9 **SEC. 5. INTERAGENCY WORKING GROUP.**

10          (a) IN GENERAL.—The Secretary of Health and  
11 Human Services may establish an interagency working  
12 group in order to improve coordination of programs and  
13 activities within the Department of Health and Human  
14 Services to prevent preterm birth, infant mortality, and  
15 related adverse birth outcomes.

16          (b) DUTIES.—The working group established under  
17 subsection (a) shall—

18           (1) identify gaps, duplication, or overlap in  
19 Federal programs and activities related to preterm  
20 birth and infant mortality;

21           (2) assess the extent to which the goals and  
22 metrics of relevant programs and activities within  
23 the Department of Health and Human Services are  
24 aligned;

1                             (3) assess the extent to which such programs  
2                             are coordinated across agencies within such Depart-  
3                             ment; and

4                             (4) make specific recommendations, as applica-  
5                             ble, to reduce or minimize unnecessary duplication  
6                             and overlap and improve coordination of goals, pro-  
7                             grams, and activities across agencies within such  
8                             Department.

9                             (c) REPORT.—Not later than 1 year after the date  
10                             on which the working group is established under sub-  
11                             section (a), the Secretary of Health and Human Services  
12                             shall submit to the Committee on Health, Education,  
13                             Labor, and Pensions of the Senate and the Committee on  
14                             Energy and Commerce of the House of Representatives  
15                             a report summarizing the findings of the working group  
16                             under subsection (b) and the specific recommendations to  
17                             improve Federal programs at the Department of Health  
18                             and Human Services under subsection (b)(4).
