25 (1) LIGHT STATION.—The term “Light Sta-  
 26 tion” means Piedras Blancas Light Station.

1           (2) OUTSTANDING NATURAL AREA.—The term  
2       “Outstanding Natural Area” means the Piedras  
3       Blancas Historic Light Station Outstanding Natural  
4       Area established pursuant to subsection (c).

5           (3) PUBLIC LANDS.—The term “public lands”  
6       has the meaning stated in section 103(e) of the Fed-  
7       eral Land Policy and Management Act of 1976 (43  
8       U.S.C. 1703(e)).

9           (4) SECRETARY.—The term “Secretary” means  
10      the Secretary of the Interior.

11      (b) FINDINGS.—Congress finds as follows:

12           (1) The publicly owned Piedras Blancas Light  
13      Station has nationally recognized historical struc-  
14      tures that should be preserved for present and fu-  
15      ture generations.

16           (2) The coastline adjacent to the Light Station  
17      is internationally recognized as having significant  
18      wildlife and marine habitat that provides critical in-  
19      formation to research institutions throughout the  
20      world.

21           (3) The Light Station tells an important story  
22      about California’s coastal prehistory and history in  
23      the context of the surrounding region and commu-  
24      nities.

1           (4) The coastal area surrounding the Light Sta-  
 2           tion was traditionally used by Indian people, includ-  
 3           ing the Chumash and Salinan Indian tribes.

4           (5) The Light Station is historically associated  
 5           with the nearby world-famous Hearst Castle (Hearst  
 6           San Simeon State Historical Monument), now ad-  
 7           ministered by the State of California.

8           (6) The Light Station represents a model part-  
 9           nership where future management can be success-  
 10          fully accomplished among the Federal Government,  
 11          the State of California, San Luis Obispo County,  
 12          local communities, and private groups.

13          (7) Piedras Blancas Historic Light Station  
 14          Outstanding Natural Area would make a significant  
 15          addition to the National Landscape Conservation  
 16          System administered by the Department of the Inte-  
 17          rior's Bureau of Land Management.

18          (8) Statutory protection is needed for the Light  
 19          Station and its surrounding Federal lands to ensure  
 20          that it remains a part of our historic, cultural, and  
 21          natural heritage and to be a source of inspiration for

3 with the requirements of subsection (c)(3).

4 (2) USES.—Subject to valid existing rights, the

18          the Secretary may authorize within the Outstanding  
19          Natural Area appropriate research activities for the

18 seen or heard within the Outstanding Natural  
19 Area;

15 (1) The Soldiers' Memorial is a tribute to all  
 16 veterans located in the greater St. Louis area, in-

18 (2) The current annual budget for the memorial

 22 spend \$6,000,000 to purchase a memorial plaza and  
 23 building dedicated to citizens of St. Louis who lost  
 24 their lives in World War I.

1           (4) The purchase of the 7 block site exhausted  
2           the funds and no money remained to construct a  
3           monument.

4           (5) In 1933, Mayor Bernard F. Dickmann ap-  
5           pealed to citizens and the city government to raise  
6           \$1,000,000 to construct a memorial building and  
7           general improvement of the plaza area and the con-  
8           struction of Soldiers' Memorial began on October

18          of the National Park System.

9 of recognition, conservation, interpretation, and

 21 land within the proposed area or bordering the pro-  
 22 posed area that is privately owned at the time that  
 23 the study is conducted.

### 9   **SEC. 331. COMMEMORATIVE WORK TO HONOR BRIGADIER**

#### 10                   **GENERAL FRANCIS MARION AND HIS FAMILY.**

11           (a) FINDINGS.—The Congress finds the following:

12                   (1) Francis Marion was born in 1732 in St.  
 13           John’s Parish, Berkeley County, South Carolina. He  
 14           married Mary Esther Videau on April 20th, 1786.  
 15           Francis and Mary Esther Marion had no children,  
 16           but raised a son of a relative as their own, and gave  
 17           the child Francis Marion’s name.

18                   (2) Brigadier General Marion commanded the  
 19           Williamsburg Militia Revolutionary force in South  
 20           Carolina and was instrumental in delaying the ad-  
 21           vance of British forces by leading his troops in dis-  
 22           rupting supply lines.

