§ 23.701 Notification of right to segregation.

(a) At the beginning of the first swap transaction that provides for the exchange of Initial Margin, a swap dealer or major swap participant must notify the counterparty that the counterparty has the right to require that any Initial Margin the counterparty provides in connection with such transaction be segregated in accordance with §§ 23.702 and 23.703, except in those circumstances where segregation is mandatory pursuant to § 23.157 or rules adopted by the prudential regulators pursuant to section 4s(e)(2)(A) of the Act.

(b) The right referred to in paragraph (a) of this section does not extend to Variation Margin.

(c) If the counterparty elects to segregate Initial Margin, the terms of segregation shall be established by written agreement.

(d) A counterparty's election, if applicable, to require segregation of Initial Margin or not to require such segregation, may be changed at the discretion of the counterparty upon written notice delivered to the swap dealer or major swap participant, which changed election shall be applicable to all swaps entered into between the parties after such delivery.

§ 23.702 Requirements for segregated initial margin.

(b) Initial Margin that is segregated pursuant to an election under § 23.701 must be held in an account segregated for, and on behalf of, the counterparty, and designated as such. Such an account may, if the swap dealer or major swap participant and the counterparty agree, also hold Variation Margin.

(c) Any agreement for the segregation of Initial Margin pursuant to this section shall be in writing, shall include the custodian as a party, and shall provide that any instruction to withdraw Initial Margin shall be in writing and that notification of the withdrawal shall be given immediately to the non-withdrawing party.

§ 23.703 Investment of segregated initial margin.

The swap dealer or major swap participant and the counterparty may enter into any commercial arrangement, in writing, regarding the investment of Initial Margin segregated pursuant to § 23.701 and the related allocation of gains and losses resulting from such investment.

§ 23.704 Requirements for non-segregated margin.

(a) Each swap dealer or major swap participant shall report to each counterparty that does not choose to require segregation of Initial Margin pursuant to § 23.701(a), on a quarterly basis, no later than the fifteenth business day after the end of the quarter, that the back office procedures of the swap dealer or major swap participant relating to margin and collateral requirements are in compliance with the agreement of the counterparties.

(b) The obligation specified in paragraph (a) of this section shall apply no earlier than the 90th calendar day after the date on which the first swap is transacted between the counterparty and the swap dealer or major swap participant.

(a) To solicit or accept orders for or involving any foreign futures contract or foreign options transaction and, in connection therewith, to accept any money, securities or property (or extend credit in lieu thereof) to margin, guarantee or secure any trades or contracts that result or may result therefrom, unless such person shall have registered, under the Act, with the Commission as a futures commission merchant and such registration shall not have expired nor been suspended nor revoked; *provided that,* a foreign futures and options broker (as defined in § 30.1(e)) is not required to register as a futures commission merchant: one, in order to accept orders from or to carry a U.S. futures commission merchant's foreign futures and options customer omnibus account, as that term is defined in § 30.1(d); two, in order to accept orders from or to carry a U.S. futures commission merchant's proprietary account, as that term is defined in paragraph (y) of § 1.3 of this chapter; and/or three, in order to accept orders from or carry a U.S. affiliate account which is proprietary to the foreign futures and options broker, as ''proprietary account'' is defined in § 1.3 of this chapter. Such foreign futures and options broker remains subject to all other applicable provisions of the Act and of the rules, regulations and orders thereunder. Foreign futures and options brokers that have U.S. bank branches, offices or divisions engaging in the activity listed in this paragraph are not required to register as futures commission merchants if they comply with the conditions listed in § 30.10(b)(1) through (6).

(b) Except an individual who elects to be and is registered as an associated person of a futures commission merchant, to solicit or accept orders for or involving any foreign futures contract or foreign options transaction, and who in connection therewith, does not accept any money, securities, or property (or extend credit in lieu thereof) to margin, guarantee, or secure any trade or contracts that result or may result therefrom, unless such person shall have registered, under the Act, with the Commission as an introducing broker and such registration shall not have expired nor been suspended nor revoked;

(1) Any bank or trust company or any person acting as an employee thereof,

(3) The publisher or producer of any print or electronic data of general and regular dissemination, including its employees,

(4) The named fiduciary, or trustee, of any defined benefit plan which is subject to the provisions of the Employee Retirement Income Security Act of 1974, or any fiduciary whose sole business is to advise that plan,

(5) Any foreign board of trade or clearing organization of such board of trade,

(6) An insurance company subject to regulation by any State, or any wholly-owned subsidiary or employee thereof, and

(7) Such other persons not within the intent of the term ''commodity trading advisor'' as the Commission may specify by rule, regulation, or order:

And, provided further, That the furnishing of such services by the foregoing persons is solely incidental to the conduct of their business or profession. [52 FR 28998, Aug. 5, 1987, as amended at 69 FR 49803, Aug. 12, 2004; 83 FR 7996, Feb. 23, 2018]

§ 30.5 Alternative procedures for non-domestic persons.

