8 **TITLE I—NATIONAL OCEAN** 9 **GOVERNANCE**

10 **SEC. 101. NATIONAL OCEAN POLICY AND PRINCIPLES.**

11 (a) NATIONAL OCEAN POLICY.—

12 (1) IN GENERAL.—It is the policy of the United
13 States to protect, maintain, and restore marine eco-
14 system health in order to fulfill the ecological, eco-
15 nomic, educational, social, cultural, nutritional, rec-
16 reational, and other requirements of current and fu-
17 ture generations of Americans.

18 (2) PRINCIPLES.—The National Ocean Policy
19 shall be implemented in accordance with the fol-
20 lowing principles:

21 (A) Policies, programs, and activities
22 should minimize negative environmental im-
23 pacts to ocean waters, coastal waters, and
24 ocean resources and be conducted so that by
25 themselves or cumulatively they do not under-

1 mine efforts to protect, maintain, and restore
2 marine ecosystem health.

3 (B) Ocean waters, coastal waters, and
4 ocean resources should be managed to meet the
5 needs of the present generation without com-
6 promising the ability of future generations to
7 meet their needs.

8 (C) Ocean waters, coastal waters, and
9 ocean resources should be managed using eco-
10 system-based management.

11 (D) The lack of scientific certainty should
12 not be used as justification for postponing ac-
13 tion to prevent negative environmental impacts.
14 In cases in which significant threats to marine
15 ecosystem health exist, the best of the available
16 science should be used to manage ocean waters,
17 coastal waters, and ocean resources in a man-
18 ner that gives the greatest weight to the protec-
19 tion, maintenance, and restoration of marine
20 ecosystem health.

21 (E) Policies, programs, and activities rec-
22 ognize the interconnectedness of the land, at-
23 mosphere including climate, and oceans includ-
24 ing ocean waters, coastal waters, and ocean re-
25 sources, and should recognize that actions af-

fecting one of these, such as the climate, are likely to affect another, such as ocean resources.

(F) Potential uses of ocean waters, coastal waters, and ocean resources should be managed in a way that balances competing uses and does not undermine efforts to protect, maintain, and restore marine ecosystem health.

20 the Postal Service may determine, except that such
21 period—

22 (A) shall commence not later than 12
23 months after the date of the enactment of this
24 Act; and

1 (B) shall terminate not later than the close
2 of the period referred to in section 416(g) of
3 title 39, United States Code.

4 (c) RULE OF CONSTRUCTION.—Nothing in this sec-
5 tion shall be considered to permit or require that any de-
6 termination of the amounts becoming available from the
7 sale of the stamp referred to in subsection (a) be made
8 in a manner inconsistent with the requirements of section
9 416(d) of title 39, United States Code.

10 **SEC. 408. LIMITATION ON USE OF AVAILABLE AMOUNTS**
11 **FOR ADMINISTRATION.**

1 **SEC. 410. MAINTENANCE OF EFFORT AND MATCHING FUND-**
2 **ING.**

3 (a) IN GENERAL.—It is the intent of the Congress
4 in this Act that States not use this Act as an opportunity
5 to reduce State or local resources for the programs funded
6 by this Act. Except as provided in subsection (b), no State
7 or local government shall receive any funds under this Act
8 during any fiscal year in which its expenditures of non-
9 Federal funds for recurrent expenditures for programs for
10 which funding is provided under this Act will be less than
11 its expenditures were for such programs during the pre-
12 ceding fiscal year. No State or local government shall re-
13 ceive funding under this Act with respect to a program
14 unless the Administrator is satisfied that such a grant will
15 be so used to supplement and, to the extent practicable,
16 increase the level of State, local, or other non-Federal
17 funds available for such program.

18 (b) EXCEPTION.—The Administrator may provide
19 funding under this Act to a State or local government not
20 meeting the requirements of subsection (a) if the Adminis-
21 trator determines that a reduction in expenditures—

22 (1) is attributable to a nonselective reduction in
23 expenditures for the programs of all executive
24 branch agencies of the State or local government; or

25 (2) is a result of reductions in State or local
26 revenue as a result of a downturn in the economy.

1 (c) USE OF FUNDS TO MEET MATCHING REQUIRE-
2 MENTS.—All funds received by a State or local govern-
3 ment under this Act shall be treated as Federal funds for
4 purposes of compliance with any provision in effect under
5 any other law requiring that non-Federal funds be used
6 to provide a portion of the funding for any program or
7 project.
