

112TH CONGRESS
2D SESSION

S. 2119

To establish a pilot program to address overweight/obesity among children from birth to age 5 in child care settings and to encourage parental engagement.

IN THE SENATE OF THE UNITED STATES

FEBRUARY 16, 2012

Mr. UDALL of Colorado (for himself, Mr. CARPER, Mr. COONS, Mr. FRANKEN, and Mr. UDALL of New Mexico) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To establish a pilot program to address overweight/obesity among children from birth to age 5 in child care settings and to encourage parental engagement.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Healthy Kids from
5 Day One Act”.

6 **SEC. 2. FINDINGS AND PURPOSES.**

7 (a) FINDINGS.—Congress makes the following find-
8 ings:

1 (1) Preschool years are a critical time for deter-
2 mining whether or not an individual will develop obe-
3 sity later in life.

4 (2) The Journal of Clinical Pediatrics reports
5 that the “tipping point” in obesity often occurs be-
6 fore 2 years of age, and sometimes as early as 3
7 months, when the child is learning how much and
8 what to eat.

9 (3) Aerobic fitness and healthy eating patterns
10 support enhanced behavioral, emotional, and aca-
11 demic performance in school.

12 (4) More than 21 percent of preschool children
13 are overweight or obese.

14 (5) A 2009 preschool study found that 89 per-
15 cent of a preschooler’s day is sedentary.

16 (6) The amount of time children spend outdoors
17 is dwindling rapidly, as evidenced by studies showing
18 that children enjoy half the outdoor time they did
19 just 20 years ago. Meanwhile, children are spending
20 nearly 8 hours per day in front of electronic media.

21 (7) Studies indicate that children who are over-
22 weight at age 5 are more likely to be more over-
23 weight at age 9.

24 (8) Rates of obesity are higher for African-
25 American, Latino, Native American, and Native

1 Alaskan children than the overall population of the
2 children in the United States.

3 (9) Children who are obese have a greater like-
4 lihood of being obese in adulthood and developing
5 heart disease, diabetes, and other chronic conditions.

6 (10) In 2005, 61 percent of children from birth
7 through age 6 who were not yet in kindergarten
8 (about 12,000,000 children) received some form of
9 child care on a regular basis from persons other
10 than their parents.

11 (11) A 2008 survey by the National Association
12 of Child Care Resource and Referral Agencies re-
13 ported that 93 percent of parents thought existing
14 health and safety standards for child care should be
15 improved.

16 (12) Child care centers, family child care
17 homes, and other early learning environments should
18 serve as settings where children adopt healthy eating
19 habits and have opportunities for age appropriate
20 physical activity.

21 (13) Age-appropriate physical activity in the
22 outdoors, in particular, can produce immense phys-
23 ical, mental and emotional health benefits, including
24 addressing childhood obesity, decreasing symptoms
25 of attention deficit and hyperactivity disorder, im-

1 proving motor skills, stimulating brain development,
2 increasing creativity and quality sleep, and reducing
3 the risk of developing myopia.

4 (14) The governmental, nonprofit, and private
5 sectors came together to launch Let's Move Child
6 Care, a voluntary effort to work with child care pro-
7 viders to help children get off to a healthy start
8 through healthy eating, physical activity, and screen
9 time reduction strategies. Learning collaboratives
10 that build upon these key elements will assist pro-
11 viders and parents in giving children the foundation
12 they need for a healthy life.

13 (b) PURPOSES.—It is the purpose of this Act to—

14 (1) establish a 3-year pilot program in 5 States
15 representing a diversity of rural and urban environ-
16 ments that will support child care collaboratives de-
17 signed to reduce the prevalence of overweight/obesity
18 among children from birth to age 5 in child care set-
19 tings through dissemination of available tools and
20 curricula and implementation of emerging best prac-
21 tices;

22 (2) enhance the focus of child care centers and
23 family child care homes serving the population of
24 children from birth to age 5 on the healthy develop-
25 ment of children through evidence-based or data-in-

1 formed policies and practices to improve healthy eat-
 2 ing, physical activity, and screen time limits; and

3 (3) upon completion of the 3-year period, termi-
 4 nate the pilot program and disseminate the best
 5 practices and lessons learned from the pilot program
 6 through other systems, programs, or partnerships.

7 **SEC. 3. HEALTHY KIDS PROGRAM.**

8 Title III of the Public Health Service Act (42 U.S.C.
 9 241 et seq.) is amended by adding at the end the fol-
 10 lowing:

11 **“PART W—HEALTHY KIDS PROGRAM**

12 **“SEC. 3990O. DEFINITIONS.**

13 “In this part:

14 “(1) CHILD CARE CENTER.—The term ‘child
 15 care center’ means a center licensed or otherwise au-
 16 thorized to provide child care and services for fewer
 17 than 24 hours per day per child in a non-residential
 18 setting, unless care in excess of 24 hours is due to
 19 the nature of the parents’ work.

