

paragraph (f) of this section shall remain in effect unless and until modified or withdrawn by the Commission.

(h) If, during the course of or after the Commission acts pursuant to paragraph (f) of this section, the Commission determines that it is appropriate to undertake a proceeding pursuant to section 6(c) of the Act, the Commission shall issue a complaint in accordance with the requirements of section 6(c), and, upon further determination by the Commission that the conditions described in paragraph (c) of this section still exist, a hearing pursuant to section 6(c) of the Act shall commence no later than five business days after service of the complaint. In the event the person served with the complaint under section 6(c) of the Act has, prior to the commencement of the hearing under section 6(c) of the Act, sought a hearing pursuant to paragraph (g) of this section and the Commission has determined to accord him such a hearing, the two hearings shall be conducted simultaneously. Nothing in this section shall preclude the Commission from taking other appropriate action under the Act or the Commission's regulations thereunder, including action under section 6(c) of the Act, regardless of whether the conditions described in paragraph (c) of this section still exist, and no ruling issued in the course of a hearing pursuant to paragraph (g) or this paragraph shall constitute an estoppel against the Commission in any other action.

§ 22.1 Definitions.

For the purposes of this part:

Cleared Swap. This term refers to a transaction constituting a “cleared swap” within the meaning of section 1a(7) of the Act.

(1) This term shall exclude any swap (along with money, securities, or other property received to margin, guarantee, or secure such a swap) that, pursuant to a Commission rule, regulation, or order, is (along with such money, securities, or other property) commingled with a commodity future or option (along with money, securities, or other property received to margin, guarantee, or secure such a future or option) that is segregated pursuant to section 4d(a) of the Act.

(2) This term shall include any trade or contract (along with money, securities or other property received to margin, guarantee, or secure such a trade or contract), that

(i) Would be required to be segregated pursuant to section 4d(a) of the Act, or

(ii) Would be subject to §30.7 of this chapter, but which is, in either case, pursuant to a Commission rule, regulation, or order (or a derivatives clearing organization rule approved in accordance with §39.15(b)(2) of this chapter), commingled with a swap (along with money, securities, or other property received to margin, guarantee, or secure such a swap) in an account segregated pursuant to section 4d(f) of the Act.

Cleared Swaps Customer. This term refers to any person entering into a Cleared Swap, but shall exclude:

(1) Any owner or holder of a Cleared Swaps Proprietary Account with respect to the Cleared Swaps in such account; and

(2) A clearing member of a derivatives clearing organization with respect to Cleared Swaps cleared on that derivatives clearing organization. A person shall be a Cleared Swaps Customer only with respect to its Cleared Swaps.

Cleared Swaps Customer Account. This term refers to any account for the Cleared Swaps of Cleared Swaps Customers and associated Cleared Swaps Customer Collateral that:

(1) A futures commission merchant maintains on behalf of Cleared Swaps Customers (including, in the case of a Collecting Futures Commission Merchant, the Cleared Swaps Customers of a Depositing Futures Commission Merchant) or

(2) A derivatives clearing organization maintains for futures commission merchants on behalf of Cleared Swaps Customers thereof.

Cleared Swaps Customer Collateral. (1) This term means all money, securities, or other property received by a futures commission merchant or by a derivatives clearing organization from, for, or on behalf of a Cleared Swaps Customer, which money, securities, or other property:

(i) Is intended to or does margin, guarantee, or secure a Cleared Swap; or

(ii) Constitutes, if a Cleared Swap is in the form or nature of an option, the settlement value of such option.

(2) This term shall also include accruals, *i.e.*, all money, securities, or

other property that a futures commission merchant or derivatives clearing organization receives, directly or indirectly, which is incident to or results from a Cleared Swap that a futures commission merchant intermediates for a Cleared Swaps Customer.

Cleared Swaps Proprietary Account. (1) This term means an account for Cleared Swaps and associated collateral that is carried on the books and records of a futures commission merchant for persons with certain relationships with that futures commission merchant, specifically:

(i) Where such account is carried for a person falling within one of the categories specified in paragraph (2) of this definition, or

(ii) Where ten percent or more of such account is owned by a person falling within one of the categories specified in paragraph (2) of this definition, or

(iii) Where an aggregate of ten percent or more of such account is owned by more than one person falling within one or more of the categories specified in paragraph (2) of this definition.

