AUTHORITY: 5 U.S.C. 552(a).

SOURCE: 71 FR 5165, Feb. 1, 2006, unless otherwise noted.

§ 1000.1 The Commission.

(a) The Consumer Product Safety Commission is an independent regulatory agency formed on May 14, 1973, under the provisions of the Consumer Product Safety Act (Pub. L. 92-573, 86 Stat. 1207, as amended (15 U.S.C. 2051, *et seq.*)). The purposes of the Commission under the CPSA are:

(1) To protect the public against unreasonable risks of injury associated with consumer products;

(2) To assist consumers in evaluating the comparative safety of consumer products;

(3) To develop uniform safety standards for consumer products and to minimize conflicting State and local regulations; and

(4) To promote research and investigation into the causes and prevention of product-related deaths, illnesses, and injuries.

(b) The Commission is authorized to consist of five members appointed by the President, by and with the advice and consent of the Senate, for terms of seven years. However, the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1993, Public Law 102-389, limited funding to that for three Commissioners for fiscal year 1993 and thereafter.

§ 1000.2 Laws administered.

The Commission administers five acts:

(a) The Consumer Product Safety Act (Pub. L. 92-573, 86 Stat. 1207, as amended (15 U.S.C. 2051, *et seq.*)).

(b) The Flammable Fabrics Act (Pub. L. 90-189, 67 Stat. 111, as amended (15 U.S.C. 1191, *et seq.*)).

(c) The Federal Hazardous Substances Act (Pub. L. 86-613, 74 Stat. 380, as amended (15 U.S.C. 1261, *et seq.*)).

(d) The Poison Prevention Packaging Act of 1970 (Pub. L. 91-601, 84 Stat. 1670, as amended (15 U.S.C. 1471, *et seq.*)).

(e) The Refrigerator Safety Act of 1956 (Pub. L. 84-930, 70 Stat. 953, (15 U.S.C. 1211, *et seq.*)).

§ 1000.3 Hotline.

(a) The Commission operates a toll-free telephone Hotline by which the public can communicate with the Commission. The number for use in all 50 states is 1-800-638-CPSC (1-800-638-2772).

(b) The Commission also operates a toll-free Hotline by which hearing or speech-impaired persons can communicate with the Commission by teletypewriter. The teletypewriter number for use in all states is 1-800-638-8270.

§ 1000.4

(c) The Commission also makes available to the public product recall information, its public calendar, and other information through its worldwide Web site at <http://www.cpsc.gov>. The public may also report product hazards or other information to the Commission at its e-mail address: info@cpsc.gov.

§ 1000.4 Commission address.

The principal Offices of the Commission are at 4330 East West Highway, Bethesda, Maryland 20814. All written communications with the Commission, including those sent by U.S. Postal Service, private express and messenger should be addressed to the Consumer Product Safety Commission at that address, unless otherwise specifically directed.

§ 1000.5 Petitions.

Any interested person may petition the Commission to issue, amend, or revoke a rule or regulation by submitting a written request to the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814. Petitions must comply with the Commission's procedure for petitioning for rulemaking at 16 CFR part 1051.

§ 1000.6 Commission decisions and records.

(a) Each decision of the Commission, acting in an official capacity as a collegial body, is recorded in Minutes of Commission meetings or as a separate Record of Commission Action. Copies of Minutes or of a Record of Commission Action may be obtained by e-mail (cpsc-os@cpsc.gov) or written request to the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814, or may be examined at Commission headquarters. Requests should identify the subject matter of the Commission action and the approximate date of the Commission action, if known.

(b) Other records in the custody of the Commission may be requested by e-mail (cpsc-os@cpsc.gov) or in writing from the Office of the Secretary pursuant to the Commission's Procedures for Disclosure or Production of Information under the Freedom of Information Act (16 CFR part 1015).

16 CFR Ch. II (1-1-25 Edition)

tion under the Freedom of Information Act (16 CFR part 1015).

§ 1000.7 Advisory opinions and interpretations of regulations.

