A BILL

To expand the boundaries of the Gulf of the Farallones National Marine Sanctuary and the Cordell Bank National Marine Sanctuary, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

1 SECTION 1. SHORT TITLE.

- 2 This Act may be cited as the "Gulf of the Farallones
- 3 and Cordell Bank National Marine Sanctuaries Boundary

- 6 Congress finds the following:
- 7 (1) The Gulf of the Farallones extends approxi-8 mately 100 miles along the coast of Marin and 9 Sonoma Counties of northern California. It includes 10 one-half ofCalifornia's approximately 11 seabirds, rich benthic marine life on hard-rock sub-12 strate, prolific fisheries, and substantial concentra-13 tions of resident and seasonally migratory marine 14 mammals.
 - (2) Cordell Bank is adjacent to the Gulf of the Farallones and is a submerged island with spectacular, unique, and nationally significant marine environments.
 - (3) These marine environments have national and international significance, exceed the biological productivity of tropical rain forests, and support high levels of biological diversity.
 - (4) These biological communities are easily susceptible to damage from human activities, and must be properly conserved for themselves and to protect

- the economic viability of their contribution to national and regional economies.
 - (5) The Gulf of Farallones and the Cordell Bank include some of the United States richest fishing grounds and support important commercial and recreational fisheries. These fisheries are regulated by State and Federal fishery agencies and are supported and fostered through protection of the waters and habitats of Gulf of the Farallones National Marine Sanctuary and Cordell Bank National Marine Sanctuary.
 - (6) The report of the Commission on Ocean Policy established by section 3 of the Oceans Act of 2000 (Public Law 106–256; 33 U.S.C. 857–19) calls for comprehensive protection for the most productive ocean environments and recommends that they be managed as ecosystems.
 - (7) New scientific discoveries by the National Marine Sanctuary Program support comprehensive protection for these marine environments by broadening the geographic scope of the existing Gulf of the Farallones National Marine Sanctuary and the Cordell Bank National Marine Sanctuary.
 - (8) Cordell Bank is at the nexus of an ocean upwelling system, which produces the highest bio-

- 1 mass concentrations on the west coast of the United
- 2 States.

3 SEC. 3. POLICY AND PURPOSE.

- 4 (a) Policy.—It is the policy of the United States to
- 5 protect and preserve living and other resources of the Gulf
- 6 of the Farallones and Cordell Bank marine environments.
- 7 (b) Purpose.—The purposes of this Act are the fol-
- 8 lowing:
- 9 (1) To extend the boundaries of the Gulf of the
- 10 Farallones National Marine Sanctuary and the
- 11 Cordell Bank National Marine Sanctuary as de-
- scribed in section 5.
- 13 (2) To strengthen the protections that apply in
- 14 the Sanctuaries.
- 15 (3) To provide for the education and interpreta-
- tion for the public of the ecological value and na-
- tional importance of the Sanctuaries.
- 18 (4) To manage human uses of the Sanctuaries
- under this Act and the National Marine Sanctuaries
- 20 Act (16 U.S.C. 1431 et seq.).
- 21 (c) Effect on Fishing Activities.—Nothing in
- 22 this Act is intended to alter any existing authorities re-
- 23 garding the conduct and location of fishing activities in
- 24 the Sanctuaries.

from the mean high water line to the

boundary described in subparagraph (B).

- rent Cordell Bank NMS, which is coterminous
 with the current Gulf of the Farallones boundary, in a northeasterly and the northwesterly direction to its commencement point at 38.26390
 degrees north, 123.18138 degrees west. Coordinates listed in this subparagraph are based on
