

115TH CONGRESS
1ST SESSION

H. R. 4297

To amend title XVIII of the Social Security Act to provide information regarding vaccines for seniors as part of the Medicare & You handbook and to ensure that the treatment of cost sharing for vaccines under Medicare part D is consistent with the treatment of vaccines under Medicare part B, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

NOVEMBER 8, 2017

Mr. BUCSHON (for himself and Mr. GENE GREEN of Texas) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To amend title XVIII of the Social Security Act to provide information regarding vaccines for seniors as part of the Medicare & You handbook and to ensure that the treatment of cost sharing for vaccines under Medicare part D is consistent with the treatment of vaccines under Medicare part B, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Protecting Seniors
3 Through Immunization Act of 2017”.

4 **SEC. 2. FINDINGS.**

5 Congress makes the following findings:

6 (1) Herpes zoster, also known as shingles, is
7 caused by the reactivation of the varicella-zoster
8 virus that causes chickenpox in childhood. The virus
9 can reactivate later in life, resulting in a painful,
10 itchy rash that can persist for weeks, months, or
11 years. Not only does the risk of herpes zoster itself
12 increase with age, but, among individuals who expe-
13 rience herpes zoster, older individuals are much
14 more likely to experience postherpetic neuralgia non-
15 pain complications, hospitalizations, and interference
16 with activities of daily living, such as eating, dress-
17 ing, and bathing.

18 (2) Postherpetic neuralgia, a complication of
19 shingles, occurs rarely among individuals under age
20 40 but can occur in up to 1/3 of untreated individ-
21 uals age 60 and older.

22 (3) The Food and Drug Administration ap-
23 proved the herpes zoster vaccine for individuals age
24 50 and older. The Advisory Committee on Immuni-
25 zation Practices presently recommends the herpes
26 zoster vaccine for all individuals age 60 and older.

1 (4) The Healthy People 2020 target baseline
2 for the herpes zoster vaccine is 30 percent coverage
3 for individuals age 60 and over. This benchmark is
4 unfortunately low compared to that of other adult
5 vaccines such as influenza (70 percent) and pneumo-
6 coccal disease (60 percent). Even at such a low tar-
7 get, the coverage rate is not being met. The Centers
8 for Disease Control and Prevention reported that in
9 2014, only 28 percent of adults age 60 and older re-
10 ported receiving the herpes zoster vaccine.

11 (5) According to the 2014 National Health
12 Interview Survey of the Centers for Disease Control
13 and Prevention, vaccination rates for adults are 20
14 percent for Tetanus, Diphtheria, and Pertussis, 28
15 percent for shingles, 24 percent for Hepatitis B, and
16 61 percent for pneumonia. There are also disparities
17 across adult vaccination rates. Adult immunization
18 rates are generally lower among Hispanics, African
19 Americans, and Asians.

20 (6) Medicare coverage for the herpes zoster vac-
21 cine under the Prescription Drug Program under
22 part D of title XVIII of the Social Security Act has
23 resulted in many barriers to optimal and consistent
24 uptake to prevent shingles and its costly and painful
25 complications.

1 (7) Lack of awareness and logistical and financial challenges are the most often cited reasons for
2 Medicare beneficiaries not being immunized against
3 the varicella-zoster virus.

5 (8) Herpes zoster is estimated to account for
6 more than 87,000 emergency room visits and 28,000
7 inpatient admissions each year. Average costs across
8 the episode of care were \$1,835 and \$14,428 per patient
9 in the outpatient and inpatient settings, respectively.

11 **SEC. 3. PROVISION OF INFORMATION REGARDING VAC-**
12 **CINES FOR SENIORS AS PART OF MEDICARE**
13 **& YOU HANDBOOK AND COVERAGE OF THE**
14 **SHINGLES VACCINE UNDER MEDICARE PART**
15 **D.**

16 (a) PROVISION OF INFORMATION REGARDING VAC-
17 CINES FOR SENIORS AS PART OF MEDICARE & YOU
18 HANDBOOK.—

19 (1) IN GENERAL.—Section 1804 of the Social
20 Security Act (42 U.S.C. 1395b–2) is amended—
21 (A) in subsection (a)(1), by inserting “, including information with respect to coverage of
22 vaccines for seniors described in subsection (d)”
23 before the comma at the end; and

(B) by adding at the end the following new subsection:

3 “(d) The notice provided under subsection (a) shall
4 include information with respect to vaccines for seniors,
5 including information with respect to coverage of the shin-
6 gles vaccine under part D for individuals enrolled in a pre-
7 scription drug plan under such part.”.