(a) *Advisory opinions.* Upon written request, the General Counsel provides written advisory opinions interpreting the acts and administrative regulations (e.g., Freedom of Information Act regulations) the Commission administers, provided the request contains sufficient specific factual information upon which to base an opinion. Advisory opinions represent the legal opinions of the General Counsel and may be changed or superseded by the Commission. Requests for advisory opinions should be sent to the General Counsel, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814. Previously issued advisory opinions are available on the CPSC Web site at <http://www.cpsc.gov/library/foia/advisory/advisory.html>. A copy of a particular previously issued advisory opinion or a copy of an index of such opinions may also be obtained by written request to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

(b) *Interpretations of regulations.* Upon written request, the Assistant Executive Director for Compliance will issue written interpretations of Commission regulations pertaining to the safety standards and the enforcement of those standards, provided the request contains sufficient specific factual information upon which to base an interpretation. Interpretations of regulations represent the interpretations of the staff and may be changed or superseded by the Commission. Requests for such interpretations should be sent to the Assistant Executive Director for Compliance, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

§ 1000.8 Meetings and hearings; public notice.

(a) The Commission may meet and exercise all its powers in any place.

(b) Meetings of the Commission are held as ordered by the Commission and, unless otherwise ordered, are held at the principal office of the Commission

Consumer Product Safety Commission

§ 1000.12

at 4330 East West Highway, Bethesda, Maryland. Meetings of the Commission for the purpose of jointly conducting the formal business of the agency, including the rendering of official decisions, are generally announced in advance and open to the public, as provided by the Government in the Sunshine Act (5 U.S.C. 552b) and the Commission's Meetings Policy (16 CFR part 1012).

(c) The Commission may conduct any hearing or other inquiry necessary or appropriate to its functions anywhere in the United States. It will publish a notice of any proposed hearing in the **FEDERAL REGISTER** and will afford a reasonable opportunity for interested persons to present relevant testimony and data.

(d) Notices of Commission meetings, Commission hearings, and other Commission activities are published in a Public Calendar, as provided in the Commission's Meetings Policy (16 CFR part 1012). The Public Calendar is available on the Commission Web site at <http://www.cpsc.gov>.

§ 1000.9 Quorum.

Three members of the Commission constitute a quorum for the transaction of business. If there are only three members serving on the Commission, two members constitute a quorum. If there are only two members serving on the Commission because of vacancies, two members constitute a quorum, but only for six months from the time the number of members was reduced to two.

NOTE: The Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1993, Pub. L. 102-389, limited funding to that for three Commissioners for fiscal year 1993 and thereafter.

§ 1000.10 The Chairman and Vice Chairman.

(a) The Chairman is the principal executive officer of the Commission and, subject to the general policies of the Commission and to such regulatory decisions, findings, and determinations as the Commission is by law authorized to make, he or she exercises all of the executive and administrative functions of the Commission.

(b) The Commission shall annually elect a Vice Chairman for a term beginning on June 1. The Vice Chairman shall serve until the election of his or her successor. The Vice Chairman acts in the absence or disability of the Chairman or in case of a vacancy in the Office of the Chairman.

§ 1000.11 Delegation of functions.

Section 27(b)(9) of the Consumer Product Safety Act (15 U.S.C. 2076(b)(9)) authorizes the Commission to delegate any of its functions and powers, other than the power to issue subpoenas, to any officer or employee of the Commission. Delegations are documented in the Commission's Directives System.

§ 1000.12 Organizational structure.

The Consumer Product Safety Commission is composed of the principal units listed in this section.

(a) The following units report directly to the Chairman of the Commission:

- (1) Office of the General Counsel;
- (2) Office of Congressional Relations;
- (3) Office of the Inspector General;
- (4) Office of Equal Employment Opportunity and Minority Enterprise;
- (5) Office of the Executive Director.

(b) The following units report directly to the Executive Director of the Commission:

- (1) Office of Financial Management, Planning and Evaluation;
- (2) Office of Hazard Identification and Reduction;
- (3) Office of Information and Public Affairs;
- (4) Office of Compliance and Field Operations;
- (5) Office of Human Resources Management;
- (6) Office of Information and Technology Services;
- (7) Office of International Programs and Intergovernmental Affairs.

(c) The following units report directly to the Assistant Executive Director for Hazard Identification and Reduction:

- (1) Directorate for Economic Analysis;
- (2) Directorate for Epidemiology;
- (3) Directorate for Health Sciences;

§ 1000.13

- (4) Directorate for Engineering Sciences;
- (5) Directorate for Laboratory Sciences.

§ 1000.13 Directives System.

The Commission maintains a Directives System which contains delegations of authority and descriptions of Commission programs, policies, and procedures. A complete set of directives is available for inspection in the public reading room at Commission headquarters.

§ 1000.14 Office of the General Counsel.

