

115TH CONGRESS
2D SESSION

H. R. 6058

To direct the Secretary of Transportation to make grants for the establishment of pilot programs to advance high-definition road mapping in order to further the safe deployment of highly automated vehicles.

IN THE HOUSE OF REPRESENTATIVES

JUNE 8, 2018

Mr. LOEBSACK introduced the following bill; which was referred to the Committee on Transportation and Infrastructure

A BILL

To direct the Secretary of Transportation to make grants for the establishment of pilot programs to advance high-definition road mapping in order to further the safe deployment of highly automated vehicles.

1 *Be it enacted by the Senate and House of Representa-*

2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “21st Century Auto-

5 mated Vehicle Safety Act of 2018”.

1 SEC. 2. GRANTS FOR ESTABLISHMENT OF HIGH-DEFINI-

2 TION ROAD MAPPING PILOT PROGRAMS.

3 (a) IN GENERAL.—The Secretary of Transportation
4 shall make grants on a competitive basis to eligible entities
5 for such entities to establish pilot programs to advance
6 high-definition road mapping in order to further the safe
7 deployment of highly automated vehicles.

8 (b) ELIGIBILITY.—The Secretary may only award a
9 grant under this section to an eligible entity that—

10 (1) submits an application at such time, in such
11 form, and with such information and assurances as
12 the Secretary may require;

13 (2) has the ability to—

14 (A) integrate high-definition road mapping
15 data into a human-in-the-loop, motion-based
16 driving simulator that—

17 (i) has a 360-degree field of view;

18 (ii) has the ability to simultaneously
19 perform sustained acceleration and braking
20 combined with multiple lane changes to re-
21 alistically recreate the experience of driving
22 a vehicle; and

23 (iii) has interchangeable physical vehi-
24 cle cabs to support testing with light and
25 heavy vehicles;

(B) integrate high-definition road mapping data into highly automated vehicles operated on public roads or highways; and

(C) use a facility that has been designated as an Automated Vehicle Proving Ground by the Secretary; and

(3) has a demonstrated history of working with the Department of Transportation or a State department of transportation on high-definition road mapping.

(c) USE OF FUNDS.—

(1) PILOT PROGRAM.—An eligible entity that is awarded a grant under this section shall use the grant funds to conduct a pilot program to carry out high-definition road mapping and to use such mapping in the operation of highly automated vehicles in order to determine the challenges, barriers, and considerations that must be taken into account when planning for and deploying a nationwide high-definition road mapping digital infrastructure that enables the safe operation of highly automated vehicles.

(2) REQUIREMENTS.—In conducting a pilot program under paragraph (1), an eligible entity shall—

12 (C) conduct a simulation to ensure the safe
13 operation of highly automated vehicles before
14 operating any such vehicles on public roads or
15 highways;

16 (D) ensure consideration of—

17 (i) the ability to perform accurate
18 mapping in varied weather conditions; and

(E) prepare and submit to the Secretary
the reports required by subsection (g)(1).

(3) OTHER PERMITTED USES OF FUNDS.—An eligible entity that is awarded a grant under this section may use grant funds—

(A) to contract, through a competitive selection process, for the carrying out of any activity for which grant funds are required or permitted to be used, including procuring services from or carrying out activities at a research center at an institution of higher education (as defined in sections 101 and 102 of the Higher Education Act of 1965 (20 U.S.C. 1001; 1002)) that has experience with high-definition road mapping and highly automated vehicles capable of ingesting high-definition road mapping data; and

(B) for international travel for purposes of
exchanging information with other institutions
involved in high-definition road mapping and
highly automated vehicle research or operation.

20 (d) DURATION.—An eligible entity that is awarded
21 a grant under this section shall complete all activities re-
22 quired under the grant (except for preparation and sub-
23 mission of the final report required by subsection
24 (g)(1)(B)) not later than 3 years after the date on which
25 such grant is awarded.

1 (e) NUMBER OF GRANTS.—The Secretary may not
2 make—

3 (1) more than 3 grants under this section; or
4 (2) more than 1 grant under this section to the
5 same eligible entity.

6 (f) GRANT AMOUNT.—The amount of each grant
7 awarded under this section may not exceed \$10,000,000.

