§ 1004.13 Critical electric infrastructure information.

(a) *Filing Procedures and guidance.* Information regarding critical electric infrastructure information (CEII) filing procedures and further guidance for submitters and requesters is available on the website of the United States Department of Energy's Office of Electricity at <https://www.energy.gov/oe/office-electricity>.

(b) *Purpose and scope.* This part sets forth the regulations of the Department of Energy (DOE) that implement section 215A(d) of the Federal Power Act (FPA), codified at 16 U.S.C. 824o–1(d). The regulations in this part set forth the DOE procedures for the designation, sharing, and protection of CEII. This section applies to anyone who provides CEII to DOE or who receives CEII from DOE, including DOE employees, DOE contractors, and agents of DOE or of other Federal agencies, as well as individuals or organizations providing CEII or submitting a request for CEII designation to DOE or who have requested or have been permitted access to CEII by DOE.

(c) *Definitions*—(1) *Bulk-Power System* means the facilities and control systems necessary for operating an interconnected electric energy transmission network (and any portion thereof), and electric energy from generation facilities needed to maintain transmission system reliability. The term does not include facilities used in the local distribution of electric energy.

(2) *Confidential Business Information* means commercial or financial information that is both customarily and actually treated as private by its owner and that is provided to the government as part of a claimed CEII submission.

(3) *Critical Electric Infrastructure* means a system or asset of the bulk-

power system, whether physical or virtual, the incapacity or destruction of which would negatively affect national security, economic security, public health or safety, or any combination of such matters.

(4) *Critical Electric Infrastructure Information (CEII)* is defined at FPA section 215(a)(3), with designation criteria codified at 18 CFR 388.113(c). CEII means information related to critical electric infrastructure, or proposed critical electrical infrastructure, generated by or provided to FERC or another Federal agency, other than classified national security information, that is designated as CEII by FERC or the Secretary pursuant to section 215A(d) of the FPA. Such term includes information that qualifies as critical energy infrastructure information under FERC's regulations.

(5) *CEII Coordinator* means the Assistant Secretary or Principal Deputy Assistant Secretary of the DOE Office of Electricity, who shall coordinate and oversee the implementation of DOE's program for CEII-designation authority under section 215A of the FPA, assist all DOE Offices with respect to requests for CEII designation in determining whether particular information fits within the definition of CEII, and manage DOE's protection, storage, and sharing of CEII materials and oversight of the development of CEII international sharing protocols. The CEII Coordinator may delegate the daily implementation of the CEII Coordinator function as described in this rule, in whole or in part, to an appropriate DOE Office of Electricity official, to an Assistant Secretary in DOE, and to the Administrator of the Bonneville Power Administration, the Energy Information Administration, the Southeastern Power Administration, the Southwestern Power Administration, or the Western Area Power Administration ("Coordinator's designee").

(6) *Department* means the United States Department of Energy.

(7) *Department of Energy (DOE)* means all organizational entities that are part of the Executive Department created by Title II of the DOE Organization Act (Pub. L. 95–91, 91 Stat. 565, 42 U.S.C. 7101 *et seq.*). For purposes of this Part, the definition of DOE specifically
