## A BILL

To prioritize funding for an expanded and sustained national  
investment in biomedical research.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “American Cures Act”.

5       **SEC. 2. CAP ADJUSTMENT.**

6       (a) IN GENERAL.—Section 251(b)(2) of the Balanced  
7       Budget and Emergency Deficit Control Act of 1985 (2  
8       U.S.C. 901(b)(2)) is amended—

1                             (1) by redesignating subparagraphs (D), (E),  
2                             and (F) as subparagraphs (E), (F), and (G), respec-  
3                             tively; and

4                             (2) by inserting after subparagraph (C), the fol-  
5                             lowing:

6                             “(D) BIOMEDICAL RESEARCH.—

7                             “(i) NATIONAL INSTITUTES OF  
8                             HEALTH.—If a bill or joint resolution mak-  
9                             ing appropriations for a fiscal year is en-  
10                           acted that specifies amounts for the Na-  
11                           tional Institutes of Health at the Depart-  
12                           ment of Health and Human Services, then  
13                           the adjustments for that fiscal year shall  
14                           be the amount of additional new budget  
15                           authority provided in that Act for such  
16                           programs for that fiscal year, but shall not  
17                           exceed—

18                             “(I) for fiscal year 2020,  
19                             \$2,737,000,000 in additional new  
20                           budget authority;

21                             “(II) for fiscal year 2021,  
22                             \$5,666,000,000 in additional new  
23                           budget authority;

1                         “(III) for fiscal year 2022,  
2                         \$8,800,000,000 in additional new  
3                         budget authority;

4                         “(IV) for fiscal year 2023,  
5                         \$12,153,000,000 in additional new  
6                         budget authority; and

7                         “(V) for fiscal year 2024,  
8                         \$15,741,000,000 in additional new  
9                         budget authority.

10                         “(ii) CENTERS FOR DISEASE CONTROL  
11                         AND PREVENTION.—If a bill or joint reso-  
12                         lution making appropriations for a fiscal  
13                         year is enacted that specifies amounts for  
14                         the Centers for Disease Control and Pre-  
15                         vention at the Department of Health and  
16                         Human Services, then the adjustments for  
17                         that fiscal year shall be the amount of ad-  
18                         ditional new budget authority provided in  
19                         that Act for such programs for that fiscal  
20                         year, but shall not exceed—

21                         “(I) for fiscal year 2020,  
22                         \$511,000,000 in additional new budg-  
23                         et authority;

1                         “(II) for fiscal year 2021,  
2                         \$1,057,000,000 in additional new  
3                         budget authority;  
4                         “(III) for fiscal year 2022,  
5                         \$1,642,000,000 in additional new  
6                         budget authority;  
7                         “(IV) for fiscal year 2023,  
8                         \$2,268,000,000 in additional new  
9                         budget authority; and  
10                         “(V) for fiscal year 2024,  
11                         \$2,938,000,000 in additional new  
12                         budget authority.

13                         “(iii) DEPARTMENT OF DEFENSE  
14                         HEALTH PROGRAM.—If a bill or joint reso-  
15                         lution making appropriations for a fiscal  
16                         year is enacted that specifies amounts for  
17                         the Department of Defense health pro-  
18                         gram, then the adjustments for that fiscal  
19                         year shall be the amount of additional new  
20                         budget authority provided in that Act for  
21                         such programs for that fiscal year, but  
22                         shall not exceed—

23                         “(I) for fiscal year 2020,  
24                         \$167,510,000 in additional new budg-  
25                         et authority;

1                         “(II) for fiscal year 2021,  
2                         \$346,745,700 in additional new budg-  
3                         et authority;

4                         “(III) for fiscal year 2022,  
5                         \$538,527,899 in additional new budg-  
6                         et authority;

7                         “(IV) for fiscal year 2023,  
8                         \$743,734,852 in additional new budg-  
9                         et authority; and

10                         “(V) for fiscal year 2024,  
11                         \$963,306,292 in additional new budg-  
12                         et authority.

13                         “(iv) MEDICAL AND PROSTHETICS RE-  
14                         SEARCH PROGRAM OF THE DEPARTMENT  
15                         OF VETERANS AFFAIRS.—If a bill or joint  
16                         resolution making appropriations for a fis-  
17                         cal year is enacted that specifies amounts  
18                         for the medical and prosthetics research  
19                         program of the Department of Veterans  
20                         Affairs, then the adjustments for that fis-  
21                         cal year shall be the amount of additional  
22                         new budget authority provided in that Act  
23                         for such programs for that fiscal year, but  
24                         shall not exceed—

1                         “(I) for fiscal year 2020,  
2                         \$54,530,000 in additional new budget  
3                         authority;

4                         “(II) for fiscal year 2021,  
5                         \$58,350,000 in additional new budget  
6                         authority;

7                         “(III) for fiscal year 2022,  
8                         \$62,440,000 in additional new budget  
9                         authority;

10                         “(IV) for fiscal year 2023,  
11                         \$66,810,000 in additional new budget  
12                         authority; and

13                         “(V) for fiscal year 2024,  
14                         \$71,490,000 in additional new budget  
15                         authority.

16                         “(v) DEFINITIONS.—As used in this  
17                         subparagraph:
