of 637 faculty vacancies at 329 nursing schools with
24 baccalaureate or graduate programs, or both, across
25 the Nation. Besides the vacancies, schools cited the
26 need to create an additional 55 faculty positions to

1 accommodate student demand. Most of the vacancies
2 (53.7 percent) were faculty positions requiring a
3 doctoral degree.

4 (5) In 2007, the Association of Academic
5 Health Centers surveyed chief executive officers
6 (CEOs) from academic health centers regarding fac-
7 ulty shortages across various health professions. The
8 CEOs rated the nursing faculty shortage as the
9 most severe of all health professions with 81 percent
10 noting the nursing faculty shortage as a problem.

11 (6) The average ages of doctorally-prepared
12 nurse faculty holding the ranks of professor, asso-
13 ciate professor, and assistant professor are 58.6,
14 55.8, and 51.6 years, respectively. Considering the
15 average age of nurse faculty at retirement is 62.5
16 years, a wave of nurse faculty retirements is ex-
17 pected in the next decade.

18 (7) Master's and doctoral programs in nursing
19 are not producing a large enough pool of potential
20 nurse educators to meet the demand. In 2006, the
21 AACN found that graduations from doctoral nursing
22 programs were up by only 1.4 percent from the pre-
23 vious academic year.

24 (8) Nurses are vital to the Nation's health care
25 delivery system. Due to the nurse shortage, patient

1 safety and quality of care are at risk. Given the find-
 2 ings described in paragraphs (1) through (7), meas-
 3 ures must be taken to address the nurse shortage
 4 and nursing faculty shortage.

5 **SEC. 3. NURSING STUDENT LOAN PROGRAM.**

6 Title VIII of the Public Health Service Act (42
 7 U.S.C. et seq.) is amended—

8 (1) in section 835(b)(4), by inserting “(includ-
 9 ing a student in an accelerated nursing degree pro-
 10 gram who is pursuing a second baccalaureate degree
 11 or a master’s degree as an entry level nursing de-
 12 gree)” after “graduate degree in nursing”; and

13 (2) in section 836—

14 (A) in subsection (a)—

15 (i) by striking “\$2,500” and inserting
 16 “\$4,400”;

17 (ii) by striking “\$4,000” and insert-
 18 ing “\$7,000”; and

19 (iii) by striking “\$13,000” and insert-
 20 ing “\$22,900”; and

21 (B) in subsection (b)—

22 (i) in paragraph (1), by inserting
 23 “(including a student in an accelerated
 24 nursing degree program who is pursuing a
 25 second baccalaureate degree or a master’s

1 degree as an entry level nursing degree)”
2 after “graduate degree in nursing”; and
3 (ii) in paragraph (2), by inserting
4 “(including a student in an accelerated
5 nursing degree program who is pursuing a
6 second baccalaureate degree” after “equiv-
7 alent degree”.

8 **SEC. 4. ACCELERATED NURSING DEGREE PROGRAMS.**

9 Section 801(3) of the Public Health Service Act (42
10 U.S.C. 296(3)) is amended by inserting “(including an ac-
11 celerated nursing degree program” before “and includ-
12 ing”.

13 **SEC. 5. ADVANCED EDUCATION NURSING GRANTS.**

14 Section 811(f)(2) of the Public Health Service Act
15 (42 U.S.C. 296j(f)(2)) is amended by striking the period
16 at the end and inserting “, except in the case of a nurse
17 faculty shortage, the Secretary may, in the Secretary’s dis-

19 for individuals in doctoral degree programs.”.
