§ 233.1 Authority, purpose, collection of information, and incorporation by reference.

(a) *Authority.* This part is issued jointly by the Board of Governors of the Federal Reserve System (Board) and the Secretary of the Department of the Treasury (Treasury) under section 802 of the Unlawful Internet Gambling Enforcement Act of 2006 (Act) (enacted as title VIII of the Security and Accountability For Every Port Act of 2006, Pub. L. No. 109-347, 120 Stat. 1884, and codified at 31 U.S.C. 5361-5367). The Act states that none of its provisions shall be construed as altering, limiting, or extending any Federal or State law or Tribal-State compact prohibiting, permitting, or regulating gambling within the United States. *See* 31 U.S.C. 5361(b). In addition, the Act states that its provisions are not intended to change which activities related to horseracing may or may not be allowed under Federal law, are not intended to change the existing relationship between the Interstate Horseracing Act of 1978 (IHA) (15 U.S.C. 3001 *et seq.*) and other Federal statutes in effect on October 13, 2006, the date of the Act's enactment, and are not intended to resolve any existing disagreements over how to interpret the relationship between the IHA and other Federal statutes. *See* 31 U.S.C. 5362(10)(D)(iii). This part is intended to be consistent with these provisions.

(b) *Purpose.* The purpose of this part is to issue implementing regulations as required by the Act. The part sets out necessary definitions, designates payment systems subject to the requirements of this part, exempts certain participants in designated payment systems from certain requirements of this part, provides nonexclusive examples of policies and procedures reasonably designed to identify and block, or otherwise prevent and prohibit, restricted transactions, and sets out the Federal entities that have exclusive regulatory enforcement authority with respect to the designated payments systems and non-exempt participants therein.

(c) *Collection of information.* The Office of Management and Budget (OMB) has approved the collection of information requirements in this part for the Department of the Treasury and assigned OMB control number 1505-0204. The Board has approved the collection of information requirements in this part under the authority delegated to the Board by OMB, and assigned OMB control number 7100-0317.

made. The term does not include placing, receiving, or otherwise transmitting a bet or wager that is excluded from the definition of this term by the Act as an intrastate transaction or an intra-tribal transaction, and does not include any activity that is allowed under the Interstate Horseracing Act of 1978 (15 U.S.C. 3001 *et seq.*; see § 233.1(a)). - (e) Wire transfer systems.

§ 233.4 Exemptions.

(a) *Automated clearing house systems.* The participants processing a particular transaction through an automated clearing house system are ex-

empt from this regulation’s requirements for establishing written policies and procedures reasonably designed to prevent or prohibit restricted transactions with respect to that transaction, except for—

(1) The receiving depository financial institution and any third-party processor receiving the transaction on behalf of the receiver in an ACH credit transaction;

(c) *Money transmitting businesses.* The participants in a money transmitting business are exempt from this regulation’s requirements for establishing written policies and procedures reasonably designed to prevent or prohibit restricted transactions, except for the operator.

(d) *Wire transfer systems.* The participants in a particular wire transfer through a wire transfer system are exempt from this regulation’s requirements for establishing written policies and procedures reasonably designed to prevent or prohibit restricted transactions with respect to that transaction, except for the beneficiary’s bank.

(a) All non-exempt participants in designated payment systems shall establish and implement written policies and procedures reasonably designed to

§ 233.6**12 CFR Ch. II (1-1-25 Edition)**

identify and block or otherwise prevent or prohibit restricted transactions.

(b) A non-exempt financial transaction provider participant in a designated payment system shall be considered to be in compliance with the requirements of paragraph (a) of this section if—

(1) It relies on and complies with the written policies and procedures of the designated payment system that are reasonably designed to—

(i) Identify and block restricted transactions; or

(ii) Otherwise prevent or prohibit the acceptance of the products or services of the designated payment system or participant in connection with restricted transactions; and

(2) Such policies and procedures of the designated payment system comply with the requirements of this part.

