RESOLUTION

Expressing the sense of the House of Representatives regarding the notice signed by the Administrator of the Environmental Protection Agency Lisa Jackson on March 27, 2012, entitled “Standards of Performance for Greenhouse Gas Emissions for New Stationary Sources: Electric Utility Generating Units”.

1 *Resolved*, That it is the sense of the House of Rep-
2 representatives that—

3 (1) Americans rely on coal and the inexpensive
4 energy it provides for nearly half of our energy
5 needs;

1 (2) the proposed rule entitled “Standards of
2 Performance for Greenhouse Gas Emissions for New
3 Stationary Sources: Electric Utility Generating
4 Units” will likely lead to increased energy costs for
5 consumers, small business owners, and manufactur-
6 ers which would—

7 (A) result in the loss of American jobs;

8 (B) make American businesses less com-
9 petitive; and

10 (C) damage our Nation’s economic recov-
11 ery; and

12 (3) the Environmental Protection Agency
13 should not be setting energy policy for the Nation
14 with environmental regulations that for all practical
15 purposes dictate fuel choices for new power plants.
