## § 121.1101

filed, the contracting officer shall terminate the award.

(ii) If a timely OHA appeal is filed after contract award, the contracting officer must consider whether performance can be suspended until an appellate decision is rendered.

(iii) If OHA affirms the size determination finding the protested concern ineligible, the contracting officer shall either terminate the contract or not exercise the next option.

(3) The contracting officer must update the Federal Procurement Data System and other procurement reporting databases to reflect the final agency size decision (the formal size determination if no appeal is filed or the appellate decision).

(4) Once SBA has determined that a concern is other than small for purposes of a particular procurement, the concern cannot later become eligible for the procurement by reducing its size.

(5) A concern determined to be other than small under a particular size standard is ineligible for any procurement or any assistance authorized by the Small Business Act or the Small Business Investment Act of 1958 which requires the same or a lower size standard, unless SBA recertifies the concern to be small pursuant to § 121.1010 or OHA reverses the adverse size determination. After an adverse size determination, a concern cannot self-certify as small under the same or lower size standard unless it is first recertified as small by SBA. If a concern does so, it may be in violation of criminal laws, including section 16(d) of the Small Business Act, 15 U.S.C. 645(d). If the concern has already certified itself as small on a pending procurement or on an application for SBA assistance, the concern must immediately inform the officials responsible for the pending procurement or requested assistance of the adverse size determination.

(h) *Limited reopening of size determinations.* SBA may, in its sole discretion, reopen a formal size determination to correct an error or mistake, provided it is within the appeal period and no appeal has been filed with OHA. Once the agency has issued a final decision (either a formal size determination that is not timely appealed or an appellate

decision), SBA cannot re-open the size determination.

### § 121.1010 How does a concern become recertified as a small business?

(a) A concern may request SBA to recertify it as small at any time by filing an application for recertification with the Government Contracting Area Office responsible for the area in which the headquarters of the applicant is located, regardless of the location of parent companies or affiliates. No particular form is prescribed for the application; however, the request for recertification must be accompanied by a current completed SBA Form 355 and any other information sufficient to show a significant change in its ownership, management, or other factors bearing on its status as a small concern.

(b) Recertification will not be required nor will the prohibition against future self-certification apply if the adverse SBA size determination is based solely on a finding of affiliation due to a joint venture (e.g., ostensible subcontracting) limited to a particular Government procurement or property sale, or is based on an ineligible manufacturer where the eligible small business bidder or offeror is a nonmanufacturer on a particular Government procurement.

(c) A denial of an application for recertification is a formal size determination and may be reviewed by OHA at the discretion of that office.

(d) The granting of an application for recertification has future effect only. While it is a formal size determination, notice of recertification is required to be given only to the applicant.

### APPEALS OF SIZE DETERMINATIONS AND NAICS CODE DESIGNATIONS

### § 121.1101 Are formal size determinations subject to appeal?

(a) Appeals from formal size determinations may be made to OHA. Unless
