

113TH CONGRESS
2D SESSION

H. RES. 733

Expressing support for designation of the month of September as “Clinical Research Innovation Month”.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 17, 2014

Mr. PETERS of California (for himself, Mr. VARGAS, Ms. MATSUI, and Ms. BASS) submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing support for designation of the month of September as “Clinical Research Innovation Month”.

Whereas Clinical Research Organizations (CROs) provide specially designed services which are fundamental to the development of drugs, biologics, and medical devices that improve the general health and well-being of the people of the United States;

Whereas CROs have more than doubled in size over the past decade;

Whereas the number of studies conducted by CROs has increased by over 500 percent over the past 8 years;

Whereas CROs conduct 80 percent of the experimental research for innovative new drugs;

Whereas CROs contribute more than 100,000 professional research jobs to the global innovation economy;

Whereas these cutting-edge research organizations undertake approximately two-thirds of business activity for biopharmaceutical development, demonstrating their critical involvement in the pharmaceutical, biotech, and medical device industries;

Whereas of the 88 new drugs to receive Food and Drug Administration and Emergency Medical Associates approval last year, 85 of them were manufactured by CROs;

Whereas CROs research medical solutions to combat diseases such as breast cancer, Alzheimer’s Disease, hepatitis, diabetes, asthma, and hypertension;

Whereas CROs have conducted thousands of clinical trials involving over 1,000,000 patients as they strive to tackle the world’s most pressing medical issues through innovative clinical research; and

Whereas the month of September would be an appropriate time to designate as “Clinical Research Innovation Month”: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) supports the designation of “Clinical Research Innovation Month”;

3 (2) recognizes the considerable contributions of
4 Clinical Research Organizations to the United
5 States; and

6 (3) honors these organizations, which will continue to inspire innovation in future generations.