(i) Such individual himself, or such partnership, corporation or association itself;

(ii) In the case of a partnership, a general partner in such partnership;

(iii) In the case of a limited partnership, a limited or special partner in such partnership whose duties include:

(B) The handling, on behalf of such partnership, of:

(1) The Cleared Swaps of Cleared Swaps Customers or

(2) The Cleared Swaps Customer Collateral;

(C) The keeping, on behalf of such partnership, of records pertaining to

(D) The signing or co-signing of checks or drafts on behalf of such partnership;

(iv) In the case of a corporation or association, an officer, director, or owner of ten percent or more of the capital stock of such organization;

(v) An employee of such individual, partnership, corporation or association whose duties include:

(vii) A business affiliate that, directly or indirectly, controls such individual, partnership, corporation, or association; or

(viii) A business affiliate that, directly or indirectly, is controlled by or is under common control with, such individual, partnership, corporation or association. *Provided, however,* that an account owned by any shareholder or member of a cooperative association of producers, within the meaning of section 6a of the Act, which association is registered as a futures commission merchant and carries such account on its records, shall be deemed to be a Cleared Swaps Customer Account and not a Cleared Swaps Proprietary Account of such association, unless the shareholder or member is an officer, director, or manager of the association.

Clearing Member. This term means any person that has clearing privileges such that it can process, clear and settle trades through a derivatives clearing organization on behalf of itself or others. The derivatives clearing organization need not be organized as a membership organization.

§ 22.2 Futures Commission Merchants: Treatment of Cleared Swaps and Associated Cleared Swaps Customer Collateral.

(a) *General.* A futures commission merchant shall treat and deal with the Cleared Swaps of Cleared Swaps Customers and associated Cleared Swaps Customer Collateral as belonging to Cleared Swaps Customers.

(b) *Location of Cleared Swaps Customer Collateral.* (1) A futures commission merchant must segregate all Cleared Swaps Customer Collateral that it receives, and must either hold such Cleared Swaps Customer Collateral itself as set forth in paragraph (b)(2) of this section, or deposit such collateral into one or more Cleared Swaps Customer Accounts held at a Permitted Depository, as set forth in paragraph (b)(3) of this section.

(2) If a futures commission merchant holds Cleared Swaps Customer Collat-

eral itself, then the futures commission merchant must:

(i) Physically separate such collateral from its own property;

(ii) Clearly identify each physical location in which it holds such collateral as a “Location of Cleared Swaps Customer Collateral” (the “FCM Physical Location”);

(iii) Ensure that the FCM Physical Location provides appropriate protection for such collateral; and

(iv) Record in its books and records the amount of such Cleared Swaps Customer Collateral separately from its own funds.

(3) If a futures commission merchant holds Cleared Swaps Customer Collateral in a Permitted Depository, then:

(i) The Permitted Depository must qualify pursuant to the requirements set forth in § 22.4 of this part, and

(ii) The futures commission merchant must maintain a Cleared Swaps Customer Account with each such Permitted Depository.

(c) *Commingle.* (1) A futures commission merchant may commingle the Cleared Swaps Customer Collateral that it receives from, for, or on behalf of multiple Cleared Swaps Customers.

(2) A futures commission merchant shall not commingle Cleared Swaps Customer Collateral with either of the following:

(i) Funds belonging to the futures commission merchant, except as expressly permitted in paragraph (e)(3) of this section; or

(ii) Other categories of funds belonging to Futures Customers (as § 1.3 of this chapter defines that term), or Foreign Futures or Foreign Options Customers (as § 30.1 of this chapter defines that term) of the futures commission merchant, including Futures Customer Funds (as § 1.3 of this chapter defines such term) or the foreign futures or foreign options secured amount (as § 1.3 of this chapter defines such term), except as expressly permitted by Commission rule, regulation, or order, or by a derivatives clearing organization rule approved in accordance with § 39.15(b)(2) of this chapter.