20 “(2) EARLY LEARNING COUNCIL.—The term
 21 ‘early learning council’ means an early childhood as-
 22 sembly that is established to advise governors, State
 23 legislators, or State agency administrators on how
 24 best to meet the needs of young children and their

1 families specifically through improvement of pro-
 2 grams and services.

3 “(3) FAMILY CHILD CARE HOME.—The term
 4 ‘family child care home’ means a private family
 5 home where home-based child care is provided for a
 6 portion of the day, unless care in excess of 24 hours
 7 is due to the nature of the parents’ work, and that
 8 is certified, registered, or licensed in the State in
 9 which it is located.

10 “(4) SCREEN TIME LIMITS.—The term ‘screen
 11 time limits’ means policies or guidelines, such as
 12 those developed by the American Academy of Pediat-
 13 rics, designed to reduce the daily amount of time
 14 that children spend watching or looking at digital
 15 monitors or displays, including television sets, com-
 16 puter monitors, or hand-held gaming devices.

17 “(5) STATE.—Notwithstanding section 2(f), the
 18 term ‘State’ means—

19 “(A) each of the several States;

20 “(B) the District of Columbia;

21 “(C) an Indian tribe or tribal organization;

22 “(D) the Commonwealth of Puerto Rico;

23 and

24 “(E) any other territory or possession of
 25 the United States.

1 **“SEC. 39900-1. GRANTS.**

2 “(a) IN GENERAL.—

3 “(1) IN GENERAL.—The Secretary, in consulta-
 4 tion with appropriate entities within the Department
 5 of Health and Human Services, shall award 3-year
 6 competitive grants to 5 eligible entities to help re-
 7 duce and prevent obesity among the population of
 8 children from birth to age 5 in a State and to en-
 9 courage parental engagement in child care settings
 10 outside a child’s place of residence.

11 “(2) ELIGIBLE ENTITIES.—To be an eligible
 12 entity under paragraph (1), an entity shall be—

13 “(A) a State health department (or other
 14 appropriate child care licensing entities within
 15 such State); or

16 “(B) a nonprofit organization or a partner-
 17 ship of nonprofit organizations with expertise in
 18 the healthy development of children.

19 “(b) USE OF FUNDS.—

20 “(1) IN GENERAL.—Grantees shall use amounts
 21 received under a grant under this subsection—

22 “(A)(i) to establish one or more child care
 23 collaboratives consisting of the center director
 24 and staff members from multiple child care
 25 sites and family child care homes;

“(ii) in the case of a State grantee, to contract with a nonprofit organization in the State with expertise in the healthy development of children to establish the collaborative or collaboratives; or

“(iii) to provide funding to an entity that routinely trains child care providers to establish the collaborative or collaboratives; and

“(B) to provide or contract with the organizer of the collaborative or collaboratives to provide—

“(i) technical assistance, including on-site assistance when appropriate, to the child care providers participating in the collaborative;

“(ii) a compilation of best practices, strategies, and lessons learned from the collaborative, to be reported annually to the Secretary; and

“(iii) a plan to ensure that the collaborative will be sustainable, without additional Federal funding, upon the conclusion of the 3-year pilot program.

“(2) COLLABORATIVES.—Each collaborative established under clause (i), (ii), or (iii) of paragraph

(1)(A) shall share best practices, strategies, and techniques for successfully implementing evidence-based or data-informed policies and practices relating to healthy eating, physical activity, parental engagement, and other topics, such as breastfeeding, relating to the healthy development of children, using available curricula, tools, and other interventions.

“(3) CONTENT OF PLAN.—The plan described under paragraph (1)(B)(iii) may include the incorporation of the best practices, strategies, and techniques described in paragraph (2) into the training and professional development for child care providers in the State or other approaches determined appropriate by the State and the Secretary.

“(c) COLLABORATIVE TRAINING REQUIREMENTS.—

“(1) IN GENERAL.—Collaboratives shall incorporate no less than 5 and no more than 10 daylong, interactive training sessions each year and ongoing technical assistance to the child care providers participating in the collaborative that include—

“(A) the provision and discussion of information concerning implementation by the child care providers of age-appropriate healthy eating and physical activity interventions, using avail-

1 able tools and culturally competent curricula for
2 population of children from birth to age 5 in
3 the State involved, which at a minimum shall
4 include—

5 “(i) a handbook that includes rec-
6 ommendations, guidelines, and best prac-
7 tices for child care centers and family child
8 care homes relating to healthy eating,
9 physical activity, and screen time reduc-
10 tion;

11 “(ii) information about the availability
12 of and services provided by child care
13 health consultants; and

14 “(iii) health and wellness resources
15 available through the Child Care Bureau,
16 the Maternal and Child Health Bureau,
17 Let’s Move Child Care, and the Food and
18 Nutrition Service of the Department of
19 Agriculture;

20 “(B) the identification, improvement upon,
21 and expansion of nutrition and physical activity
22 best practices targeted to the population of chil-
23 dren from birth to age 5 in the State involved
24 and the identification of strategies for incor-

1 porating parental education and other parental
2 engagement;

3 “(C) the identification of strategies and
4 techniques for overcoming barriers to healthy
5 eating, physical activity, and parental engage-
6 ment; and

7 “(D) the provision of instruction and dis-
8 cussion of techniques used to appropriately
9 model, direct, and encourage child care staff be-
10 havior to apply the best practices and strategies
11 identified under subparagraphs (B) and (C).

