RESOLUTION

Supporting the goals and ideals of National Clean Beaches Week and the considerable value of beaches and their role in American culture.

Whereas the beaches in these coastal counties provide recreational opportunities for numerous Americans and their families who, together with international tourists, make

Whereas beaches are a critical driver of the American economy and its competitiveness in the global economy;

Whereas beaches represent a critical part of our natural heritage and a beautiful part of the American landscape;

Whereas beaches are sensitive ecosystems, susceptible to degradation and alteration from natural forces, sea level rise, pollution, untreated sewage, and improper use;

Whereas members of the Government, the private sector, and nongovernmental organizations, along with citizen volunteers, have worked diligently to clean up and protect our beaches over the years;

Whereas great strides have been made in understanding the science of watersheds and the connections between inland areas and coastal waters;

Whereas the Federal Government should develop science-based policies that are commensurate with that knowledge; and

Whereas a 7-day week, commencing in June and including July 5, will be observed as National Clean Beaches Week: Now, therefore, be it
