

113TH CONGRESS
2D SESSION

H. RES. 691

Supporting the goals and ideals of National Community Gardening Awareness Month.

IN THE HOUSE OF REPRESENTATIVES

JULY 25, 2014

Ms. MATSUI (for herself, Ms. MCCOLLUM, Ms. NORTON, Mr. MORAN, Ms. PINGREE of Maine, Mr. MCGOVERN, Mr. BLUMENAUER, and Ms. LEE of California) submitted the following resolution; which was referred to the Committee on Oversight and Government Reform

RESOLUTION

Supporting the goals and ideals of National Community Gardening Awareness Month.

Whereas countless American families live with hunger every day;

Whereas countless American families do not have access to fresh produce in their neighborhoods;

Whereas community gardens conserve limited resources and promote sustainability;

Whereas community gardens provide an important and nutritious source of fresh produce donations for local food pantries and social service agencies;

Whereas community gardens enable individuals to gain control over the quality, variety, and cost of their food supply;

Whereas community gardening encourages Americans of diverse cultural and economic backgrounds to work together, foster a better sense of community, and improve the quality of their lives;

Whereas community-based youth and school gardening programs encourage personal self-esteem and a healthy attitude toward learning;

Whereas community gardening and greening projects provide a catalyst for neighborhood and community development;

Whereas community gardens reduce city heat and preserve open spaces for both present and future generations;

Whereas community gardens and other green spaces provide a more livable environment in American municipalities and present a positive local image to a community's residents and visitors; and

Whereas August is an appropriate month to designate as National Community Gardening Awareness Month: Now, therefore, be it

1 *Resolved*, That the House of Representatives supports
2 the goals and ideals of National Community Gardening
3 Awareness Month, including—

4 (1) raising awareness about the importance of
5 community gardens and urban agriculture;

6 (2) improving access to public land for the cre-
7 ation of sustainable food projects;

1 (3) encouraging further growth of community
2 gardens and other opportunities that increase food
3 self-reliance, improve fitness, contribute to a cleaner
4 environment, and enhance community development;
5 and

6 (4) supporting cooperative efforts among Fed-
7 eral, State, and local governments and nonprofit or-
8 ganizations to promote the development and expan-
9 sion of community gardens and to increase their ac-
10 cessibility to disadvantaged population groups.
