# A BILL

To amend the Securities Exchange Act of 1934 to require shareholder authorization before a public company may make certain political expenditures, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*

2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Shareholder Protection

5       Act of 2013”.

1   **SEC. 2. FINDINGS.**

2       Congress finds the following:

3           (1) Corporations make significant political con-  
4       tributions and expenditures that directly or indi-  
5       rectly influence the election of candidates and sup-  
6       port or oppose political causes. Decisions to use cor-  
7       porate funds for political contributions and expendi-  
8       tures are usually made by corporate boards and ex-  
9       ecutives, rather than shareholders.

10          (2) Corporations, acting through their boards  
11       and executives, are obligated to conduct business for  
12       the best interests of their owners, the shareholders.

13          (3) Historically, shareholders have not had a  
14       way to know, or to influence, the political activities  
15       of corporations they own. Shareholders and the pub-  
16       lic have a right to know how corporations are spend-  
17       ing their funds to make political contributions and  
18       expenditures benefitting candidates, political parties,  
19       and political causes.

20          (4) Corporations should be accountable to their  
21       shareholders in making political contributions or ex-  
22       penditures affecting Federal governance and public  
23       policy. Requiring the express approval of a corpora-  
24       tion's shareholders prior to making political con-  
25       tributions or expenditures will establish necessary  
26       accountability.
