(d) *Enforceability.* A dispute settlement procedure may require parties utilizing such procedure to agree, under applicable state law, submission agreement or otherwise, to be bound by an award rendered in the procedure, provided that the agreement to submit the claim or grievance to the procedure was made in accordance with paragraph (c) or (g) of this section or that the agreement to submit the claim or grievance was made after the claim or grievance arose. Any award so rendered shall be enforceable in accordance with applicable law.

(e) *Time limits for submission of claims.* The dispute settlement procedure established by a designated contract market shall not include any unreasonably short limitation period foreclosing submission of customers' claims or grievances or counterclaims.

(f) *Counterclaims.* A procedure established by a designated contract market under the Act for the settlement of customers' claims or grievances against a member or employee thereof may permit the submission of a counterclaim in the procedure by a person against whom a claim or grievance is brought. The designated contract market may permit such a counterclaim where the counterclaim arises out of the transaction or occurrence that is the subject of the customer's claim or grievance and does not require for adjudication the presence of essential witnesses, parties, or third persons over whom the designated contract market does not have jurisdiction. Other counterclaims arising out of a transaction subject to the Act and rules promulgated thereunder for which the customer utilizes the services of the registrant may be permissible where the customer and the registrant have agreed in advance to require that all such submissions be included in the proceeding, and if the aggregate monetary value of the counterclaims is capable of calculation.

(g) *Eligible contract participants.* A person who is an "eligible contract participant" as defined in section 1a(12) of the Act may negotiate any term of an agreement or understanding with a

Commission registrant in which the eligible contract participant agrees, prior to the time a claim or grievance arises, to submit such claim or grievance to any settlement procedure provided for in the agreement.

Subpart A—Standards Governing Commission Review of Applications for Registration as a Futures Association Under Section 17 of the Act

§ 170.1 Demonstration of purposes (section 17(b)(1) of the Act).

A futures association must demonstrate that it will be able to carry out the purposes of section 17 of the Act. Since a basic purpose of a futures association is to regulate the practices of its members, an association should demonstrate that it will require its members to adhere to regulatory requirements governing their business practices at least as stringent as those imposed by the Commission. For example, the association should be prepared to establish and maintain in accordance with § 1.52 of this chapter, a financial compliance program for those members of the association who are futures commission merchants.

§ 170.2 Membership restrictions (section 17(b)(2) of the Act).

If it appears to the Commission to be necessary or appropriate in the public interest and to carry out the purposes of section 17 of the Act, a futures association may restrict its membership to individuals registered by the Commission in a particular capacity or to individuals doing business in a particular geographical region or to firms having a particular level of capital assets or which engage in a specified amount of business per year.

[48 FR 35305, Aug. 3, 1983]

§ 170.3 Fair and equitable representation of members (section 17(b)(5) of the Act).

A futures association must assure fair and equitable representation of the views and interests of all association members in the procedures providing for the adoption, amendment or repeal of any association rule, in an association's procedure for the selection of association officers and directors and in all other phases of the association's affairs and activities, including disciplinary and membership hearings. No single group or class of association members shall dominate or otherwise exer-

cise disproportionate influence on any governing board of an association or on any disciplinary or membership panel of such an association. Non-members of the association shall be represented wherever practicable on any board or hearing panel of the association.

§ 170.4 Allocation of dues (section 17(b)(6) of the Act).

Dues imposed on members of a futures association must be allocated equitably among members and may not be structured in a manner constituting a barrier to entry of any person seeking to engage in commodity-related business activities.

§ 170.5 Prevention of fraudulent and manipulative practices (section 17(b)(7) of the Act).

A futures association must establish and maintain a program for the protection of customers and option customers, including the adoption of rules to protect customers and option customers and customer funds and to promote fair dealing with the public. These rules shall set forth the ethical standards for members of the association in their business dealings with the public. An applicant association must also demonstrate its capability to foster a professional atmosphere among its members, including an acceptance of an adherence to the ethical standards, and to monitor and enforce compliance with the customer and option customer protection program and rules.