23                   (3) Brigadier General Marion’s tactics, which  
 24           were unheard of in rules of warfare at the time, in-  
 25           cluded lightning raids on British convoys, after

1       which he and his forces would retreat into the  
2       swamps to avoid capture. British Lieutenant Colonel  
3       Tarleton stated that “as for this damned old swamp  
4       fox, the devil himself could not catch him”. Thus,  
5       the legend of the “Swamp Fox” was born.

6               (4) His victory at the Battle of Eutaw Springs  
7       in September of 1781 was officially recognized by  
8       Congress.

9               (5) Brigadier General Marion’s troops are be-  
10      lieved to be the first racially integrated force fight-  
11      ing for the United States, as his band was a mix of  
12      Whites, Blacks, both free and slave, and Native  
13      Americans.

14              (6) As a statesman, he represented his parish  
15      in the South Carolina senate as well as his State at  
16      the Constitutional Convention.

17              (7) Although the Congress has authorized the  
18      establishment of commemorative works on Federal  
19      lands in the District of Columbia honoring such cele-  
20      brated Americans as George Washington, Thomas  
21      Jefferson, and Abraham Lincoln, the National Cap-  
22      ital has no comparable memorial to Brigadier Gen-  
23      eral Francis Marion for his bravery and leadership  
24      during the Revolutionary War, without which the  
25      United States would not exist.

1           (8) Brigadier General Marion’s legacy must live  
 2           on. Since 1878, United States Reservation 18 has  
 3           been officially referred to as Marion Park. Located  
 4           between 4th and 6th Streets, S.E., at the intersec-  
 5           tion of E Street and South Carolina Avenue, S.E.,  
 6           in Washington, DC, the park lacks a formal com-  
 7           memoration to this South Carolina hero who was im-  
 8           portant to the initiation of the Nation’s heritage.

9           (9) The time has come to correct this oversight  
 10          so that future generations of Americans will know  
 11          and understand the preeminent historical and last-  
 12          ing significance to the Nation of Brigadier General  
 13          Marion’s contributions. Such a South Carolina hero  
 14          deserves to be given the proper recognition.

15          (b) AUTHORITY TO ESTABLISH COMMEMORATIVE  
 16          WORK.—The Marion Park Project, a committee of the  
 17          Palmetto Conservation Foundation, may establish a com-  
 18          memorative work on Federal land in the District of Co-  
 19          lumbia and its environs to honor Brigadier General  
 20          Francis Marion and his service.

21          (c) COMPLIANCE WITH STANDARDS FOR COMMEMO-  
 22          RATIVE WORKS.—The commemorative work authorized by  
 23          subsection (b) shall be established in accordance with  
 24          chapter 89 of title 40, United States Code (commonly  
 25          known as the “Commemorative Works Act”).

1       (d) USE OF FEDERAL FUNDS PROHIBITED.—Fed-  
 2 eral funds may not be used to pay any expense of the es-  
 3 tablishment of the commemorative work authorized by  
 4 subsection (b). The Marion Park Project, a committee of  
 5 the Palmetto Conservation Foundation, shall be solely re-  
 6 sponsible for acceptance of contributions for, and payment  
 7 of the expenses of, the establishment of that commemora-  
 8 tive work.

9       (e) DEPOSIT OF EXCESS FUNDS.—If, upon payment  
 10 of all expenses of the establishment of the commemorative  
 11 work authorized by subsection (b) (including the mainte-  
 12 nance and preservation amount provided for in section  
 13 8906(b) of title 40, United States Code), or upon expira-  
 14 tion of the authority for the commemorative work under  
 15 chapter 89 of title 40, United States Code, there remains  
 16 a balance of funds received for the establishment of that  
 17 commemorative work, the Marion Park Project, a com-  
 18 mittee of the Palmetto Conservation Foundation, shall  
 19 transmit the amount of the balance to the Secretary of  
 20 the Treasury for deposit in the account provided for in  
 21 section 8906(b)(1) of such title.

22       (f) DEFINITIONS.—For the purposes of this section,  
 23 the terms “commemorative work” and “the District of Co-  
 24 lumbia and its environs” have the meanings given to such  
 25 terms in section 8902(a) of title 40, United States Code.

