**A BILL**

To amend title 38, United States Code, to authorize advance appropriations for certain medical care accounts of the

Department of Veterans Affairs by providing two-fiscal year budget authority, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
 2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Veterans Health Care  
 5       Budget Reform and Transparency Act of 2009”.

6       **SEC. 2. FINDINGS.**

7       Congress makes the following findings:

8               (1) Title 38, United States Code, authorizes the  
 9       Secretary of Veterans Affairs to furnish hospital and  
 10      domiciliary care, medical services, nursing home  
 11      care, and related services to eligible and enrolled vet-  
 12      erans, but only to the extent that appropriated re-  
 13      sources and facilities are available for such purposes.

14              (2) For 19 of the past 22 fiscal years, funds  
 15      have not been appropriated for the Department of  
 16      Veterans Affairs for the provision of health care as  
 17      of the commencement of the new fiscal year, causing  
 18      the Department great challenges in planning and  
 19      managing care for enrolled veterans, to the det-  
 20      riment of veterans.

21              (3) The cumulative effect of insufficient, late,  
 22      and unpredictable funding for the Department for  
 23      health care endangers the viability of the health care  
 24      system of the Department and impairs the special-

1        ized health care resources the Department requires  
 2        to maintain and improve the health of sick and dis-  
 3        abled veterans.

4            (4) Appropriations for the health care programs  
 5        of the Department have too often proven insufficient  
 6        over the past decade, requiring the Secretary to ra-  
 7        tion health care and Congress to approve supple-  
 8        mental appropriations for those programs.

9            (5) Providing sufficient, timely, and predictable  
 10       funding would ensure the Government meets its obli-  
 11       gation to provide health care to sick and disabled  
 12       veterans and ensure that all veterans enrolled for  
 13       health care through the Department have ready ac-  
 14       cess to timely and high quality care.

15           (6) Providing sufficient, timely, and predictable  
 16       funding would allow the Department to properly  
 17       plan for and meet the needs of veterans.
