

111TH CONGRESS
2D SESSION

H. RES. 1679

Expressing support for designation of September as Childhood Cancer Awareness Month.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 29, 2010

Mr. CARNAHAN submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing support for designation of September as
Childhood Cancer Awareness Month.

Whereas childhood cancer is the leading cause of death in children under the age of 20, killing more children than asthma, diabetes, cystic fibrosis, and AIDS combined;

Whereas more than 12,400 children are diagnosed with childhood cancer each year and 35 children are diagnosed each day;

Whereas 2,500 children a year will not survive their illness;

Whereas studies and drug development specific to childhood cancers remain underfunded;

Whereas for every \$6 in Federal research per AIDS patient and every \$1 per patient with breast cancer, a child with cancer receives only 30 cents;

Whereas since 1980, only one new drug has been approved for the treatment of childhood cancer, compared with 50 that have been approved for adults;

Whereas 3 out of 5 survivors will suffer life-long side effects, including heart damage, second cancers, lung damage, infertility, cognitive impairment, growth deficits, hearing loss, and more;

Whereas the American Childhood Cancer Organization is recognized for its advocacy of childhood cancer awareness;

Whereas the St. Baldrick's Foundation is recognized for its endless efforts to raise money for childhood cancer research;

Whereas Curesearch is recognized for its advocacy and research for childhood cancer;

Whereas the Make a Wish Foundation is recognized for its efforts in providing support through granting wishes to children suffering from childhood cancer and other diseases;

Whereas Friends of Kids With Cancer is recognized for its efforts in providing support to childhood cancer patients and their families in St. Louis, Missouri;

Whereas there is a need for greater awareness for childhood cancer on part of the public, including awareness of symptoms, treatment options, research, and public policy implications; and

Whereas September would be an appropriate month to designate as Childhood Cancer Awareness Month: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

1 (1) supports the designation of Childhood Can-
2 cer Awareness Month; and

3 (2) applauds the actions of medical profes-
4 sionals and other caregivers, researchers, patients
5 and their families, and others who strive to combat
6 and raise public awareness of childhood cancer.