12 “(d) PRACTICE, CURRICULA, AND POLICY
13 CHANGES.—A grantee shall ensure that the participants
14 involved in the collaborative, on an ongoing basis—

15 “(1) implement policy changes that promote
16 healthy eating, physical activity, and appropriate
17 screen time limits among the population of children
18 from birth to age 5;

19 “(2) utilize a culturally competent healthy eat-
20 ing and physical activity curriculum focusing on
21 such population of children from birth to age 5;

22 “(3) implement programs, activities, and proce-
23 dures for incorporating parental education and en-
24 gagement of parents in programs; and

1 “(4) implement innovative ways to remove bar-
2 riers that exist to providing opportunities for healthy
3 eating and physical activity.

4 All activities described in this subsection shall be evidence-
5 based and data-informed and be consistent with the cur-
6 riculum presented through training activities described in
7 subsection (c).

8 **“SEC. 39900-2. GRANTS FOR THE EVALUATION OF PILOT**
9 **PROGRAMS.**

10 “The Secretary shall award competitive grants to
11 Prevention Research Centers, universities, or other appro-
12 priate entities to evaluate the programs carried out with
13 grants under section 39900-1, including baseline, proc-
14 ess, and outcome measurements.

15 **“SEC. 39900-3. COORDINATION.**

16 “(a) INTERAGENCY COORDINATION.—To the extent
17 practicable, the Secretary shall coordinate activities con-
18 ducted under this part with activities undertaken by the
19 National Prevention, Health Promotion and Public Health
20 Council established under section 4001 of the Patient Pro-
21 tection and Affordable Care Act.

22 “(b) PILOT COORDINATION.—The Secretary shall
23 designate an entity (directly or through contract) to pro-
24 vide technical assistance to States and pilot centers in the
25 coordination of activities as described in subsection (a).

1 **“SEC. 39900–4. TECHNICAL ASSISTANCE, EVALUATION, AND**
2 **REPORTING.**

3 “(a) TECHNICAL ASSISTANCE AND INFORMATION.—

4 The Secretary shall—

5 “(1) provide technical assistance to grantees
6 and other entities providing training under a grant
7 under section 39900–1; and

8 “(2) disseminate to grantees information con-
9 cerning evidence-based or data-informed approaches,
10 including dissemination of available tools, curricula,
11 and available or emerging best practices that can be
12 expanded or improved upon through the pilot pro-
13 gram conducted under section 39900–1.

14 “(b) EVALUATION REQUIREMENTS.—With respect to
15 evaluations conducted under section 39900–2, the Sec-
16 retary shall ensure that—

17 “(1) evaluation metrics are consistent across all
18 programs funded under this part;

19 “(2) interim outcomes are measured by the
20 number of centers that adopt policies to increase
21 healthy eating and physical activity and reduce
22 screen time;

23 “(3) interim outcomes are measured, to the ex-
24 tent practicable, by changes in foods served, oppor-
25 tunities for physical activity, and screen time in the

1 child care participants in the collaboratives estab-
2 lished under section 39900–1; and

3 “(4) upon completion of the pilot program
4 under section 39900–1, the evaluation shall include
5 an identification of policies, best practices, and
6 strategies to improve healthy eating, physical activ-
7 ity, screen time limits, and parental engagement
8 that could be replicated in other child care settings.

9 “(c) DISSEMINATION OF INFORMATION.—Upon the
10 conclusion of the pilot program under section 39900–1,
11 the Secretary shall disseminate to all appropriate agencies
12 within the Department of Health and Human Services evi-
13 dence, strategies, best practices, and lessons learned from
14 grantees. Such agencies shall encourage the utilization of
15 best practices through Federal programs and other appro-
16 priate methods.

17 “(d) REPORT TO CONGRESS.—Not later than 180
18 days after the completion of the pilot program under sec-
19 tion 39900–1, the Secretary shall submit to Congress a
20 report concerning the evaluation of the pilot program, in-
21 cluding recommendations as to how lessons learned from
22 such programs can be incorporated into future guidance
23 documents developed and provided by the Secretary and
24 other Federal agencies, as well as Federal programs, as
25 appropriate.

1 **“SEC. 39900–5. AUTHORIZATION OF APPROPRIATIONS.**

2 “*There is authorized to be appropriated to carry out*
3 *this part, \$1,500,000 for each of fiscal years 2012, 2013,*
4 *and 2014.*”.

○