(d) *Limitations on use.* (1) No futures commission merchant shall use, or permit the use of, the Cleared Swaps Customer Collateral of one Cleared Swaps

Commodity Futures Trading Commission

§ 22.2

Customer to purchase, margin, or settle the Cleared Swaps or any other trade or contract of, or to secure or extend the credit of, any person other than such Cleared Swaps Customer. Cleared Swaps Customer Collateral shall not be used to margin, guarantee, or secure trades or contracts of the entity constituting a Cleared Swaps Customer other than in Cleared Swaps, except to the extent permitted by a Commission rule, regulation or order.

(2) A futures commission merchant may not impose or permit the imposition of a lien on Cleared Swaps Customer Collateral, including any residual financial interest of the futures commission merchant in such collateral, as described in paragraph (e)(4) of this section.

(3) A futures commission merchant may not include, as Cleared Swaps Customer Collateral,

(i) Money invested in the securities, memberships, or obligations of any derivatives clearing organization, designated contract market, swap execution facility, or swap data repository, or

(ii) Money, securities, or other property that any derivatives clearing organization holds and may use for a purpose other than those set forth in § 22.3 of this part.

(e) *Exceptions.* Notwithstanding the foregoing:

(1) *Permitted investments.* A futures commission merchant may invest money, securities, or other property constituting Cleared Swaps Customer Collateral in accordance with § 1.25 of this chapter, which shall apply to such money, securities, or other property as if they comprised customer funds or customer money subject to segregation pursuant to section 4d(a) of the Act and the regulations thereunder; *Provided, however,* that the futures commission merchant shall bear sole responsibility for any losses resulting from the investment of customer funds in instruments described in § 1.25 of this chapter. No investment losses shall be borne or otherwise allocated to Cleared Swaps Customers of the futures commission merchant.

(2) *Permitted withdrawals.* Such share of Cleared Swaps Customer Collateral as in the normal course of business

shall be necessary to margin, guarantee, secure, transfer, adjust, or settle a Cleared Swaps Customer's Cleared Swaps with a derivatives clearing organization, or with a Collecting Futures Commission Merchant, may be withdrawn and applied to such purposes, including the payment of commissions, brokerage, interest, taxes, storage, and other charges, lawfully accruing in connection with such Cleared Swaps.

(3) *Deposits of own money, securities, or other property.* (i) In order to ensure that it is always in compliance with paragraph (f) of this section, a futures commission merchant may place in an FCM Physical Location or deposit in a Cleared Swaps Customer Account its own money, securities, or other property (*provided, that* such securities or other property are unencumbered and are of the types specified in § 1.25 of this chapter).

(ii) Money, securities, or other property deposited by a futures commission merchant pursuant to 22.13(b) and available to a derivatives clearing organization or Collecting Futures Commission Merchant to meet the obligations of the futures commission merchant's Cleared Swaps Customers collectively, shall be maintained in an account separate from the Cleared Swaps Customer Account.

(4) *Residual financial interest.* (i) If, in accordance with paragraph (e)(3)(i) of this section, a futures commission merchant places in an FCM Physical Location or deposits in a Cleared Swaps Customer Account its own money, securities, or other property, then such money, securities, or other property (including accruals thereon) shall constitute Cleared Swaps Customer Collateral.

(ii) The futures commission merchant shall have a residual financial interest in any portion of such money, securities, or other property in excess of that necessary for compliance with paragraph (f)(4) of this section.

(iii) The futures commission merchant may withdraw money, securities, or other property from the FCM Physical Location or Cleared Swaps Customer Account, to the extent of its residual financial interest therein. At the time of such withdrawal, the futures commission merchant shall ensure that

§ 22.2

17 CFR Ch. I (4–1–23 Edition)

the withdrawal does not cause its residual financial interest to become less than zero.

(f) *Requirements as to amount.* (1) For purposes of this § 22.2(f), the term “account” shall reference the entries on the books and records of a futures commission merchant pertaining to the Cleared Swaps Customer Collateral of a particular Cleared Swaps Customer.

