

116TH CONGRESS
1ST SESSION

H. R. 1549

To protect the rights of passengers with disabilities in air transportation,
and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 6, 2019

Mr. LANGEVIN (for himself, Ms. TITUS, and Mr. COHEN) introduced the following bill; which was referred to the Committee on Transportation and Infrastructure

A BILL

To protect the rights of passengers with disabilities in air
transportation, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Air Carrier Access
5 Amendments Act of 2019”.

6 **SEC. 2. FINDINGS; SENSE OF CONGRESS.**

7 (a) FINDINGS.—Congress makes the following find-
8 ings:

9 (1) In 1986, President Ronald Reagan signed
10 the Air Carrier Access Act of 1986 (Public Law 99–

1 435; 100 Stat. 1080), adding a provision now codi-
2 fied in section 41705 of title 49, United States Code
3 (in this section referred to as the “ACAA”), prohib-
4 iting disability-based discrimination in air transpor-
5 tation.

6 (2) Despite progress, many individuals with dis-
7 abilities, including veterans, still encounter signifi-
8 cant barriers while traveling in air transportation,
9 such as—

10 (A) damaged assistive devices;

11 (B) inaccessible aircraft, lavatories, and
12 communication media;

13 (C) delayed assistance;

14 (D) inequitable treatment of service ani-
15 mals;

16 (E) inadequate disability cultural com-
17 petency; and

18 (F) a lack of suitable seating accommoda-
19 tions.

20 (b) SENSE OF CONGRESS.—The following is the sense
21 of Congress:

22 (1) Access for individuals with disabilities in air
23 transportation must move into the 21st century.
24 Otherwise, individuals with disabilities will be left
25 behind and unable to compete in today’s job market

1 or enjoy the opportunities available to other citizens
2 of the United States.

3 (2) Aircraft must be designed to accommodate
4 individuals with disabilities and air carriers must ac-
5 quire aircraft that meet broad accessibility stand-
6 ards.

7 (3) The ACAA must be updated to improve ac-
8 cess to air transportation for individuals with dis-
9 abilities. Legislation is necessary for the moderniza-
10 tion of standards and requirements that will
11 strengthen accessibility in air transportation, includ-
12 ing the accessibility of aircraft.

13 (4) The Department of Transportation and the
14 Architectural and Transportation Barriers Compli-
15 ance Board (in this section referred to as the “Ac-
16 cess Board”) must promulgate regulations to ensure
17 that all passengers with disabilities receive—

18 (A) prompt and effective boarding, deplan-
19 ing, and connections between flights;

20 (B) accommodations, including nonstan-
21 dard accommodations, that safely facilitate air
22 travel; and

23 (C) better access to airport facilities, in-
24 cluding the provision of visually accessible an-

1 nouncements and full and equal access to aural
2 communications.

3 (5) Legislation is necessary to ensure that indi-
4 viduals with disabilities have adequate remedies
5 available when air carriers violate the ACAA (includ-
6 ing regulations prescribed under the ACAA).

7 (6) Unlike other civil rights statutes, the ACAA
8 does not contain a private right of action, which is
9 critical to the enforcement of civil rights statutes.
10 Legislation is necessary to correct this anomaly.

11 **SEC. 3. DEFINITIONS.**

15 “(1) IN GENERAL.—An air carrier may not—

16 “(A) directly or through a contractual, li-

3 “(F) impose or apply eligibility criteria
4 that screen out or have the effect of screening
5 out individuals with disabilities or a class of in-
6 dividuals with disabilities from fully enjoying
7 any good, service, facility, privilege, advantage,
8 accommodation, or other opportunity provided
9 by the air carrier, unless the air carrier can
10 demonstrate that such criteria are necessary for
11 the provision of the good, service, facility, privi-
12 lege, advantage, accommodation, or other op-
13 portunity;

14 “(G) directly or through a contractual, li-
15 censing, or other arrangement, use standards or
16 criteria or methods of administration—

21 administrative control;

22 “(H) purchase or lease an aircraft that
23 does not comply with this section and regula-
24 tions prescribed under this section; or

“(I) refurbish an aircraft cabin in an aircraft manufactured before the date of the enactment of the Air Carrier Access Amendments Act of 2019, or purchase or lease such an aircraft, unless the aircraft, to the maximum extent feasible, is made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, in accordance with this section and upon issuance of regulations prescribed under this section.

“(2) EXCEPTION.—

“(A) IN GENERAL.—Subject to subparagraph (B), an air carrier may provide an individual or a class of individuals, on the basis of a disability or disabilities of the individual or class, with a good, service, facility, privilege, advantage, accommodation, or other opportunity that is different or separate from the good, service, facility, privilege, advantage, accommodation, or other opportunity provided to other individuals if doing so is necessary to provide the individual or class of individuals with a good, service, facility, privilege, advantage, accommodation, or other opportunity that is as effective as the good, service, facility, privilege,

1 advantage, accommodation, or other oppor-
2 tunity provided to other individuals.

3 “(B) ACCEPTANCE.—An individual or a
4 class of individuals shall retain the authority to
5 decide whether to accept or refuse a good, serv-

13 facility, privilege, advantage, accommodation, or
14 other opportunity that is different or separate
15 from the good, service, facility, privilege, advan-
16 tage, accommodation, or other opportunity pro-

5 practices, or procedures, when such modifications
6 are necessary to afford goods, services, facilities,
7 privileges, advantages, accommodations, or other op-

9 air carrier can demonstrate that making such modi-
10 fications would fundamentally alter the nature of the
11 goods, services, facilities, privileges, advantages, ac-
12 commodations, or other opportunities;

13 “(3) take such measures as may be necessary
14 to ensure that no individual with a disability is ex-
15 cluded, denied services, segregated, or otherwise
16 treated differently from other individuals because of
17 the absence of auxiliary aids or services, unless the
18 air carrier can demonstrate that taking such meas-
19 ures would—

8 that were constructed before or altered after the
9 date of the enactment of the Air Carrier Access
10 Amendments Act of 2019, and remove physical and
11 communication barriers to such access in aircraft
12 manufactured before such date of enactment and
13 used by an air carrier for transporting individuals,
14 if the removal of such barriers is readily achievable;
15 or

16 “(B) if the air carrier can demonstrate that the
17 removal of a barrier described in subparagraph (A)
18 is not readily achievable, make such goods, services,
19 facilities, privileges, advantages, accommodations, or
20 other opportunities available through alternative
