A BILL

To direct the Secretary of the Interior to take lands and mineral rights on the reservation of the Northern Cheyenne Tribe of Montana and other culturally important lands into trust, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 *This Act may be cited as the “Northern Cheyenne*
5 *Lands Act”.*

6 **SEC. 2. FINDINGS.**

7 *Congress finds the following:*

8 (1) *The Northern Cheyenne Tribe has depended*
9 *on its lands and land-based resources to support its*
10 *way of life since time immemorial.*

11 (2) *The Tribe has made supreme and historic*
12 *sacrifices to reposess and maintain its homeland, in-*
13 *cluding its Reservation in Montana.*

14 (3) *The Tribe currently suffers from tremendous*
15 *social and economic challenges, including a lack of*
16 *employment opportunities on the Reservation, which*
17 *can be improved by strengthening its control over its*
18 *land base, natural resources, and trust funds.*

19 (4) *The Tribe and its members are currently the*
20 *beneficial owners of over 95 percent of the surface*
21 *lands on the Northern Cheyenne Reservation and all*
22 *but approximately 5,000 subsurface acres of the Res-*
23 *ervation.*

24 (5) *The Tribe seeks to obtain ownership of ap-*
25 *proximately 5,000 subsurface acres on its Reservation*

1 *it does not own because of an error by the United
2 States to secure that subsurface when the Reservation
3 was expanded in 1900.*

4 *(6) In 2002, the Tribe agreed by settlement to
5 dismiss its lawsuit against the United States, which
6 alleged that the United States failed to protect the
7 Reservation from the impacts of coal development, in
8 return for assistance in securing tribal ownership of
9 those subsurface rights substantially in the form of
10 this Act, and to secure mitigation funding to address
11 the impacts of coal development in areas adjacent to
12 the Reservation, among other conditions.*

13 *(7) To increase tribal ownership of the surface
14 lands, the Tribe has purchased approximately 932
15 acres of land within its Reservation that were taken
16 out of trust ownership status for various reasons.*

17 *(8) The Tribe has purchased approximately 635
18 acres of land near Bear Butte, South Dakota, which
19 the Tribe considers sacred ground for its members, as
20 well as for members of other tribes.*

21 *(9) The Tribe now seeks to have the aforemen-
22 tioned lands and subsurface within the Reservation
23 and Bear Butte lands taken into trust on its behalf
24 by the United States.*

1 (10) *If the actions authorized by this Act are
2 completed, the Tribe will waive all legal claims
3 against the United States arising out of the long-
4 standing loss of the subsurface rights and arising out
5 of the United States management of the Northern
6 Cheyenne Trust Fund.*

7 **SEC. 3. DEFINITIONS.**
