

118TH CONGRESS
1ST SESSION

H. RES. 867

Expressing support for the designation of November 9, 2023, as “National Microtia and Atresia Awareness Day”.

IN THE HOUSE OF REPRESENTATIVES

NOVEMBER 13, 2023

Mr. NEGUSE (for himself, Mr. FITZPATRICK, Mr. ALLRED, Mr. CARTER of Louisiana, Ms. CHU, Mr. CLEAVER, Mr. GRIJALVA, Ms. PETTERSEN, Mr. TONKO, and Mr. TRONE) submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing support for the designation of November 9, 2023, as “National Microtia and Atresia Awareness Day”.

Whereas microtia is a congenital anomaly, affecting the outer ear, where the ear does not fully develop during the first trimester of pregnancy;

Whereas microtia is often accompanied by aural atresia, which is the absence or closure of the external auditory ear canal resulting in hearing loss;

Whereas it is estimated that there are 750,000 people worldwide with microtia;

Whereas microtia is diagnosed at birth, affecting one ear or both ears, but there is no understanding as to why microtia occurs;

Whereas aural atresia is usually diagnosed at birth, affecting one ear or both ears, but in some cases may not be recognized until later in life;

Whereas doctors and nurses may be informed of microtia and aural atresia, in certain settings, the conditions are rare enough that misinformation or lack of information on options and services, quickly evaporates any remaining sense of celebration that accompanies a birth; and

Whereas living with facial challenges such as craniofacial microsomia and hearing loss, as well as the longing for social acceptance, are some of the daily concerns for individuals who are born with microtia or aural atresia: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) expresses support for the designation of
3 “National Microtia and Atresia Awareness Day”;

4 (2) encourages each person of the United
5 States—

6 (A) to celebrate the community that is
7 made up of not only children and adults with
8 microtia or aural atresia, but families, teachers,
9 advocates, and medical professionals from
10 around the world who foster awareness and as-
11 sistance; and

12 (B) to help promote public awareness of
13 microtia, aural atresia, and the hope that fu-
14 ture generations of families will leave the hos-
15 pital equipped with more answers than ques-

1 tions, along with their dreams for their child in-
2 tact;

3 (3) supports efforts to remove unnecessary bar-
4 riers and replace them with resources and tools that
5 aim to eliminate bullying and clear the way for an
6 even more successful future for those with microtia
7 or atresia;

8 (4) encourages Federal, State, and local policy-
9 makers to work together—

10 (A) to raise awareness about microtia and
11 aural atresia;

12 (B) to improve proper diagnosis of
13 microtia and aural atresia; and

14 (C) to support advancements in technology
15 that improve the lives of those with microtia
16 and aural atresia; and

17 (5) encourages the President to issue a procla-
18 mation calling upon the people of the United States
19 to observe the day with appropriate awareness and
20 educational activities.