13 (b) COVERAGE OF THE SHINGLES VACCINE UNDER
14 MEDICARE PART D.—

21 “(vi) For plan years beginning on or
22 after January 1 of the first year beginning
23 more than 60 days after the date of the
24 enactment of this clause, information re-

1 garding access to the shingles vaccine with
2 no cost sharing under the plan.”.

3 (2) ENSURING TREATMENT OF COST SHARING
4 IS CONSISTENT WITH TREATMENT OF VACCINES
5 UNDER MEDICARE PART B.—Section 1860D–2(b) of
6 the Social Security Act (42 U.S.C. 1395w–102(b)) is
7 amended—

8 (A) in paragraph (1)(A), by striking “The
9 coverage” and inserting “Subject to paragraph
10 (8), the coverage”;

11 (B) in paragraph (2)(A), by striking “and
12 (D)” and inserting “and (D) and paragraph
13 (8)”;

14 (C) in paragraph (3)(A), by striking “and
15 (4)” and inserting “(4), and (8)”;

16 (D) in paragraph (4)(A)(i), by striking
17 “The coverage” and inserting “Subject to para-
18 graph (8), the coverage”; and

19 (E) by adding at the end the following new
20 paragraph:

21 “(8) TREATMENT OF COST SHARING FOR SHIN-
22 GLES VACCINE CONSISTENT WITH TREATMENT OF
23 VACCINES UNDER PART B.—For plan years begin-
24 ning on or after January 1 of the first year begin-

1 ning more than 60 days after the date of the enact-
2 ment of this paragraph:

3 “(A) NO APPLICATION OF DEDUCTIBLE.—

4 The deductible under paragraph (1) shall not
5 apply with respect to the shingles vaccine.

6 “(B) NO APPLICATION OF COINSUR-
7 ANCE.—There shall be no coinsurance under
8 paragraph (2) with respect to the shingles vac-
9 cine.

10 “(C) NO APPLICATION OF INITIAL COV-
11 ERAGE LIMIT.—The initial coverage limit under
12 paragraph (3) shall not apply with respect to
13 the shingles vaccine.

14 “(D) NO COST SHARING ABOVE ANNUAL
15 OUT-OF-POCKET THRESHOLD.—There shall be
16 no cost sharing under paragraph (4) with re-
17 spect to the shingles vaccine.”.

18 (3) CONFORMING AMENDMENTS TO COST SHAR-
19 ING FOR LOW-INCOME INDIVIDUALS.—Section
20 1860D–14(a) of the Social Security Act (42 U.S.C.
21 1395w–114(a)) is amended—

22 (A) in paragraph (1)(D), in each of clauses
23 (ii) and (iii), by striking “In the case” and in-
24 serting “Subject to paragraph (6), in the case”;

25 (B) in paragraph (2)—

9 “(6) NO APPLICATION OF COST SHARING FOR
10 SHINGLES VACCINE.—Consistent with section
11 1860D–2(b)(8), for plan years beginning on or after
12 January 1 of the first year beginning more than 60
13 days after the date of the enactment of this para-
14 graph, there shall be no cost sharing under this sec-
15 tion with respect to the shingles vaccine.”.

16 (c) STUDY AND REPORT.—

1 diseases as respiratory syncytial virus, clostridium
2 difficile, and others. Such study shall include an
3 analysis of ways to—

4 (A) increase the baseline target rate of
5 coverage for currently recommended vaccines,
6 such as herpes zoster vaccine coverage in the
7 Healthy People 2030 goals;

8 (B) ensure that the baseline target focuses
9 on reducing racial and socio-economic dispari-
10 ties in the vaccine coverage rates for all adult
11 vaccines, including the herpes zoster vaccine;
12 and

13 (C) help facilitate vaccination for Medicare
14 beneficiaries for vaccines recommended by the
15 Centers for Disease Control and Prevention
16 both currently and in the future, by developing
17 and evaluating a specific set of actions that will
18 address physician and health care provider ad-
19 ministrative challenges, such as difficulty
20 verifying beneficiary coverage and complexity of
21 physician office billing of vaccines covered
22 under Medicare part D, that impact access for
23 beneficiaries.

24 (2) REPORT.—Not later than 2 years after the
25 date of enactment of this Act, the Secretary shall

1 submit to Congress a report containing the results
2 of the study under paragraph (1), together with rec-
3 ommendations for such legislation and administra-
4 tive action as the Secretary determines appropriate.
