RESOLUTION

Expressing support for the goals of National Adoption Month and National Adoption Day by promoting national awareness of adoption and the children waiting for adoption, celebrating children and families involved in adoption, and encouraging the people of the United States to secure safety, permanency, and well-being for all children.

Whereas there are far too many unparented children in the United States;

Whereas the Adoption and Foster Care Analysis and Reporting System Report on fiscal year 2018 foster care and adoption population characteristics (referred to in this preamble as the “AFCARS report”) indicates that there are approximately 437,300 children in the foster care system in the United States, approximately 125,400 of whom are waiting for adoption;

Whereas the AFCARS report indicates that—

- (1) 65 percent of the children in foster care in the United States are 10 years of age or younger;
- (2) the average length of time a child spends in foster care is approximately 20 months;
- (3) in fiscal year 2018, approximately 17,800 youth “aged out” of foster care by reaching adulthood without being placed in a permanent home; and
- (4) in fiscal year 2018, the number of children who—
 - (A) achieved permanency through adoption increased for the fourth year in a row; and
 - (B) entered foster care decreased for the second year in a row;

Whereas, still, for many foster children, the wait for a loving family in which they are nurtured, comforted, and protected seems endless;

Whereas a survey conducted in 2017 (referred to in this preamble as the “2017 survey”) showed that a quarter of respondents who had not adopted had considered adoption;

Whereas the 2017 survey showed that 46 percent of respondents either somewhat or strongly agreed that children enter the foster care system because of juvenile delinquency, despite the AFCARS report revealing that neglect was associated with 62 percent of cases involving the removal of a child, or approximately 163,500 cases;

Whereas the 2017 survey showed that—

- (1) 39 percent of respondents believed foster care adoption is expensive; and
- (2) a majority of respondents considering foster care adoption indicated that receiving financial and emotional support would make a difference in their decision to pursue adoption;

Whereas the Children’s Bureau, an office of the Administration for Children and Families within the Department of Health and Human Services, supports programs, research, and monitoring to help eliminate barriers to adoption and find permanent families for children;

Whereas, every day, loving and nurturing families are strengthened and expanded when committed and dedicated individuals make an important difference in the life of a child through adoption;

Whereas the President traditionally issues an annual proclamation to declare the month of November as National Adoption Month;

Whereas National Adoption Day has been celebrated as a collective national effort to find permanent and loving families for children in the foster care system; and

Whereas the Saturday before Thanksgiving has been recognized as National Adoption Day since at least 2000, and,

in 2019, the Saturday before Thanksgiving is November 23: Now, therefore, be it

1 *Resolved*, That the Senate—

2 (1) supports the goals and ideals of National
3 Adoption Month and National Adoption Day;

4 (2) recognizes that every child should have a
5 permanent and loving family; and

6 (3) encourages the people of the United States
7 to consider adoption during the month of November
8 and throughout the year.