The Office of the General Counsel provides advice and counsel to the Commissioners and organizational components of the Commission on matters of law arising from operations of the Commission. It prepares the legal analysis of Commission legislative proposals and comments on relevant legislative proposals originating elsewhere. The Office, in conjunction with the Department of Justice, is responsible for the conduct of all Federal court litigation to which the Commission is a party. The Office also advises the Commission on administrative litigation matters. The Office provides final legal review of and makes recommendations to the Commission on proposed product safety standards, rules, regulations, petition actions, and substantial hazard actions. It also provides legal review of certain procurement, personnel, and administrative actions and drafts documents for publication in the **FEDERAL REGISTER**.

§ 1000.15 Office of Congressional Relations.

The Office of Congressional Relations is the principal contact with the committees and members of Congress and state legislative bodies. It performs liaison duties for the Commission, provides information and assistance to Congress on matters of Commission policy, and coordinates testimony and appearances by Commissioners and agency personnel before Congress.

16 CFR Ch. II (1-1-25 Edition)**§ 1000.16 Office of the Inspector General.**

The Office of the Inspector General is an independent office established under the provisions of the Inspector General Act of 1978, 5 U.S.C. appendix, as amended. This Office independently initiates, conducts, supervises, and coordinates audits, operations reviews, and investigations of Commission programs, activities, and operations. The Office also makes recommendations to promote economy, efficiency, and effectiveness within the Commission's programs and operations. The Office receives and investigates complaints or information concerning possible violations of law, rules, or regulations, mismanagement, abuse of authority, and waste of funds. It reviews existing and proposed legislation concerning the economy, efficiency, and effectiveness of such legislation on Commission operations.

§ 1000.17 Office of Equal Employment Opportunity and Minority Enterprise.

The Office of Equal Employment Opportunity and Minority Enterprise is responsible for assuring compliance with all laws and regulations relating to equal employment opportunity. The Office provides advice and assistance to the Chairman and Commission staff on all EEO related issues including the agency Small and Disadvantaged Business Utilization Program. The Office develops agency EEO program policies. The Office manages the discrimination complaint process, including the adjudication of discrimination complaints, and facilitates Affirmative Employment Program (AEP) planning for women, minorities, individuals with disabilities and disabled veterans. The Office plans and executes special emphasis programs and special programs with minority colleges, and EEO, diversity, prevention of sexual harassment and related training. The Office identifies trends, personnel policies and practices that have an impact on EEO and makes recommendations to the Chairman on the effectiveness and efficiency of EEO programs and methods to enhance equal opportunity.

Consumer Product Safety Commission

§ 1000.21

§ 1000.18 Office of Executive Director.

The Executive Director with the assistance of the Deputy Executive Director, under the broad direction of the Chairman and in accordance with Commission policy, acts as the chief operating manager of the agency, supporting the development of the agency's budget and operating plan before and after Commission approval, and managing the execution of those plans. The Executive Director has direct line authority over the following directorates and offices: the Office of Financial Management, Planning and Evaluation, the Office of Hazard Identification and Reduction, the Office of Information and Public Affairs, the Office of Compliance and Field Operations, the Office of Human Resources Management, the Office of Information and Technology Services, and the Office of International Programs and Intergovernmental Affairs.

§ 1000.19 Office of Financial Management, Planning and Evaluation.

The Office of Financial Management, Planning and Evaluation is responsible for developing the Commission's funds control system, long-range strategic plans, annual performance budgets and operating plans; analysis of major policy and operational issues; performing evaluations and management studies of Commission programs and activities; ensuring that Commission resources are procured and expended as planned and according to purchasing regulations; the review, control, and payment of Commission financial obligations; and, reporting on the use and performance of Commission resources. The Office recommends actions to the Executive Director to enhance the effectiveness of Commission programs and the management of budget, planning and evaluation, financial, and procurement activities. The Office serves as the staff support to the Commission Chief Financial Officer.

§ 1000.20 Office of Information and Public Affairs.

The Office of Information and Public Affairs, which is managed by the Director of the Office, is responsible for the development, implementation, and evaluation of a comprehensive national

information and public affairs program designed to promote product safety. This includes responsibility for developing and maintaining relations with a wide range of national groups such as consumer organizations; business groups; trade associations; state and local government entities; labor organizations; medical, legal, scientific and other professional associations; and other Federal health, safety and consumer agencies. The Office also is responsible for implementing the Commission's media relations program nationwide. The Office serves as the Commission's spokesperson to the national print and broadcast media, develops and disseminates the Commission's news releases, and organizes Commission news conferences.

§ 1000.21 Office of Compliance and Field Operations.

