

117TH CONGRESS
2D SESSION

H. R. 7576

To require SelectUSA to coordinate with State-level economic development organizations to increase foreign direct investment in semiconductor-related manufacturing and production.

IN THE HOUSE OF REPRESENTATIVES

APRIL 26, 2022

Ms. ESHOO (for herself and Mr. PENCE) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To require SelectUSA to coordinate with State-level economic development organizations to increase foreign direct investment in semiconductor-related manufacturing and production.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Securing Semicon-
5 ductor Supply Chains Act of 2022”.

6 **SEC. 2. SELECTUSA DEFINED.**

7 In this Act, the term “SelectUSA” means the
8 SelectUSA program of the Department of Commerce es-

1 tablished by Executive Order 13577 (76 Fed. Reg.
2 35,715).

3 **SEC. 3. FINDINGS.**

4 Congress makes the following findings:

5 (1) Semiconductors underpin the United States
6 and global economies, including manufacturing sec-
7 tors. Semiconductors are also essential to the na-
8 tional security of the United States.

9 (2) A shortage of semiconductors, brought
10 about by the COVID–19 pandemic and other com-
11 plex factors impacting the overall supply chain, has
12 threatened the economic recovery of the United
13 States and industries that employ millions of United
14 States citizens.

15 (3) Addressing current challenges and building
16 resilience against future risks requires ensuring a se-
17 cure and stable supply chain for semiconductors that
18 will support the economic and national security
19 needs of the United States and its allies.

20 (4) The supply chain for semiconductors is
21 complex and global. While the United States plays
22 a leading role in certain segments of the semicon-
23 ductor industry, securing the supply chain requires
24 onshoring, reshoring, or diversifying vulnerable seg-
25 ments, such as for—

- 1 (A) fabrication;
2 (B) advanced packaging; and
3 (C) materials and equipment used to man-
4 ufacture semiconductor products.

5 (5) The Federal Government can leverage for-
6 eign direct investment and private dollars to grow
7 the domestic manufacturing and production capacity
8 of the United States for vulnerable segments of the
9 semiconductor supply chain.

10 (6) The SelectUSA program of the Department
11 of Commerce, in coordination with other Federal
12 agencies and State-level economic development orga-
13 nizations, is positioned to boost foreign direct invest-
14 ment in domestic manufacturing and to help secure
15 the semiconductor supply chain of the United States.

16 **SEC. 4. COORDINATION WITH STATE-LEVEL ECONOMIC DE-**
17 **VELOPMENT ORGANIZATIONS.**

18 Not later than 180 days after the date of the enact-
19 ment of this Act, the Executive Director of SelectUSA
20 shall solicit comments from State-level economic develop-
21 ment organizations—

22 (1) to review—

23 (A) what efforts the Federal Government
24 can take to support increased foreign direct in-

1 investment in any segment of semiconductor-re-
2 lated production;

3 (B) what barriers to such investment may
4 exist and how to amplify State efforts to attract
5 such investment;

6 (C) public opportunities those organiza-
7 tions have identified to attract foreign direct in-
8 vestment to help increase investment described
9 in subparagraph (A); and

10 (D) resource gaps or other challenges that
11 prevent those organizations from increasing
12 such investment; and

13 (2) to develop recommendations for—

14 (A) how SelectUSA can increase such in-
15 vestment independently or through partnership
16 with those organizations; and

17 (B) working with countries that are allies
18 or partners of the United States to ensure that
19 foreign adversaries (as defined in section
20 8(e)(2) of the Secure and Trusted Communica-
21 tions Networks Act of 2019 (47 U.S.C.
22 1607(c)(2))) do not benefit from United States
23 efforts to increase such investment.

1 **SEC. 5. REPORT ON INCREASING FOREIGN DIRECT INVEST-**
2 **MENT IN SEMICONDUCTOR-RELATED MANU-**
3 **FACTURING AND PRODUCTION.**

4 Not later than 2 years after the date of the enact-
5 ment of this Act, the Executive Director of SelectUSA,
6 in coordination with the Federal Interagency Investment
7 Working Group established by Executive Order 13577 (76
8 Fed. Reg. 35,715; relating to establishment of the
9 SelectUSA Initiative), shall submit to the Committee on
10 Commerce, Science, and Transportation of the Senate and
11 the Committee on Energy and Commerce of the House
12 of Representatives a report that includes—

13 (1) a review of the comments SelectUSA re-
14 ceived from State-level economic development organi-
15 zations under section 4;

16 (2) a description of activities SelectUSA is en-
17 gaged in to increase foreign direct investment in
18 semiconductor-related manufacturing and produc-
19 tion; and

20 (3) an assessment of strategies SelectUSA may
21 implement to achieve an increase in such investment
22 and to help secure the United States supply chain
23 for semiconductors, including by—

24 (A) working with other relevant Federal
25 agencies; and

1 (B) working with State-level economic de-
2 velopment organizations and implementing any
3 strategies or recommendations SelectUSA re-
4 ceived from those organizations.
