23 priated public land to the State, any State selection  
24 under this section shall be considered to be in com-

1       pliance with the plan regardless of whether the se-

3       (f) VALUATION.—

4               (1) EQUAL VALUE.—

5                       (A) IN GENERAL.—The overall value of the  
 6       State land grant parcels and parcels of unap-

 8       State shall be—

 22       completed in accordance with—

23                               (i) the Uniform Appraisal Standards  
 24       for Federal Land Acquisitions; and

1                   (ii) the Uniform Standards for Profes-

3           ~~(2) LOW VALUE PARCELS.—~~

4                   ~~(A) VALUATION.—~~The Secretary may, with  
5                   the consent of the State, use a mass appraisal  
6                   or statement of value made by a qualified ap-  
7                   praiser carried out in accordance with the Uni-  
8                   form Standards for Professional Appraisal  
9                   Practice instead of an appraisal that complies  
10                  with the Uniform Appraisal Standards for Fed-  
11                  eral Land Acquisitions if the State and the Sec-  
12                  retary agree that the market value of a State  
13                  land grant parcel or a parcel of unappropriated  
14                  public land is—

15                         ~~(i) less than \$500,000; and~~

16                         ~~(ii) less than \$500 per acre.~~

17                  ~~(B) DIVISION.—~~A State land grant parcel  
18                  or a parcel of unappropriated public land may  
19                  not be artificially divided in order to qualify for  
20                  a mass appraisal or statement of value under  
21                  subparagraph (A).

22           ~~(3) LEDGER ACCOUNTS.—~~

23                   ~~(A) IN GENERAL.—~~The Secretary and the  
24                   State may agree to use a ledger account to  
25                   make equal the value of land relinquished by

1 the State and conveyed by the Secretary to the  
2 State under this section.

3 ~~(B) IMBALANCES.—A ledger account de-~~  
4 ~~scribed in subparagraph (A) shall reflect imbal-~~  
5 ~~ances in value to be reconciled in a subsequent~~  
6 ~~transaction.~~

7 ~~(C) ACCOUNT BALANCING.—Each ledger~~  
8 ~~account established under this paragraph shall~~  
9 ~~be—~~

15 under this section.

16 ~~(4) COSTS.—The Secretary or the State may—~~

17 ~~(A) assume costs or other responsibilities~~  
18 ~~or requirements for conveying land under this~~  
19 ~~section that would generally be the responsi-~~  
20 ~~bility of the other party; and~~

21 ~~(B) make adjustments to the relative val-~~  
22 ~~ues involved in the conveyance of land under~~  
23 ~~this section to compensate the Secretary or the~~  
24 ~~State, as applicable, for assuming the costs or~~

1           other responsibilities or requirements under  
2           subparagraph (A).

3           ~~(5) ADJUSTMENT.~~—If value is attributed to any  
4           parcel of unappropriated public land that has been  
5           selected by the State because of the presence of min-  
6           erals under a lease under the Mineral Leasing Act  
7           (30 U.S.C. 181 et seq.) that is in a producing or  
8           produceable status, the value of the parcel shall be re-  
9           duced by the percentage that represents the likely  
10          Federal-revenue sharing obligation under that Act,  
11          but the adjustment shall not be considered to reflect  
12          a property right of the State.

13          ~~(g) MISCELLANEOUS PROVISIONS.~~—

14               ~~(1) HAZARDOUS MATERIALS.~~—The Secretary  
15               and the State shall make available for review and in-

21               clude the conveyance of water rights appurtenant to  
22               the land conveyed.

23               ~~(3) GRAZING PERMITS.~~—

24                       ~~(A) IN GENERAL.~~—If land conveyed under  
25               this section is subject to a lease, permit, or con-

1           tract for the grazing of domestic livestock in ef-  
2           fect on the date of conveyance, the Secretary or  
3           the State, as applicable, shall allow the grazing  
4           to continue for the remainder of the term of the  
5           lease, permit, or contract, subject to the related  
6           terms and conditions of user agreements, in-  
7           cluding permitted stocking rates, grazing fee  
8           levels, access rights, and ownership and use of  
9           range improvements.

10           (B) RENEWAL.—On expiration of any  
11           grazing lease, permit, or contract described in  
12           subparagraph (A), the party that has jurisdic-  
13           tion over the land on the date of expiration,  
14           may elect to renew the lease, permit, or con-  
15           tract if permitted under applicable law.

16           (C) CANCELLATION.—

17           (i) IN GENERAL.—Nothing in this sec-  
18           tion prevents the Secretary or the State  
19           from canceling or modifying a grazing per-  
20           mit, lease, or contract if the land subject  
21           to the permit, lease, or contract is sold,  
22           conveyed, transferred, or leased for non-  
23           grazing purposes by the Secretary or the  
24           State.

1                   (ii) LIMITATION.—Except to the ex-  
 2                   tent reasonably necessary to accommodate  
 3                   surface operations in support of mineral  
 4                   development, the Secretary or the State  
 5                   shall not cancel or modify a grazing per-  
 6                   mit, lease, or contract for land conveyed  
 7                   under this section because the land subject  
 8                   to the permit, lease, or contract has been  
 9                   leased for mineral development.

10                  (D) BASE PROPERTIES.—If land conveyed  
 11                  by the State under this section is used by a  
 12                  grazing permittee or lessee to meet the base

 14                  permit or lease, the land shall continue to qual-  
 15                  ify as a base property for the remaining term  
 16                  of the lease or permit and the term of any re-  
 17                  newal or extension of the lease or permit.

18                  (h) EFFECT ON OTHER STATE SELECTION AUTHOR-  
 19                  IZATIONS.—The authorization for State relinquishments  
 20                  and selections under this section shall be considered to be  
 21                  independent of, and not limited by, the authorization for  
 22                  State selections under—

23                   (1) sections 6, 8, and 12 of the Act of July 16,  
 24                   1894 (28 Stat. 107, chapter 138); or