The Office of Compliance and Field Operations conducts compliance and administrative enforcement activities under all administered acts, provides advice and guidance on complying with all administered acts and reviews proposed standards and rules with respect to their enforceability. The Office's responsibilities also include identifying and addressing safety hazards in consumer products already in distribution, promoting industry compliance with existing safety rules, and conducting administrative litigation. It conducts field enforcement efforts, including providing program guidance, advice, and case guidance to field staff. It enforces the Consumer Product Safety Act reporting requirements. It reviews consumer complaints, conducts inspections and in-depth investigations, and analyzes available data to identify those consumer products containing defects posing a substantial risk of injury or which do not comply with existing safety requirements. The Office negotiates and monitors corrective action plans for products that are defective or fail to comply with specific regulations. It gathers information on product hazards that may be addressed through rulemaking or voluntary standards. The Office develops surveillance strategies and programs designed to assure compliance with Commission standards and regulations. The Office

§ 1000.22

of Compliance and Field Operations also assists the Office of Information and Public Affairs in implementing consumer information activities nationwide, including wide-ranging public information and education programs designed to reduce consumer product injuries and deaths, and maintaining liaison with, and providing support to, other components of the Commission and appropriate State and local government offices.

§ 1000.22 Office of Human Resources Management.

The Office of Human Resources Management, which is managed by the Director of the Office, provides human resources management support to the Commission in the areas of recruitment and placement, position classification, training and executive development, employee and labor relations, employee benefits and retirement assistance, employee assistance programs, drug testing, leave administration, disciplinary and adverse actions, grievances and appeals, and performance management.

§ 1000.23 Office of Information and Technology Services.

The Office of Information and Technology Services houses the Commission's Secretariat, which facilitates the preparation of the Commission's agenda; coordinates Commission business at official meetings; maintains the dockets and other materials for the Commission's public and non-public administrative and adjudicative meetings and hearings; prepares and publishes the Public Calendar; maintains the Commission's Injury Information Clearinghouse; issues Commission Orders; provides legal notice of Commission decisions through publication in the FEDERAL REGISTER; processes all filings that the Commission receives in paper, electronic and alternative media formats; exercises joint responsibility with the Office of the General Counsel for interpretation and application of the Privacy Act, Freedom of Information Act, and the Government in the Sunshine Act; prepares reports required by these acts; and maintains and manages all official Commission records including those pertaining to

16 CFR Ch. II (1-1-25 Edition)

continuing guarantees of compliance with applicable standards of flammability under the Flammable Fabrics Act filed with the Commission. The Secretary is the agency's Chief Freedom of Information Act Officer. The Office of Information and Technology Services is also responsible for the general policy and planning issues related to the dissemination of information by the Commission including, but not limited to, OMB Circular A-130, the Federal Information Security Management Act, the Government Paperwork Elimination Act, Section 508 of the Americans with Disabilities Act, and the E-Government Act under the President's Management Agenda; the design, implementation and support of the Commission's information technology system needs; maintaining and/or providing access to administrative applications for the Commission's business processes such as payroll, accounting, personnel, budget, information management and work tracking; administration of the network, telephone systems, and Help Desk. The Office of Information and Technology Services also is responsible for providing the Commission with printing, mail, and copy services, library services, logistical, real and personal property management services; and addressing safety and ergonomic issues in the work place.

§ 1000.24 Office of International Programs and Intergovernmental Affairs.

The Office of International Programs and Intergovernmental Affairs provides a comprehensive and coordinated effort in consumer product safety standards development and implementation at the international, Federal, State and local level. The office conducts activities and creates strategies aimed at ensuring greater import compliance with recognized American safety standards and exportation of CPSC regulatory policies, technologies and methodologies into other jurisdictions. The office also works to harmonize the use of standards worldwide.

Consumer Product Safety Commission

§ 1000.27

§ 1000.25 Office of Hazard Identification and Reduction.

The Office of Hazard Identification and Reduction, under the direction of the Assistant Executive Director for Hazard Identification and Reduction, is responsible for managing the Commission's Hazard Identification and Analysis Program and its Hazard Assessment and Reduction Program. The Office reports to the Executive Director, and has line authority over the Directorates for Epidemiology and Health Sciences, Economic Analysis, Engineering Sciences, and Laboratory Sciences. The Office develops strategies for and implements the agency's operating plans for these two hazard programs. This includes the collection and analysis of data to identify hazards and hazard patterns, the implementation of the Commission's safety standards development projects, the coordination of voluntary standards activities, and providing overall direction and evaluation of projects involving hazard analysis, data collection, emerging hazards, mandatory and voluntary standards, petitions, and labeling rules. The Office assures that relevant technical, environmental, economic, and social impacts of projects are comprehensively and objectively presented to the Commission for decision.

