2D SESSION

S. RES. 591

Designating the week of October 9 through October 15, 2016, as “National Case Management Week” to recognize the role of case management in improving health care outcomes for patients.

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 29, 2016

Mr. BOOZMAN (for himself, Mrs. FEINSTEIN, and Mr. COTTON) submitted the following resolution; which was considered and agreed to

RESOLUTION

Designating the week of October 9 through October 15, 2016, as “National Case Management Week” to recognize the role of case management in improving health care outcomes for patients.

Whereas case management is a collaborative process of assessment, education, planning, facilitation, care coordination, evaluation, and advocacy;

Whereas the goal of case management is to meet the health needs of the patient and the family of the patient, while respecting and assuring the right of the patient to self-determination through communication and other available resources in order to promote high-quality, cost-effective outcomes;

Whereas case managers are advocates who help patients understand their current health status, guide patients on ways to improve their health, and provide cohesion with other professionals on the health care delivery team;

Whereas the American Case Management Association and the Case Management Society of America work diligently to raise awareness about the broad range of services that case managers offer and to educate providers, payers, regulators, and consumers on the improved patient outcomes that case management services can provide;

Whereas through National Case Management Week, the American Case Management Association and the Case Management Society of America aim to continue to educate providers, payers, regulators, and consumers about how vital case managers are to the successful delivery of health care;

Whereas the American Case Management Association and the Case Management Society of America will celebrate National Case Management Week during the week of October 9 through October 15, 2016, in order to recognize case managers as an essential link to patients receiving quality health care; and

Whereas it is appropriate to recognize the many achievements of case managers in improving health care outcomes:
Now, therefore, be it
