Multiple Sclerosis Education and Awareness Month.

---

IN THE SENATE OF THE UNITED STATES

MARCH 10, 2008

Mr. CASEY (for himself and Ms. SNOWE) submitted the following resolution;  
which was referred to the Committee on Health, Education, Labor, and  
Pensions

---

## RESOLUTION

Supporting the goals and ideals of designating March 2008  
as National Multiple Sclerosis Education and Awareness  
Month.

Whereas multiple sclerosis can impact men and women of all  
ages;

Whereas multiple sclerosis affects men and women of all  
races and ethnicities;

Whereas approximately 400,000 Americans live with multiple  
sclerosis;

Whereas approximately 2,500,000 people worldwide have  
been diagnosed with multiple sclerosis;

Whereas approximately 200 people a week are diagnosed with  
multiple sclerosis;

Whereas over 400 cases of childhood multiple sclerosis have been identified in medical journals since 1980 and it is estimated that between 8,000 and 10,000 children and adolescents are affected;

Whereas the exact cause of multiple sclerosis is still unknown;

Whereas the symptoms of multiple sclerosis are unpredictable and vary from person to person;

Whereas there is no laboratory test available for multiple sclerosis;

Whereas multiple sclerosis is not genetic, contagious, or directly inherited, but studies show there are genetic factors that indicate certain individuals are susceptible to the disease;

Whereas multiple sclerosis symptoms occur when an immune system attack affects the myelin, destroying it and replacing it with scar tissue and severing nerve fibers interfering with the transmission of nerve signals;

Whereas in rare cases multiple sclerosis is so progressive it is fatal;

Whereas there is no known cure for multiple sclerosis; and

Whereas March 2008 is recognized as National Multiple Sclerosis Education and Awareness Month: Now, therefore, be it