(2) The futures commission merchant must reflect in the account that it maintains for each Cleared Swaps Customer, the net liquidating equity for each such Cleared Swaps Customer, calculated as follows: The market value of any Cleared Swaps Customer Collateral that it receives from such customer, as adjusted by:

(i) Any uses permitted under paragraph (d) of this section;

(ii) Any accruals on permitted investments of such collateral under paragraph (e) of this section that, pursuant to the futures commission merchant’s customer agreement with that customer, are creditable to such customer;

(iii) Any gains and losses with respect to Cleared Swaps;

(iv) Any charges lawfully accruing to the Cleared Swaps Customer, including any commission, brokerage fee, interest, tax, or storage fee; and

(v) Any appropriately authorized distribution or transfer of such collateral.

(3) If the market value of Cleared Swaps Customer Collateral in the account of a Cleared Swaps Customer is positive after adjustments, then that account has a credit balance. If the market value of Cleared Swaps Customer Collateral in the account of a Cleared Swaps Customer is negative after adjustments, then that account has a debit balance.

(4) The futures commission merchant must, at all times, maintain in segregation, in its FCM Physical Locations and/or its Cleared Swaps Customer Accounts at Permitted Depositories, an amount equal to the sum of any credit balances that the Cleared Swaps Customers of the futures commission merchant have in their accounts. This balance may not be reduced by any debit balances that the Cleared Swaps Customers of the futures commission merchants have in their accounts.

(5) Notwithstanding the foregoing, the futures commission merchant must include, in calculating the sum referenced in paragraph (f)(4) of this section, any debit balance that a Cleared Swaps Customer may have in its account, to the extent that such balance is secured by “readily marketable securities” that the Cleared Swaps Customer deposited with the futures commission merchant.

(i) For purposes of this section, “readily marketable” shall be defined as having a “ready market” as such latter term is defined in Rule 15c3-1(c)(11) of the Securities and Exchange Commission (§241.15c3-1(c)(11) of this title).

(ii) In order for a debit balance to be deemed secured by “readily marketable securities,” the futures commission merchant must maintain a security interest in such securities, and must hold a written authorization to liquidate the securities at the discretion of the futures commission merchant.

(iii) To determine the amount secured by “readily marketable securities,” the futures commission merchant shall:

(A) Determine the market value of such securities; and

(B) Reduce such market value by applicable percentage deductions (*i.e.*, “securities haircuts”) as set forth in Rule 15c3-1(c)(2)(vi) of the Securities and Exchange Commission (§240.15c3-1(c)(2)(vi) of this title). Futures commission merchants that establish and enforce written policies and procedures to assess the credit risk of commercial paper, convertible debt instruments, or nonconvertible debt instruments in accordance with Rule 240.15c3-1(c)(2)(vi) of the Securities and Exchange Commission (§240.15c3-1(c)(2)(vi) of this title) may apply the lower haircut percentages specified in Rule 240.15c3-1(c)(2)(vi) for such commercial paper, convertible debt instruments and nonconvertible debt instruments. The portion of the debit balance, not exceeding 100 percent, that is secured by the reduced market value of such readily marketable securities shall be included in calculating the sum referred to in paragraph (f)(4) of this section.

(B) The value of the Cleared Swaps Customer Collateral for that account, as calculated in paragraph (f)(2) of this section.

(ii) Each futures commission merchant must compute, based on the information available to the futures commission merchant as of the close of each business day,

(B) Any debit balances referred to in paragraph (f)(4) of this section included in such undermargined amounts.

(iii)(A) Prior to the time of settlement referenced in paragraph (f)(6)(ii)(A) of this section such futures commission merchant must maintain residual interest in segregated funds that is equal to or exceeds the portion of the computation set forth in paragraph (f)(6)(ii) of this section attributable to the clearing initial margin required by the derivatives clearing organization making such settlement.

(B) A futures commission merchant may reduce the amount of residual interest required in paragraph (f)(6)(iii)(A) of this section to account for payments received from or on behalf of undermargined Cleared Swaps Customers (less the sum of any disbursements made to or on behalf of such customers) between the close of the previous business day and the time of settlement.

(iv) For purposes of paragraph (f)(6)(ii) of this section, a Depositing Futures Commission Merchant should include, as clearing initial margin, cus-

tomers initial margin that the Depositing Futures Commission Merchant will be required to maintain, for that Depositing Futures Commission Merchant's Cleared Swaps Customers, at a Collecting Futures Commission Merchant, and, for purposes of paragraph (f)(6)(iii) of this section, must do so prior to the time it must settle with that Collecting Futures Commission Merchant.

