S. 3132

To direct the Secretary of Veterans Affairs to carry out a pilot program to provide service dogs to certain veterans with severe post-traumatic stress disorder.

IN THE SENATE OF THE UNITED STATES

JULY 6, 2016

Mrs. FISCHER (for herself and Mr. BOOKER) introduced the following bill;
which was read twice and referred to the Committee on Veterans' Affairs

A BILL

To direct the Secretary of Veterans Affairs to carry out a pilot program to provide service dogs to certain veterans with severe post-traumatic stress disorder.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Puppies Assisting
5 Wounded Servicemembers (PAWS) Act of 2016”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) An estimated 14 percent of members of the
9 Armed Forces returning from active duty service in

support of Operation Iraqi Freedom or Operation Enduring Freedom suffer from post-traumatic stress disorder.

(2) The resulting hyperstimulation of the fight-flight-freeze response associated with post-traumatic stress disorder poses a threat to the successful societal reintegration of such members of the Armed Forces.

(3) Animals such as dogs can buffer this stress response when humans fail to provide social support.

(4) Interaction with dogs has been shown to modulate symptoms of post-traumatic stress disorder, such as anxiety, including fear response and hyperarousal, interpersonal difficulties, social isolation, physical pain, and sleep disturbances.

SEC. 3. PILOT PROGRAM ON PROVISION BY DEPARTMENT OF VETERANS AFFAIRS OF SERVICE DOGS TO CERTAIN VETERANS WITH SEVERE POST-TRAUMATIC STRESS DISORDER.