§ 1000.26 Directorate for Epidemiology.

The Directorate for Epidemiology, managed by the Associate Executive Director for Epidemiology, is responsible for the collection and analysis of data on injuries and deaths associated with consumer products. The Directorate has two divisions: the Data Systems Division and the Hazard Analysis Division. The Data Systems Division operates the national data collection systems which provide the data that serve as the basis for the Commission's estimates of the numbers of deaths and injuries associated with consumer products. These data systems include the National Electronic Injury Surveillance System, a nationally representative sample of hospital emergency departments; a death certificate file, which contains data obtained from death certificates on deaths associated

with consumer products; and the Injury and Potential Injury Incident file, which contains information on, among other things, incidents associated with consumer products, based on news clips, medical examiner reports, hotline reports, Internet complaints, and referrals. The Hazard Analysis Division conducts statistical analysis of these data and conducts epidemiologic studies to estimate the numbers of injuries and deaths associated with various consumer products and to examine factors associated with these injuries and deaths. In addition, staff in the Hazard Analysis Division design special studies, design and analyze data from experiments for testing of consumer products, and provide statistical expertise and advice to Commission staff in support of regulation development.

§ 1000.27 Directorate for Health Sciences.

The Directorate for Health Sciences is managed by the Associate Executive Director for Health Sciences and is responsible for reviewing and evaluating the human health effects and hazards related to consumer products and assessing exposure, uptake and metabolism, including information on population segments at risk. Directorate staff conducts health studies and research in the field of consumer product-related injuries. The Directorate performs risk assessments for chemical, physiological and physical hazards based on methods such as medical injury modeling, and on injury and incident data for mechanical, thermal, chemical and electrical hazards in consumer products. It provides the Commission's primary source of scientific expertise for implementation of the Poison Prevention Packaging Act and the Federal Hazardous Substances Act. The Directorate assists in the development and evaluation of product safety standards and test methods based on scientific and public health principles. It provides support to the Commission's regulatory development and enforcement activities. It manages hazard identification and analysis, and hazard assessment and reduction projects as assigned. The Directorate provides liaison with the National Toxicology Program, the Department

§ 1000.28**16 CFR Ch. II (1-1-25 Edition)**

of Health and Human Services (including the Food and Drug Administration, the Centers for Disease Control and Prevention, the National Institutes of Health), the Occupational Health and Safety Administration, the Environmental Protection Agency, other Federal agencies and programs, and other organizations concerned with reducing the risk to consumers from exposure to consumer product hazards.

§ 1000.28 Directorate for Economic Analysis.

The Directorate for Economic Analysis, which is managed by the Associate Executive Director for Economic Analysis, is responsible for providing the Commission with advice and information on economic and environmental matters and on the economic, social and environmental effects of Commission actions. It analyzes the potential effects of CPSC actions on consumers and on industries, including effects on competitive structure and commercial practices. The Directorate acquires, compiles, and maintains economic data on movements and trends in the general economy and on the production, distribution, and sales of consumer products and their components to assist in the analysis of CPSC priorities, policies, actions, and rules. It plans and carries out economic surveys of consumers and industries. It studies the costs of accidents and injuries. It evaluates the economic, societal, and environmental impact of product safety rules and standards. It performs regulatory analyses and studies of costs and benefits of CPSC actions as required by the Consumer Product Safety Act, The National Environmental Policy Act, the Regulatory Flexibility Act and other Acts, and by policies established by the Consumer Product Safety Commission. The Directorate manages hazard assessment and reduction projects as assigned.

§ 1000.29 Directorate for Engineering Sciences.

The Directorate for Engineering Sciences, which is managed by the Associate Executive Director for Engineering Sciences, is responsible for developing technical policy for and implementing the Commission's engineer-

ing programs. The Directorate manages hazard assessment and reduction projects as assigned by the Office of Hazard Identification and Reduction; provides engineering technical support and product safety assessments for the Office of Compliance and Field Operations; provides engineering, scientific, and technical expertise to the Commission and Commission staff as requested; and provides engineering technical support to other Commission organizations, activities, and programs as needed. The Directorate develops and evaluates product safety standards, product safety tests and test methods, performance criteria, design specifications, and quality control standards for consumer products, based on engineering and scientific methods. It conducts engineering analysis and testing of the safety of consumer products, and evaluates and participates in the development of mandatory and voluntary standards for consumer products including engineering and human factors analyses in support of standards development and product compliance testing. The Directorate performs or monitors research for consumer products in a broad array of engineering disciplines including chemical, electrical, fire protection, human factors, and mechanical engineering. It conducts and coordinates engineering research, testing, and evaluation activities with other Federal agencies, private industry, and consumer interest groups. The Directorate conducts human factors studies and research of consumer product related injuries, including evaluations of labels, signs and symbols, instructions, and other measures intended to address the human component of injury prevention. The Directorate provides technical supervision and direction of engineering activities including tests and analyses conducted in the field.