(g) *Segregated account; Daily computation and record.* (1) Each futures commission merchant must compute as of the close of each business day, on a currency-by-currency basis:

(i) The aggregate market value of the Cleared Swaps Customer Collateral in all FCM Physical Locations and all Cleared Swaps Customer Accounts held at Permitted Depositories (the "Collateral Value");

(ii) The sum referenced in paragraph (f)(4) of this section (the "Collateral Requirement"); and

(iii) The amount of the residual financial interest that the futures commission merchant holds in such Cleared Swaps Customer Collateral, which shall equal the difference between the Collateral Value and the Collateral Requirement.

(2) Each futures commission merchant is required to document its segregation computation required by paragraph (g)(1) of this section by preparing a Statement of Cleared Swaps Customer Segregation Requirements and Funds in Cleared Swaps Customer Accounts Under 4d(f) of the CEA contained in the Form 1-FR-FCM as of the close of business each business day.

(3) Each futures commission merchant is required to submit to the Commission and to the firm's designated self-regulatory organization the daily Statement of Cleared Swaps Customer Segregation Requirements and Funds in Cleared Swaps Customer Accounts Under 4d(f) of the CEA required by paragraph (g)(2) of this section by noon the following business day.

(G) Interests in money market mutual funds.

(6) Each futures commission merchant must report the total amount of customer owned securities held by the futures commission merchant as Cleared Swaps Customer Collateral and must list the names and locations of the depositories holding customer owned securities.

(7) Each futures commission merchant must report the total amount of Cleared Swaps Customer Collateral that has been used to purchase securities under agreements to resell the securities (reverse repurchase transactions).

§ 22.14 Futures Commission Merchant failure to meet a Cleared Swaps Customer Margin Call in full.

(a) A Depositing Futures Commission Merchant which receives a call for either initial margin or variation margin with respect to a Cleared Swaps Customer Account from a Collecting Futures Commission Merchant, which call such Depositing Futures Commission Merchant does not meet in full, shall, with respect to each Cleared Swaps Customer of such Depositing Futures Commission Merchant whose Cleared Swaps contribute to such margin call,

(2) Advise the Collecting Futures Commission Merchant of the identity of each such Cleared Swaps Customer, and the amount transmitted on behalf of each such Cleared Swaps Customer.

(b) If the entity acting as Depositing Futures Commission Merchant referenced in paragraph (a) of this section is also a Collecting Futures Commission Merchant, then:

(1) Such entity shall include in the transmission required in paragraph (a)(1) of this section any amount that it receives, pursuant to paragraph (a)(1) of this section, from a Depositing Futures Commission Merchant for which such entity acts as a Collecting Futures Commission Merchant; and

(2) Such Collecting Futures Commission shall present the derivatives clearing organization with the information that it receives from a Depositing Futures Commission Merchant pursuant to paragraph (a)(2) of this section.

(e) If:

(2) As of the close of business on the business day on which the margin call is not met, the market value of the Cleared Swaps Collateral held by the derivatives clearing organization or

Collecting Futures Commission Merchant is, due to changes in such market value, less than the amount specified in § 22.12(a)(2) of this part, then the amount of such collateral attributable to each Cleared Swaps Customer pursuant to § 22.12(a)(1) of this part shall be reduced by the percentage difference between the amount specified in § 22.12(a)(2) of this part and such market value.

(2) As of the close of business on the business day on which the margin call is not met, the market value of the Cleared Swaps Collateral held by the derivatives clearing organization is, due to changes in such market value, less than the amount specified in § 22.12(c)(2) of this part, then the amount of collateral attributable to each Cleared Swaps Customer pursuant to § 22.12(c)(1) of this part shall be reduced by the percentage difference between the amount specified in § 22.12(c)(2) and such market value.

§ 22.15 Treatment of Cleared Swaps Customer Collateral on an individual basis.

