To establish a demonstration program to facilitate physician reentry into clinical practice to provide required primary health services.

IN THE HOUSE OF REPRESENTATIVES

JUNE 1, 2012

Mr. SARBANES introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To establish a demonstration program to facilitate physician reentry into clinical practice to provide required primary health services.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Physician Reentry
5 Demonstration Program Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds as follows:

8 (1) According to the American Academy of
9 Family Physicians, the shortage of primary care
10 physicians will reach 40,000 in the next 10 years, as

1 medical schools send about half of the needed num-
2 ber of graduates into primary care medicine.

3 (2) According to the Association of American
4 Medical Colleges, the overall shortage of physicians
5 in the United States is expected to grow to nearly
6 160,000 by 2025.

7 (3) Medical schools in the United States train
8 only approximately 20,000 new physicians every
9 year.

10 (4) The Department of Health and Human
11 Services estimates that the United States needs at
12 least 16,000 more primary care physicians.

13 (5) According to a survey of 1,600 pediatricians
14 over the age of 50 conducted by the Association of
15 American Medical Colleges and the American Acad-
16 emy of Pediatrics, 22 percent of female pediatricians
17 took extended leave (6 months or more) from medi-
18 cine, compared to only 6.5 percent of male pediatri-
19 cians. Seventy-one percent of the female pediatri-
20 cians who took extended leave did so to care for a
21 child or family member.
