§ 211.28

consider additional factors, including whether—

(A) Any of the individual components of the ROCA supervisory rating of a branch or agency of a foreign bank is rated “3” or worse;

(B) The results of any off-site surveillance indicate a deterioration in the condition of the office;

(C) The size, relative importance, and role of a particular office when reviewed in the context of the foreign bank’s entire U.S. operations otherwise necessitate an annual examination; and

(D) The condition of the foreign bank gives rise to such a need.

(iii)(A) Except as provided in paragraph (c)(2)(iii)(B) of this section, from December 2, 2020 through December 31, 2021, for purposes of determining eligibility for the extended examination cycle described in paragraph (c)(2) of this section, the total assets of a branch or agency shall be determined based on the lesser of:

(1) The total assets of the branch or agency as of December 31, 2019; and

(2) The total assets of the branch or agency as of the end of the most recent calendar quarter.

(B) The relief provided under paragraph (c)(2)(iii)(A) of this section does not apply to a branch or agency if the Board determines that permitting the branch or agency to determine its assets in accordance with that paragraph would not be commensurate with the risk profile of the branch or agency. When making this determination, the Board will consider all relevant factors, including the extent of asset growth of the branch or agency since December 31, 2019; the causes of such growth, including whether growth occurred as a result of mergers or acquisitions; whether such growth is likely to be temporary or permanent; whether the branch or agency has become involved in any additional activities since December 31, 2019; the asset size of any parent companies; and the type of assets held by the branch or agency. In making a determination pursuant to this paragraph (c)(2)(iii)(B), the Board will apply notice and response procedures in the same manner and to the same extent as the notice and response procedures in 12 CFR 263.202.

(3) *Authority to conduct more frequent examinations.* Nothing in paragraphs (c)(1) and (2) of this section limits the authority of the Board to examine any U.S. branch or agency of a foreign bank as frequently as it deems necessary.

§ 211.27 Disclosure of supervisory information to foreign supervisors.

(a) *Disclosure by Board.* The Board may disclose information obtained in the course of exercising its supervisory or examination authority to a foreign bank regulatory or supervisory authority, if the Board determines that disclosure is appropriate for bank supervisory or regulatory purposes and will not prejudice the interests of the United States.

(b) *Confidentiality.* Before making any disclosure of information pursuant to paragraph (a) of this section, the Board shall obtain, to the extent necessary, the agreement of the foreign bank regulatory or supervisory authority to maintain the confidentiality of such information to the extent possible under applicable law.

§ 211.28 Provisions applicable to branches and agencies: limitation on loans to one borrower.

(a) *Limitation on loans to one borrower.* Except as provided in paragraph (b) of this section, the total loans and extensions of credit by all the state branches and state agencies of a foreign bank outstanding to a single borrower at one time shall be aggregated with the total loans and extensions of credit by all federal branches and federal agencies of the same foreign bank outstanding to such borrower at the time; and shall be subject to the limitations and other provisions of section 5200 of the Revised Statutes (12 U.S.C. 84), and the regulations promulgated thereunder, in the same manner that extensions of credit by a federal branch or federal agency are subject to section 4(b) of the IBA (12 U.S.C. 3102(b)) as if such state branches and state agencies were federal branches and federal agencies.

(b) *Preexisting loans and extensions of credit.* Any loans or extensions of credit

to a single borrower that were originated prior to December 19, 1991, by a state branch or state agency of the same foreign bank and that, when aggregated with loans and extensions of credit by all other branches and agencies of the foreign bank, exceed the limits set forth in paragraph (a) of this section, may be brought into compliance with such limitations through routine repayment, provided that any new loans or extensions of credit (including renewals of existing unfunded credit lines, or extensions of the maturities of existing loans) to the same borrower shall comply with the limits set forth in paragraph (a) of this section.

§211.29 Applications by state branches and state agencies to conduct activities not permissible for federal branches.

(a) *Scope.* A state branch or state agency shall file with the Board a prior written application for permission to engage in or continue to engage in any type of activity that:

(1) Is not permissible for a federal branch, pursuant to statute, regulation, official bulletin or circular, or order or interpretation issued in writing by the Comptroller; or

(2) Is rendered impermissible due to a subsequent change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction.

(b) *Exceptions.* No application shall be required by a state branch or state agency to conduct any activity that is otherwise permissible under applicable state and federal law or regulation and that:

(3) Is conducted as agent rather than as principal, provided that the activity is one that could be conducted by a state-chartered bank headquartered in the same state in which the branch or agency is licensed; or

(4) Any other activity that the Board has determined may be conducted by any state branch or state agency of a foreign bank without further application to the Board.

(c) *Contents of application.* An application submitted pursuant to paragraph (a) of this section shall be in letter form and shall contain the following information:

(1) A brief description of the activity, including the manner in which it will be conducted, and an estimate of the expected dollar volume associated with the activity;

(2) An analysis of the impact of the proposed activity on the condition of the U.S. operations of the foreign bank in general, and of the branch or agency in particular, including a copy, if available, of any feasibility study, management plan, financial projections, business plan, or similar document concerning the conduct of the activity;

(3) A resolution by the applicant's board of directors or, if a resolution is not required pursuant to the applicant's organizational documents, evidence of approval by senior management, authorizing the conduct of such activity and the filing of this application;

(4) If the activity is to be conducted by a state branch insured by the FDIC, statements by the applicant:

(i) Of whether or not it is in compliance with 12 CFR 346.19 (Pledge of Assets) and 12 CFR 346.20 (Asset Maintenance);

(ii) That it has complied with all requirements of the FDIC concerning an application to conduct the activity and the status of the application, including a copy of the FDIC's disposition of such application, if available; and

(iii) Explaining why the activity will pose no significant risk to the deposit insurance fund; and

(5) Any other information that the Reserve Bank deems appropriate.

(d) *Factors considered in determination.*