Subject to § 22.3(d), each derivatives clearing organization and each Collecting Futures Commission Merchant receiving Cleared Swaps Customer Collateral from a futures commission merchant shall treat the value of collateral required with respect to the portfolio of rights and obligations arising out of the Cleared Swaps intermediated for each Cleared Swaps Customer, and collected from the futures commission merchant, as belonging to such Cleared Swaps Customer, and such amount shall not be used to margin, guarantee, or secure the Cleared Swaps or other obligations of the futures commission merchant, or of any other Cleared Swaps Customer, Futures Customer (as § 1.3 of this chapter defines that term), or Foreign Futures or Foreign Options Customer (as § 30.1 of this chapter defines that term). Nothing contained herein shall be construed to limit, in any way, the right of a derivatives clearing organization or Collecting Futures Commission Merchant to liquidate any or all positions in a Cleared Swaps Customer Account in the event of a default of a clearing member or Depositing Futures Commission Merchant.

§ 22.16 Disclosures to Cleared Swaps Customers.

(a) A futures commission merchant shall disclose, to each of its Cleared Swaps Customers, the governing provisions, as described in paragraph (c) of this section, relating to use of Cleared Swaps Customer Collateral, transfer, neutralization of the risks, or liquidation of Cleared Swaps in the event of a default by the futures commission merchant relating to the Cleared Swaps Customer Account, as well as any change in such governing provisions.

(b) If the futures commission merchant referenced in paragraph (a) of this section is a Depositing Futures Commission Merchant, then such futures commission merchant shall disclose, to each of its Cleared Swaps Customers, the governing provisions, as described in paragraph (c) of this section, relating to use of Cleared Swaps

Customer Collateral, transfer, neutralization of the risks, or liquidation of Cleared Swaps in the event of a default by:

(1) Such futures commission merchant or

(2) Any relevant Collecting Futures Commission Merchant relating to the Cleared Swaps Customer Account, as well as any change in such governing provisions.

(c) The governing provisions referred to in paragraphs (a) and (b) of this section are the rules of each derivatives clearing organization, or the provisions of the customer agreement between the Collecting Futures Commission Merchant and the Depositing Futures Commission Merchant, on or through which the Depositing Futures Commission Merchant will intermediate Cleared Swaps for such Cleared Swaps Customer.

[77 FR 6371, Feb. 7, 2012]

§ 22.17 Policies and procedures governing disbursements of Cleared Swaps Customer Collateral from Cleared Swaps Customer Accounts.

(a) The provision in section 4d(f)(2) of the Act that prohibits the commingling of Cleared Swaps Customer Collateral with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the funds segregated as required by the Act and the regulations in this part and set apart for the benefit of Cleared Swaps Customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such segregated funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in § 1.25 of this chapter, as it may deem necessary to ensure any and all Cleared Swaps Customer Accounts are not undersegregated at any time.

(b) A futures commission merchant may not withdraw funds, except withdrawals that are made to or for the benefit of Cleared Swaps Customers, from a Cleared Swaps Customer Account unless the futures commission merchant has prepared the daily segregation calculation required by § 22.2

as of the close of business on the previous business day. A futures commission merchant that has completed its daily segregation calculation may make withdrawals, in addition to withdrawals that are made to or for the benefit of Cleared Swaps Customers, to the extent of its actual residual financial interest in funds held in segregated accounts, including the withdrawal of securities held in segregated safekeeping accounts held by a bank, trust company, derivatives clearing organization or other futures commission merchant. Such withdrawal(s) shall not result in the funds of one Cleared Swaps Customer being used to purchase, margin or carry the trades, contracts or swaps positions, or extend the credit of any other Cleared Swaps Customer or other person.

