11 **SEC. 6. SCHULTZ FIRE FLOODING AREA ASSISTANCE.**

12 (a) FINDINGS.—Congress finds that—

13 (1) on June 20, 2010, the Schultz wildfire
14 began burning in the Coconino National Forest on
15 Federal land that is located approximately 4 miles
16 north of the City of Flagstaff, Arizona;

17 (2) the Schultz Fire burned for 10 days, de-
18 stroyed more than 15,000 acres of Forest Service
19 land, and prompted the evacuation of approximately
20 400 homes before being 100 percent contained on
21 June 30, 2010;

22 (3) the Schultz Fire severely burned a large
23 portion of the forest along the steep terrain on the
24 east side of the San Francisco Peaks, leaving little
25 ground vegetation to absorb and retain rainwater;

1 (4) on July 6, 2010, the Forest Service Burn
2 Area Emergency Response Team issued a hydrology
3 specialist report that assessed post-fire watershed
4 conditions and determined that there was a constant
5 daily flooding threat to nearby communities from
6 summer monsoon storms;

7 (5) on July 7, 2010, community meetings were
8 held urging residents to purchase flood insurance for
9 the affected area, which had not previously been des-
10 ignated as a flood plain;

11 (6) on July 20, 2010, after nearly 2 inches of
12 rain fell in less than 1 hour, flash flooding occurred
13 in the unincorporated communities downstream from
14 the Schultz wildfire burn area in Coconino County;

15 (7) widespread flooding and debris disrupted
16 public infrastructure, damaged approximately 32
17 homes in the communities of Doney Park, Timber-
18 line, Hutchison Acres, and Wupatki Trails Estates,
19 and killed a 12-year-old girl;

20 (8) affected homeowners who purchased flood
21 insurance were not eligible for coverage under the
22 National Flood Insurance Program at the time of
23 the loss because of the statutorily mandated 30-day
24 waiting period before flood insurance coverage takes
25 effect; and

1 (9) because the Schultz Fire occurred on Forest
2 Service land and has affected private property, pub-
3 lic safety, and human life, the Federal Government
4 is obligated to provide an appropriate level of dis-
5 aster assistance, including Federal flood insurance
6 to homeowners.

19 shall submit to the appropriate committees of Con-
