S. RES. 501

Recognizing and supporting the goals and ideals of Sexual Assault Awareness
Month.

IN THE SENATE OF THE UNITED STATES

APRIL 27, 2010

Mr. CASEY (for himself, Mr. BROWNBACK, and Mr. FRANKEN) submitted the
following resolution; which was considered and agreed to

RESOLUTION

Recognizing and supporting the goals and ideals of Sexual
Assault Awareness Month.

Whereas on average, a person is sexually assaulted in the
United States every 2 ½ minutes;

Whereas the Department of Justice reports that 203,830
people in the United States were sexually assaulted in
2008;

Whereas 1 in 6 women and 1 in 33 men have been victims
of rape or attempted rape;

Whereas the Department of Defense received 2,908 reports
of sexual assault involving members of the Armed Forces
in fiscal year 2008, representing an 8 percent increase
from fiscal year 2007;

Whereas children and young adults are most at risk of sexual assault, as 44 percent of sexual assault victims are under 18 years of age, and 80 percent are under the 30 years of age;

Whereas sexual assault affects women, men, and children of all racial, social, religious, age, ethnic, and economic groups in the United States;

Whereas women, children, and men suffer multiple types of sexual violence, including acquaintance, stranger, spousal, and gang rape, incest, child sexual molestation, forced prostitution, trafficking, forced pornography, ritual abuse, sexual harassment, and stalking;

Whereas it is estimated that the percentage of completed or attempt rape victimization among women in institutions of higher education is between 20 and 25 percent over the course of a college career;

Whereas, in addition to the immediate physical and emotional costs, sexual assault has associated consequences that may include post-traumatic stress disorder, substance abuse, major depression, homelessness, eating disorders, and suicide;

Whereas only 41 percent of sexual assault victims pursue prosecution by reporting their attack to law enforcement agencies;

Whereas $\frac{2}{3}$ of sexual crimes are committed by persons who are not strangers to the victims;

Whereas sexual assault survivors suffer emotional scars long after the physical scars have healed;

Whereas, because of advances in DNA technology, law enforcement agencies have the potential to identify the rapists in tens of thousands of unsolved rape cases;

Whereas aggressive prosecution can lead to the incarceration of rapists and therefore prevent these individuals from committing further crimes;

Whereas national, State, territory, and tribal coalitions, community-based rape crisis centers, and other organizations across the Nation are committed to increasing public awareness of sexual violence and its prevalence, and to eliminating it through prevention and education;

Whereas important partnerships have been formed among criminal and juvenile justice agencies, health professionals, public health workers, educators, first responders, and victim service providers;

Whereas free, confidential help is available to all survivors of sexual assault through the National Sexual Assault Hotline, more than 1,000 rape crisis centers across the United States, and other organizations that provide services to assist survivors of sexual assault;

Whereas, according to a 2010 survey of rape crisis centers by the National Alliance to End Sexual Violence, 72 percent of programs have experienced a reduction in funding over the past year, 56 percent have experienced a reduction in staffing, 23 percent have a waiting list for services, and funding and staffing cuts have resulted in an overall 50 percent reduction in the provision of institutional advocacy services;

Whereas individual and collective efforts reflect the dream of the people of the United States for a nation where citizens and organizations actively work to prevent all forms of sexual violence and no sexual assault victim goes unserved or ever feels there is no path to justice; and

Whereas April is recognized as “National Sexual Assault Awareness and Prevention Month”: Now, therefore, be it
