1   **SECTION 1. SHORT TITLE.**

2       This Act may be cited as the “Central Oregon Jobs  
3   and Water Security Act”.

4   **SEC. 2. WILD AND SCENIC RIVER; CROOKED, OREGON.**

5       Section 3(a)(72) of the Wild and Scenic Rivers Act  
6   (16 U.S.C. 1274(a)(72)) is amended as follows:

7               (1) By striking “15-mile” and inserting “14.75-  
8   mile”.

9               (2) In subparagraph (B)—

10                 (A) by striking “8-mile” and all that fol-  
11   lows through “Bowman Dam” and inserting  
12   “7.75-mile segment from a point one-quarter  
13   mile downstream from the toe of Bowman  
14   Dam”; and

15                 (B) by adding at the end the following:  
16   “The developer for any hydropower develop-  
17   ment, including turbines and appurtenant facili-  
18   ties, at Bowman Dam, in consultation with the  
19   Bureau of Land Management, shall analyze any  
20   impacts to the Outstandingly Remarkable Val-  
21   ues of the Wild and Scenic River that may be  
22   caused by such development, including the fu-  
23   ture need to undertake routine and emergency  
24   repairs, and shall propose mitigation for any  
25   impacts as part of any license application sub-

1                      mitted to the Federal Energy Regulatory Com-

3 **SEC. 3. CITY OF PRINEVILLE WATER SUPPLY.**

4                      Section 4 of the Act of August 6, 1956 (70 Stat.  
5 1058), (as amended by the Acts of September 14, 1959  
6 (73 Stat. 554), and September 18, 1964 (78 Stat. 954))  
7 is further amended as follows:

8                      (1) By striking “ten cubic feet” the first place  
9 it appears and inserting “17 cubic feet”.

10                     (2) By striking “during those months when  
11 there is no other discharge therefrom, but this re-  
12 lease may be reduced for brief temporary periods by  
13 the Secretary whenever he may find that release of

15 primary purpose of the project”.

16                     (3) By adding at the end the following: “With-  
17 out further action by the Secretary, and as deter-  
18 mined necessary for any given year by the City of

20 ond minimum release shall also serve as mitigation  
21 for City of Prineville groundwater pumping, pursu-  
22 ant to and in a manner consistent with Oregon State  
23 law, including any shaping of the release of the up  
24 to seven cubic feet per second to coincide with City  
25 of Prineville groundwater pumping as may be re-

1       quired by the State of Oregon. As such, the Sec-  
2       retary is authorized to make applications to the  
3       State of Oregon in conjunction with the City to pro-

6       minimum release that actually serves as mitigation  
7       pursuant to Oregon State law for the City in any  
8       given year, with the payment for any given year  
9       equal to the amount of mitigation in acre feet re-  
10      quired to offset actual City groundwater pumping  
11      for that year in accordance with Reclamation ‘Water  
12      and Related Contract and Repayment Principles and  
13      Requirements’, Reclamation Manual Directives and  
14      Standards PEC 05–01, dated 09/12/2006, and guid-  
15      ed by ‘Economic and Environmental Principles and  
16      Guidelines for Water and Related Land Resources  
17      Implementation Studies’, dated March 10, 1983.  
18       The Secretary is authorized to contract exclusively  
19      with the City for additional amounts in the future  
20      at the request of the City.”.

21 **SEC. 4. FIRST FILL PROTECTION.**

22       The Act of August 6, 1956 (70 Stat. 1058), as  
23      amended by the Acts of September 14, 1959 (73 Stat.  
24      554), and September 18, 1964 (78 Stat. 954), is further

10 of January 1, 2011, and up to 2,740 acre feet of  
11 water annually to supply the McKay Creek lands as  
12 provided for in section 5 of this Act.

13             “(2) Not more than 10,000 acre feet of water  
14 annually, to be made available to the North Unit Ir-  
15 rigation District pursuant to a Temporary Water

17 Unit Irrigation District, consistent with the same  
18 terms and conditions as prior such contracts be-  
19 tween the District and the Bureau of Reclamation.

20       “SEC. 7. Except as otherwise provided in this Act,  
21 nothing in this Act—

22 State of Oregon and have in the past received water  
23 pursuant to such State water rights; and

24 (4) provide the district with stored water from  
25 Prineville Reservoir for purposes of supplying up to

1       the approximately 685 acres of lands added within  
2       the district boundary and classified as irrigable  
3       under paragraphs (2) and (3), with such stored  
4       water to be supplied on an acre-per-acre basis con-