10 **SEC. 343. WILD AND SCENIC RIVER DESIGNATION,**  
 11 **EIGHTMILE RIVER, CONNECTICUT.**

12 (a) FINDINGS.—Congress finds the following:

13 (1) The Eightmile River Wild and Scenic River  
 14 Study Act of 2001 (Public Law 107–65; 115 Stat.  
 15 484) authorized the study of the Eightmile River in  
 16 the State of Connecticut from its headwaters down-  
 17 stream to its confluence with the Connecticut River  
 18 for potential inclusion in the National Wild and Sce-  
 19 nic Rivers System.

20 (2) The segments of the Eightmile River cov-  
 21 ered by the study are in a free-flowing condition,  
 22 and the outstanding resource values of the river seg-  
 23 ments include the cultural landscape, water quality,  
 24 watershed hydrology, unique species and natural  
 25 communities, geology, and watershed ecosystem.

1           (3) The Eightmile River Wild and Scenic Study  
2 Committee has determined that—

3           (A) the outstanding resource values of  
4 these river segments depend on sustaining the  
5 integrity and quality of the Eightmile River wa-  
6 tershed;

7           (B) these resource values are manifest  
8 within the entire watershed; and

9           (C) the watershed as a whole, including its  
10 protection, is itself intrinsically important to  
11 this designation.

12          (4) The Eightmile River Wild and Scenic Study  
13 Committee took a watershed approach in studying  
14 and recommending management options for the river  
15 segments and the Eightmile River watershed as a  
16 whole.

17          (5) During the study, the Eightmile River Wild  
18 and Scenic Study Committee, with assistance from  
19 the National Park Service, prepared a comprehen-  
20 sive management plan for the Eightmile River wa-  
21 tershed, dated December 8, 2005 (in this section re-  
22 ferred to as the “Eightmile River Watershed Man-  
23 agement Plan”), which establishes objectives, stand-  
24 ards, and action programs that will ensure long-term  
25 protection of the outstanding values of the river and

1 compatible management of the land and water re-  
2 sources of the Eightmile River and its watershed,  
3 without Federal management of affected lands not  
4 owned by the United States.

5 (6) The Eightmile River Wild and Scenic Study  
6 Committee voted in favor of inclusion of the  
7 Eightmile River in the National Wild and Scenic  
8 Rivers System and included this recommendation as  
9 an integral part of the Eightmile River Watershed  
10 Management Plan.

11 (7) The residents of the towns lying along the  
12 Eightmile River and comprising most of its water-  
13 shed (Salem, East Haddam, and Lyme, Con-  
14 necticut), as well as the Boards of Selectmen and  
15 Land Use Commissions of these towns, voted to en-  
16 dorse the Eightmile River Watershed Management  
17 Plan and to seek designation of the river as a com-  
18 ponent of the National Wild and Scenic Rivers Sys-  
19 tem.

20 (8) The State of Connecticut General Assembly  
21 enacted Public Act 05–18 to endorse the Eightmile  
22 River Watershed Management Plan and to seek des-  
23 ignation of the river as a component of the National  
24 Wild and Scenic Rivers System.

1 (b) DESIGNATION.—Section 3(a) of the Wild and  
2 Scenic Rivers Act (16 U.S.C. 1274(a)) is amended—

3 (1) by redesignating paragraph (167) (relating  
4 to the Musconetcong River, New Jersey) as para-  
5 graph (169);

6 (2) by designating the undesignated paragraph  
7 relating to the White Salmon River, Washington, as  
8 paragraph (167);

9 (3) by designating the undesignated paragraph  
10 relating to the Black Butte River, California, as  
11 paragraph (168); and

12 (4) by adding at the end the following:

13 “(170) EIGHTMILE RIVER, CONNECTICUT.—Seg-  
14 ments of the main stem and specified tributaries of the  
15 Eightmile River in the State of Connecticut, totaling ap-  
16 proximately 25.3 miles, to be administered by the Sec-  
17 retary of the Interior as follows:

18 “(A) The entire 10.8-mile segment of the main  
19 stem, starting at its confluence with Lake Hayward  
20 Brook to its confluence with the Connecticut River  
21 at the mouth of Hamburg Cove, as a scenic river.