8 (g) REPORTS.—

9 (1) BY ELIGIBLE ENTITIES TO SECRETARY.—

10 (A) INTERIM REPORTS.—An eligible entity
11 that is awarded a grant under this section shall
12 submit to the Secretary, not later than 6
13 months, 18 months, and 2 years after the date
14 on which such grant is awarded, an interim re-
15 port that contains a description of the activities
16 carried out using grant funds.

17 (B) FINAL REPORT.—An eligible entity
18 that is awarded a grant under this section shall
19 submit to the Secretary, not later than 39
20 months after the date on which such grant is
21 awarded, a final report that contains a descrip-
22 tion of—

23 (i) the activities carried out using
24 grant funds;

(iii) the minimum data quality standards and specifications identified under subsection (c)(2)(A).

16 (h) DEFINITIONS.—

17 (1) IN GENERAL.—In this section:

(B) DYNAMIC DRIVING TASK.—The term “dynamic driving task” means all of the real time operational and tactical functions required to operate a vehicle in on-road traffic, excluding the strategic functions such as trip scheduling and selection of destinations and waypoints, and including—

(i) lateral vehicle motion control via steering;

(ii) longitudinal vehicle motion control via acceleration and deceleration;

(iii) monitoring the driving environment via object and event detection, recognition, classification, and response preparation;

(iv) object and event response execution;

(v) maneuver planning; and

(vi) enhancing conspicuity via light-ing, signaling, and gesturing.

(C) ELIGIBLE ENTITY.—The term “eligible entity” means—

(i) a nonprofit organization;

(ii) a State or political subdivision of
ate; and

(D) HIGHLY AUTOMATED VEHICLE.—The term “highly automated vehicle”—

(i) means a motor vehicle equipped with an automated driving system; and

(ii) does not include a commercial motor vehicle (as defined in section 31101 of title 49, United States Code).

1 (H) OPERATIONAL DESIGN DOMAIN.—The
2 term “operational design domain” means the
3 specific conditions under which a given driving
4 automation system or feature thereof is de-
5 signed to function.

6 (I) SECRETARY.—The term “Secretary”
7 means the Secretary of Transportation.

8 (J) STATE.—The term “State” means
9 each of the several States, the District of Co-
10 lumbia, each commonwealth, territory, or pos-
11 session of the United States, and each federally
12 recognized Indian Tribe.

13 (2) REVISIONS TO CERTAIN DEFINITIONS.—

14 (A) REVISIONS BY SAE INTERNATIONAL.—
15 If SAE International (or its successor organiza-
16 tion) revises the definition of any of the terms
17 defined in subparagraph (A), (B), or (H) of
18 paragraph (1) in Recommended Practice Report
19 J3016, it shall notify the Secretary of the revi-
20 sion. The Secretary shall publish a notice in the
21 Federal Register to inform the public of the
22 new definition unless, within 90 days after re-
23 ceiving notice of the new definition and after
24 opening a period for public comment on the
25 new definition, the Secretary notifies SAE

1 International (or its successor organization)
2 that the Secretary has determined that the new
3 definition does not meet the need for motor ve-
4 hicle safety, or is otherwise inconsistent with
5 the purposes of chapter 301 of title 49, United
6 States Code. If the Secretary so notifies SAE
7 International (or its successor organization),
8 the existing definition in paragraph (1) shall re-
9 main in effect.

10 (B) CONFORMING AMENDMENTS.—If the
11 Secretary does not reject a definition revised by
12 SAE International (or its successor organiza-
13 tion) as described in subparagraph (A), the
14 Secretary shall promptly make any conforming
15 amendments to the regulations and standards
16 of the Secretary that are necessary. The revised
17 definition shall apply for purposes of this sec-
18 tion. The requirements of section 553 of title 5,
19 United States Code, shall not apply to the mak-
20 ing of any such conforming amendments.

21 (C) UPDATES BY SECRETARY.—Pursuant
22 to section 553 of title 5, United States Code,
23 the Secretary may update any of the definitions
24 in subparagraph (A), (B), or (H) of paragraph
25 (1) if the Secretary determines that materially

1 changed circumstances regarding highly auto-
2 mated vehicles have impacted motor vehicle
3 safety such that the definitions need to be up-
4 dated to reflect such circumstances.

5 (i) AUTHORIZATION OF APPROPRIATIONS.—There
6 are authorized to be appropriated to carry out this section
7 \$31,500,000, of which not more than 5 percent shall be
8 available for administrative costs, for fiscal year 2019.

○