(c) For purposes of paragraph (b)(2) in this section, a participant in a designated payment system may rely on a written statement or notice by the operator of that designated payment system to its participants that states that the operator has designed or structured the system's policies and procedures for identifying and blocking or otherwise preventing or prohibiting restricted transactions to comply with the requirements of this part as conclusive evidence that the system's policies and procedures comply with the requirements of this part, unless the participant is notified otherwise by its Federal functional regulator or, in the case of participants that are not directly supervised by a Federal functional regulator, the Federal Trade Commission.

(d) As provided in the Act, a person that identifies and blocks a transaction, prevents or prohibits the acceptance of its products or services in connection with a transaction, or otherwise refuses to honor a transaction, shall not be liable to any party for such action if—

(1) The transaction is a restricted transaction;

(2) Such person reasonably believes the transaction to be a restricted transaction; or

(3) The person is a participant in a designated payment system and blocks or otherwise prevents the transaction

in reliance on the policies and procedures of the designated payment system in an effort to comply with this regulation.

(e) Nothing in this part requires or is intended to suggest that designated payment systems or participants therein must or should block or otherwise prevent or prohibit any transaction in connection with any activity that is excluded from the definition of "unlawful Internet gambling" in the Act as an intrastate transaction, an intratribal transaction, or a transaction in connection with any activity that is allowed under the Interstate Horseracing Act of 1978 (15 U.S.C. 3001 *et seq.*; see § 233.1(a)).

(f) Nothing in this part modifies any requirement imposed on a participant by other applicable law or regulation to file a suspicious activity report to the appropriate authorities.

(g) The requirement of this part to establish and implement written policies and procedures applies only to the U.S. offices of participants in designated payment systems.

§ 233.6 Non-exclusive examples of policies and procedures.

(a) *In general.* The examples of policies and procedures to identify and block or otherwise prevent or prohibit restricted transactions set out in this section are non-exclusive. In establishing and implementing written policies and procedures to identify and block or otherwise prevent or prohibit restricted transactions, a non-exempt participant in a designated payment system is permitted to design and implement policies and procedures tailored to its business that may be different than the examples provided in this section. In addition, non-exempt participants may use different policies and procedures with respect to different business lines or different parts of the organization.

(b) *Due diligence.* If a non-exempt participant in a designated payment system establishes and implements procedures for due diligence of its commercial customer accounts or commercial customer relationships in order to comply, in whole or in part, with the requirements of this regulation, those due diligence procedures will be

Federal Reserve System**§ 233.6**

deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions if the procedures include the steps set out in paragraphs (b)(1), (b)(2), and (b)(3) of this section and subject to paragraph (b)(4) of this section.

(1) At the establishment of the account or relationship, the participant conducts due diligence of a commercial customer and its activities commensurate with the participant's judgment of the risk of restricted transactions presented by the customer's business.

(2) Based on its due diligence, the participant makes a determination regarding the risk the commercial customer presents of engaging in an Internet gambling business and follows either paragraph (b)(2)(i) or (b)(2)(ii) of this section.

(i) The participant determines that the commercial customer presents a minimal risk of engaging in an Internet gambling business.

(ii) The participant cannot determine that the commercial customer presents a minimal risk of engaging in an Internet gambling business, in which case it obtains the documentation in either paragraph (b)(2)(ii)(A) or (b)(2)(ii)(B) of this section—

(A) Certification from the commercial customer that it does not engage in an Internet gambling business; or

(B) If the commercial customer does engage in an Internet gambling business, each of the following—

(1) Evidence of legal authority to engage in the Internet gambling business, such as—

(i) A copy of the commercial customer's license that expressly authorizes the customer to engage in the Internet gambling business issued by the appropriate State or Tribal authority or, if the commercial customer does not have such a license, a reasoned legal opinion that demonstrates that the commercial customer's Internet gambling business does not involve restricted transactions; and

(ii) A written commitment by the commercial customer to notify the participant of any changes in its legal authority to engage in its Internet gambling business.

(2) A third-party certification that the commercial customer's systems for

engaging in the Internet gambling business are reasonably designed to ensure that the commercial customer's Internet gambling business will remain within the licensed or otherwise lawful limits, including with respect to age and location verification.

(3) The participant notifies all of its commercial customers, through provisions in the account or commercial customer relationship agreement or otherwise, that restricted transactions are prohibited from being processed through the account or relationship.