22 “(B) The 8.0-mile segment of the East Branch  
23 of the Eightmile River starting at Witch Meadow  
24 Road to its confluence with the main stem of the  
25 Eightmile River, as a scenic river.

1           “(C) The 3.9-mile segment of Harris Brook  
2           starting with the confluence of an unnamed stream  
3           lying 0.74 miles due east of the intersection of Hart-  
4           ford Road (State Route 85) and Round Hill Road  
5           to its confluence with the East Branch of the  
6           Eightmile River, as a scenic river.

7           “(D) The 1.9-mile segment of Beaver Brook  
8           starting at its confluence with Cedar Pond Brook to  
9           its confluence with the main stem of the Eightmile  
10          River, as a scenic river.

11          “(E) The 0.7-mile segment of Falls Brook from  
12          its confluence with Tisdale Brook to its confluence  
13          with the main stem of the Eightmile River at Ham-  
14          burg Cove, as a scenic river.”.

15          (c) MANAGEMENT.—The segments of the main stem  
16          and certain tributaries of the Eightmile River in the State  
17          of Connecticut designated as components of the National  
18          Wild and Scenic Rivers System by the amendment made  
19          by subsection (b) (in this section referred to as the  
20          “Eightmile River”) shall be managed in accordance with  
21          the Eightmile River Watershed Management Plan and  
22          such amendments to the plan as the Secretary of the Inte-  
23          rior determines are consistent with this section. The  
24          Eightmile River Watershed Management Plan is deemed  
25          to satisfy the requirements for a comprehensive manage-

2 Rivers Act (16 U.S.C. 1274(d)).

3 (d) COMMITTEE.—The Secretary of the Interior shall  
4 coordinate the management responsibilities of the Sec-  
5 retary with regard to the Eightmile River with the  
6 Eightmile River Coordinating Committee, as specified in  
7 the Eightmile River Watershed Management Plan.

8 (e) COOPERATIVE AGREEMENTS.—In order to pro-

12 to sections 10(e) and 11(b)(1) of the Wild and Scenic Riv-

14 of Connecticut, the towns of Salem, Lyme, and East  
15 Haddam, Connecticut, and appropriate local planning and  
16 environmental organizations. All cooperative agreements  
17 authorized by this subsection shall be consistent with the  
18 Eightmile River Watershed Management Plan and may in-  
19 clude provisions for financial or other assistance from the  
20 United States.

21 (f) RELATION TO NATIONAL PARK SYSTEM.—Not-  
22 withstanding section 10(c) of the Wild and Scenic Rivers  
23 Act (16 U.S.C. 1281(c)), the Eightmile River shall not  
24 be administered as part of the National Park System or

1 be subject to regulations which govern the National Park  
2 System.

3 (g) LAND MANAGEMENT.—The zoning ordinances  
4 adopted by the towns of Salem, East Haddam, and Lyme,  
5 Connecticut, in effect as of December 8, 2005, including  
6 provisions for conservation of floodplains, wetlands, and  
7 watercourses associated with the segments, are deemed to  
8 satisfy the standards and requirements of section 6(c) of  
9 the Wild and Scenic Rivers Act (16 U.S.C. 1277 (c)). For  
10 the purpose of section 6(c) of that Act, such towns shall  
11 be deemed “villages” and the provisions of that section,  
12 which prohibit Federal acquisition of lands by condemna-  
13 tion, shall apply to the segments designated by subsection  
14 (b). The authority of the Secretary to acquire lands for  
15 the purposes of this section shall be limited to acquisition  
16 by donation or acquisition with the consent of the owner  
17 thereof, and shall be subject to the additional criteria set  
18 forth in the Eightmile River Watershed Management  
19 Plan.

20 (h) WATERSHED APPROACH.—

21 (1) IN GENERAL.—In furtherance of the water-  
22 shed approach to resource preservation and enhance-  
23 ment articulated in the Eightmile River Watershed  
24 Management Plan, the tributaries of the Eightmile  
25 River watershed specified in paragraph (2) are rec-
