## A BILL

To amend the Internal Revenue Code of 1986 to increase the excise tax on gasoline, diesel, and kerosene fuels.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Raise And Index to  
5       Sustainably and Efficiently Invest in Transportation Act  
6       of 2017” or the “RAISE IT Act”.

7       **SEC. 2. FINDINGS; SENSE OF CONGRESS.**

8       (a) FINDINGS.—The Congress finds the following:

1                             (1) Since the passage of SAFETEA-LU, Con-  
2 gress has transferred over \$140 billion from the  
3 General Fund to the Highway Trust Fund, in order  
4 to maintain solvency.

5                             (2) The Congressional Budget Office estimates  
6 after the end of Fiscal year 2021, annual General  
7 Fund transfers of over \$20 billion will be necessary  
8 in order to maintain current Highway Trust Fund  
9 spending levels.

10                           (3) The American Society for Civil Engineers  
11 estimates that in order to meet our economic and  
12 transportation needs, the United States should in-  
13 vest an additional \$1.1 trillion in our surface trans-  
14 portation system by 2025.

15                           (4) The National Commission on Fiscal Reform  
16 and Responsibility report, often referred to as the  
17 “Simpson-Bowles” plan, includes a recommendation  
18 to raise the gas tax by fifteen cents.

19                           (5) The National Surface Transportation Infra-  
20 structure Financing Commission recommended, in  
21 their 2009 report, that Congress take action to pre-  
22 vent the Highway Trust Fund from becoming insol-  
23 vent, and to avoid any reductions in infrastructure  
24 spending. The Commission also noted that a Federal

1 funding system based on a vehicle miles traveled sys-  
2 tem, is the consensus choice for the future.

3 (6) Nine different states raised gas taxes to  
4 generate transportation revenue in 2015 and 2016.

5 (b) SENSE OF CONGRESS REGARDING REPLACEMENT  
6 OF GAS TAX.—It is the sense of Congress that by 2027  
7 the gas tax should be repealed and replaced with a more  
8 sustainable, stable funding source.

9 **SEC. 3. TAX ON MOTOR FUELS.**

10 (a) GASOLINE OTHER THAN AVIATION GASOLINE.—  
11 Section 4081(a)(2)(A)(i) of the Internal Revenue Code of
