

114TH CONGRESS
1ST SESSION

H. R. 3252

To provide grants to eligible entities to develop and maintain or improve and expand before school, afterschool, and summer school programs for Indian and Alaska Native students, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JULY 28, 2015

Mrs. KIRKPATRICK introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To provide grants to eligible entities to develop and maintain or improve and expand before school, afterschool, and summer school programs for Indian and Alaska Native students, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Extracurricular Pro-
5 grams for Indian Children Act of 2015”.

6 **SEC. 2. FINDINGS.**

7 Congress finds that:

1 (1) The United States has a distinct legal, trea-
2 ty, and trust obligation to provide for the education,
3 healthcare, safety, social welfare, and other needs of
4 Native children.

5 (2) Native children are the most at-risk popu-
6 lation in the United States, confronting serious dis-
7 parities in education, health, and safety, with 37
8 percent of Native children living in poverty.

9 (3) Teens who do not participate in those pro-
10 grams are nearly 3 times more likely to use mari-
11 juana or other drugs, and more likely to drink alco-
12 hol. 22.9 percent of Native children aged 12 and
13 older report alcohol use, 16 percent report substance
14 dependence or abuse, 35.8 percent report tobacco
15 use, and 12.5 percent report illicit drug use.

16 (4) Protective factors against youth suicide in-
17 clude opportunities to participate in and contribute
18 to school and/or community projects/activities. Sui-
19 cide is the second leading cause of death of Native
20 youth aged 15 through 24 at a rate of 2.5 percent—
21 this is twice the national rate of non-Native youth
22 of the same age.

23 (5) Nationally, American Indian and Alaska
24 Native students have the lowest college enrollment
25 rates. At-risk youth who have a mentor are more

1 likely to pursue higher education after high school in
2 a four-year, two-year, or vocational program than
3 their at-risk peers who do not have a mentor (45
4 percent compared to 29 percent).

5 (6) Students who are engaged in extra-
6 curricular (afterschool and summer learning) activi-
7 ties have better attendance records, higher levels of
8 academic achievement, and more interest in pur-
9 suing higher education after graduation.

10 **SEC. 3. PURPOSE.**

11 (a) IN GENERAL.—The purpose of this Act is to es-
12 tablish a grant program for Indian tribes and eligible trib-

16 students;

17 (2) to provide access to mentors and resources
18 that promote emotional and mental resilience in Na-
19 tive youth;

20 (3) to ensure Native children receive consistent
21 access to nutritional meals; and

22 (4) to increase the availability of safe and usa-
23 ble educational infrastructures in Native commu-
24 nities and on tribal land.

1 (b) PURPOSE OF GRANTS.—The funds awarded
2 under the grant program established under section 366
3 of the Consolidated Farm and Rural Development Act (as
4 added by section 4(a)) shall be used for—

5 (1) culturally appropriate before school, after-
6 school, and summer school programs that include ac-
7 tivities designed to reinforce and complement the
8 academic program of participating students, such
9 as—

10 (A) development and extracurricular activi-
11 ties; and

12 (B) programs relating to—

13 (i) substance abuse and violence pre-
14 vention;

16 (iii) physical fitness and wellness;

17 (iv) Native culture and language;