(4) With respect to the determination in paragraph (b)(2)(i) of this section, participants may deem the following commercial customers to present a minimal risk of engaging in an Internet gambling business—

(i) An entity that is directly supervised by a Federal functional regulator as set out in § 233.7(a); or

(ii) An agency, department, or division of the Federal government or a State government.

(c) *Automated clearing house system examples.* (1) The policies and procedures of the originating depository financial institution and any third party processor in an ACH debit transaction, and the receiving depository financial institution and any third party processor in an ACH credit transaction, are deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions if they—

(i) Address methods to conduct due diligence in establishing a commercial customer account or relationship as set out in § 233.6(b);

(ii) Address methods to conduct due diligence as set out in § 233.6(b)(2)(ii)(B) in the event that the participant has actual knowledge that an existing commercial customer of the participant engages in an Internet gambling business; and

(iii) Include procedures to be followed with respect to a commercial customer if the originating depository financial institution or third-party processor has actual knowledge that its commercial customer has originated restricted transactions as ACH debit transactions or if the receiving depository financial institution or third-party processor has actual knowledge that its commercial

§ 233.6

12 CFR Ch. II (1-1-25 Edition)

customer has received restricted transactions as ACH credit transactions, such as procedures that address—

(A) The circumstances under which the commercial customer should not be allowed to originate ACH debit transactions or receive ACH credit transactions; and

(B) The circumstances under which the account should be closed.

(2) The policies and procedures of a receiving gateway operator and third-party processor that receives instructions to originate an ACH debit transaction directly from a foreign sender are deemed to be reasonably designed to prevent or prohibit restricted transactions if they include procedures to be followed with respect to a foreign sender if the receiving gateway operator or third-party processor has actual knowledge, obtained through notification by a government entity, such as law enforcement or a regulatory agency, that such instructions included instructions for restricted transactions. Such procedures may address sending notification to the foreign sender, such as in the form of the notice contained in appendix A to this part.

(d) *Card system examples.* The policies and procedures of a card system operator, a merchant acquirer, third-party processor, or a card issuer, are deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions, if the policies and procedures—

(1) Provide for either—

(i) Methods to conduct due diligence—

(A) In establishing a commercial customer account or relationship as set out in § 233.6(b); and

(B) As set out in § 233.6(b)(2)(ii)(B) in the event that the participant has actual knowledge that an existing commercial customer of the participant engages in an Internet gambling business; or

(ii) Implementation of a code system, such as transaction codes and merchant/business category codes, that are required to accompany the authorization request for a transaction, including—

(A) The operational functionality to enable the card system operator or the card issuer to reasonably identify and

deny authorization for a transaction that the coding procedure indicates may be a restricted transaction; and

(B) Procedures for ongoing monitoring or testing by the card system operator to detect potential restricted transactions, including—

(1) Conducting testing to ascertain whether transaction authorization requests are coded correctly; and

(2) Monitoring and analyzing payment patterns to detect suspicious payment volumes from a merchant customer; and

(2) For the card system operator, merchant acquirer, or third-party processor, include procedures to be followed when the participant has actual knowledge that a merchant has received restricted transactions through the card system, such as—

(i) The circumstances under which the access to the card system for the merchant, merchant acquirer, or third-party processor should be denied; and

(ii) The circumstances under which the merchant account should be closed.

(e) *Check collection system examples.* (1) The policies and procedures of a depository bank are deemed to be reasonably designed to identify and block or otherwise prevent or prohibit restricted transactions, if they—

(i) Address methods for the depository bank to conduct due diligence in establishing a commercial customer account or relationship as set out in § 233.6(b);

(ii) Address methods for the depository bank to conduct due diligence as set out in § 233.6(b)(2)(ii)(B) in the event that the depository bank has actual knowledge that an existing commercial customer engages in an Internet gambling business; and

(iii) Include procedures to be followed if the depository bank has actual knowledge that a commercial customer of the depository bank has deposited checks that are restricted transactions, such as procedures that address—

(A) The circumstances under which check collection services for the customer should be denied; and