(c) A futures commission merchant may not withdraw funds, in a single transaction or a series of transactions, that are not made to or for the benefit of Cleared Swaps Customers from Cleared Swaps Customer Accounts if such withdrawal(s) would exceed 25 percent of the futures commission merchant's residual interest in such accounts as reported on the daily segregation calculation required by § 22.2 and computed as of the close of business on the previous business day, unless:

(1) The futures commission merchant's chief executive officer, chief finance officer or other senior official that is listed as a principal of the futures commission merchant on its Form 7-R and is knowledgeable about the futures commission merchant's financial requirements and financial position pre-approves in writing the withdrawal, or series of withdrawals;

(2) The futures commission merchant files written notice of the withdrawal or series of withdrawals, with the Commission and with its designated self-regulatory organization immediately after the chief executive officer, chief finance officer or other senior official pre-approves the withdrawal or series of withdrawals. The written notice must:

(i) Be signed by the chief executive officer, chief finance officer or other senior official that pre-approved the withdrawal, and give notice that the

futures commission merchant has withdrawn or intends to withdraw more than 25 percent of its residual interest in such accounts holding Cleared Swaps Customer Accounts funds;

(ii) Include a description of the reasons for the withdrawal or series of withdrawals;

(iii) List the amount of funds provided to each recipient and the name of each recipient;

(iv) Include the current estimate of the amount of the futures commission merchant's residual interest in the swaps customer funds after the withdrawal;

(v) Contain a representation by the chief executive officer, chief finance officer or other senior official that pre-approved the withdrawal, or series of withdrawals, that, after due diligence, to such person's knowledge and reasonable belief, the futures commission merchant remains in compliance with the segregation requirements after the withdrawal. The chief executive officer, chief finance officer or other senior official must consider the daily segregation calculation as of the close of business on the previous business day and any other factors that may cause a material change in the futures commission's residual interest since the close of business the previous business day, including known unsecured customer debits or deficits, current day market activity and any other withdrawals made from the Cleared Swaps Customer Accounts; and

(vi) Any such written notice filed with the Commission must be filed via electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instruction issued by or approved by the Commission. Any such electronic submission must clearly indicate the registrant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer. Any written notice filed must be followed up with direct communication to the Regional office of Commission which has supervisory authority over the futures commission merchant

whereby the Commission acknowledges receipt of the notice; and

(3) After making a withdrawal requiring the approval and notice required in paragraphs (c)(1) and (c)(2) of this section, and before the next daily segregated funds calculation, no futures commission merchant may make any further withdrawals from accounts holding Cleared Swaps Customer Account funds, except to or for the benefit of Cleared Swaps Customers, without complying with paragraph (c)(1) of this section and filing a written notice with the Commission under paragraph (c)(2)(vi) of this section and its designated self-regulatory organization signed by the chief executive officer, chief finance officer, or other senior official. The written notice must:

(i) List the amount of funds provided to each recipient and each recipient's name;

(ii) Disclose the reason for each withdrawal;

(iii) Confirm that the chief executive officer, chief finance officer, or other senior official (and identify of the person if different from the person who signed the notice) pre-approved the withdrawal in writing;

(iv) Disclose the current estimate of the futures commission merchant's remaining total residual interest in the segregated accounts holding Cleared Swaps Customer Account funds after the withdrawal; and

(v) Include a representation that to the best of the notice signatory's knowledge and reasonable belief the futures commission merchant remains in compliance with the segregation requirements after the withdrawal.

(d) If a futures commission merchant withdraws funds that are not for the benefit of Cleared Swaps Customers from Cleared Swaps Customer Accounts, and the withdrawal causes the futures commission merchant to not hold sufficient funds in Cleared Swaps Customer Accounts to meet its targeted residual interest, as required to be computed under §1.11 of this chapter, the futures commission merchant must deposit its own funds into the Cleared Swaps Customer Accounts to restore the targeted amount of residual interest on the next business day, or, if appropriate, revise the futures commis-

sion merchant's targeted amount of residual interest pursuant to the policies and procedures required by §1.11 of this chapter. Notwithstanding the foregoing, if the futures commission merchant's residual interest in Cleared Swaps Customer Accounts is less than the amount required to be maintained by §22.2 at any particular point in time, the futures commission merchant must immediately restore the residual interest to exceed the sum of such amounts. Any proprietary funds deposited in Cleared Swaps Customer Accounts must be unencumbered and otherwise compliant with §1.25 of this chapter, as applicable.

(e) Notwithstanding any other provision of this part, a futures commission merchant may not withdraw funds that are not for the benefit of Cleared Swaps Customers from a Cleared Swaps Customer Account unless the futures commission merchant follows its policies and procedures required by §1.11 of this chapter.
