## RESOLUTION

Designating October 30, 2010, as a national day of remembrance for nuclear weapons program workers.

Whereas, since World War II, hundreds of thousands of men and women, including uranium miners, millers, and haulers, have served the United States by building the nuclear defense weapons of the United States;

Whereas these dedicated workers paid a high price for their service to develop a nuclear weapons program for the benefit of the United States, including having developed disabling or fatal illnesses;

Whereas, in 2009, Congress recognized the contribution, service, and sacrifice these patriotic men and women made for the defense of the United States;

Whereas, in the year prior to the approval of this resolution, a national day of remembrance time capsule has been crossing the United States, collecting artifacts and the stories of the nuclear workers relating to the nuclear defense era of the United States;

Whereas these stories and artifacts reinforce the importance of recognizing these nuclear workers; and

Whereas these patriotic men and women deserve to be recognized for the contribution, service, and sacrifice they have made for the defense of the United States: Now, therefore, be it