§ 1000.30 Directorate for Laboratory Sciences.

The Directorate for Laboratory Sciences, which is managed by the Associate Executive Director for Laboratory Sciences, is responsible for conducting engineering analyses and testing of consumer products, supporting

Consumer Product Safety Commission

the development of voluntary and mandatory standards, and supporting the Agency's compliance activities through product safety assessments. A wide variety of products are tested and evaluated to determine the causes of failure and the hazards presented. Product safety tests involve mechanical, electrical, and combustion engineering, as well as thermal and chemical analyses. Test protocols are developed, test fixtures and setups are designed and fabricated, and tests are conducted following the requirements and guidance of voluntary and mandatory standards and/or using sound engineering and scientific judgment. The Laboratory participates with and supports other agency directorates on multi-disciplinary teams in the development of voluntary and mandatory standards. The Laboratory coordinates and cooperates with other Federal agencies, private industry, and consumer interest groups by sharing engineering and scientific research, test, and evaluation expertise. Additionally, Corrective Action Plans, proposed by manufacturers to correct a product defect, are tested and evaluated to assure that the proposed changes adequately resolve the problem. Regulated products, such as children's products, sleepwear, and bicycle helmets, are routinely tested and evaluated for compliance with the Consumer Product Safety Act, the Federal Hazardous Substances Act, the Flammable Fabrics Act, and the Poison Prevention Packaging Act. The Directorate is composed of the Mechanical Engineering Division, the Electrical Engineering Division (which includes flammable fabrics), and the Chemical Division. Overall, the directorate provides engineering, scientific, and other technical expertise to all entities within the Consumer Product Safety Commission.

PART 1009—GENERAL STATEMENTS OF POLICY OR INTERPRETATION

Sec.

- 1009.3 Policy on imported products, importers, and foreign manufacturers.
- 1009.8 Policy on establishing priorities for Commission action.
- 1009.9 Policy regarding the granting of emergency exemptions from Commission regulations.

§ 1009.3

§ 1009.3 Policy on imported products, importers, and foreign manufacturers.

(a) This policy states the Commission's views as to imported products subject to the Consumer Product Safety Act (15 U.S.C. 2051) and the other Acts the Commission administers: The Federal Hazardous Substances Act (15 U.S.C. 1261), the Flammable Fabrics Act (15 U.S.C. 1191), the Poison Prevention Packaging Act (15 U.S.C. 1471), and the Refrigerator Safety Act (15 U.S.C. 1211). Basically, the Policy states that in order to fully protect the American consumer from hazardous consumer products the Commission will seek to ensure that importers and foreign manufacturers, as well as domestic manufacturers, distributors, and retailers, carry out their obligations and responsibilities under the five Acts. The Commission will also seek to establish, to the maximum extent possible, uniform import procedures for products subject to the Acts the Commission administers.

(b) The Consumer Product Safety Act recognizes the critical position of importers in protecting American consumers from unreasonably hazardous products made abroad and accordingly, under that Act, importers are made subject to the same responsibilities as domestic manufacturers. This is explicitly stated in the definition of "manufacturer" as any person who manufacturers or imports a consumer product (Section 3(a)(4); 15 U.S.C. 2052(a)(4)).

(c) The Federal Hazardous Substances Act (15 U.S.C. 1261 *et seq.*), the Flammable Fabrics Act (15 U.S.C. 1191 *et seq.*), the Poison Prevention Packaging Act (15 U.S.C. 1471 *et seq.*), which were transferred to the jurisdiction of the Consumer Product Safety Commission under its enabling act, all assign responsibilities to importers comparable to those of manufacturers and distributors.

(d) Historically, foreign-made products entering the United States were "cleared" by those agencies with particular jurisdiction over them. Products so cleared were limited in number relative to total imports. The Consumer Product Safety Commission has jurisdiction over a far larger number of products entering the United States