Any person not located in the United States, its territories or possessions, who is required in accordance with the provisions of this part to be registered with the Commission, other than a person required to be registered as a futures commission merchant, may apply for an exemption from registration under this part by filing with the National Futures Association a Form 7–R completed and filed in accordance with the instructions thereto and designating an agent for service of process, as specified below. A person who receives confirmation of an exemption pursuant to this section must engage in all transactions subject to regulation under part 30 through a registered futures commission merchant or a foreign broker who has received confirmation of an exemption pursuant to § 30.10

in accordance with the provisions of § 30.3(b).

(a) *Agent for service of process.* Any person who seeks exemption from registration under this part shall enter into a written agency agreement with the futures commission merchant located in the United States through which business is done, with any registered futures association, or any other person located in the United States in the business of providing services as an agent for service of process, pursuant to which agreement such futures commission merchant or other person is authorized to serve as the agent of such person for purposes of accepting delivery and service of communications issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization, or any foreign futures or foreign options customer. If the written agency agreement is entered into with any person other than the futures commission merchant through which business is done, the futures commission merchant or foreign broker who has received confirmation of an exemption pursuant to § 30.10 with whom business is conducted must be expressly identified in such agency agreement. Service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization or any foreign futures or foreign options customer, pursuant to such agreement, shall constitute valid and effective service or delivery upon such person. Unless otherwise specified by the Commission, the agreement required by this section shall be filed with the National Futures Association. For the purposes of this section, the term ''communication'' includes any summons, complaint, order, subpoena, request for information, or notice, as well as any other written document or correspondence relating to any activities of such person subject to regulation under this part.

(b) *Termination of agreement.* Whenever the agreement referred to in paragraph (a) of this section is terminated or is otherwise no longer in effect, the futures commission merchant or any other person that is party to the agreement shall immediately notify the National Futures Association and the futures commission merchant through which business is done, as appropriate. Upon notice, a futures commission merchant shall not accept from the person that has entered into such agreement any order, other than liquidating order(s), for, or on behalf of a foreign futures or foreign options customer. Notwithstanding the termination of the agreement referred to in paragraph (a) of this section, service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization, or any foreign futures or foreign options customer pursuant to the agreement shall nonetheless constitute valid and effective service or delivery upon such person with respect to any transaction entered into on or before the date of the termination of the agreement.

(c) *Applicability of other rules.* Any person who is located outside of the United States, its territories or possessions, and who, in accordance with the provisions of paragraph (a) of this section, is exempt from registration as an introducing broker, commodity pool operator or commodity trading advisor under this part, shall nonetheless comply with the provisions of § 30.6 of this part and §§ 1.37 and 1.57 of this chapter as if registered in such capacity.

(d) *Access to records.* Any person exempt from registration with the Commission in accordance with the provisions of paragraph (a) of this section must, upon the request of any representative of the Commission or U.S. Department of Justice, provide such records as such person is required to maintain under this part as requested at the place in the United States designated by the representative within 72 hours after the person receives the request.

§ 30.6 Disclosure.

(a) *Future commission merchants and introducing brokers.* Except as provided in § 1.65 of this chapter, no futures commission merchant, or in the case of an introduced account no introducing broker, may open a foreign futures or

option account for a foreign futures or option customer, other than for a customer specified in §1.55(f) of this chapter, unless the futures commission merchant or introducing broker first furnishes the customer with a separate written disclosure statement containing only the language set forth in §1.55(b) of this chapter or as otherwise approved under §155(c) of this chapter (except for nonsubstantive additions such as captions), which has been acknowledged in accordance with §1.55 of this chapter: *Provided, however,* that the risk disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page.

(b) *Commodity pool operators and commodity trading advisors.* (1) With respect to persons who satisfy the requirements of qualified eligible persons, as defined in §4.7(a) of this chapter:

(i) A commodity pool operator registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(c) unless the pool operator, at or before the time it engages in such activities, first provides each prospective qualified eligible person with the Risk Disclosure Statement set forth in §4.24(b)(2) of this chapter and the statement in §4.7(b)(2)(i) of this chapter;

(ii) A commodity trading advisor registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(d) unless the trading advisor, at or before the time it engages in such activities, first provides each qualified eligible person with the Risk Disclosure Statement set forth in §4.34(b)(2) of this chapter and the statement in §4.7(c)(1)(i) of this chapter.

(2) With respect to persons who do not satisfy the requirements of qualified eligible persons, as defined in §4.7(a) of this chapter:

(i) A commodity pool operator registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(c) unless the pool operator, at or before the time it engages in such activities, first provides each prospective participant with the Disclosure Document required to be furnished to customers or potential customers pursuant to §4.21 of this chapter and files the Disclosure Document in accordance with §4.26 of this chapter;

(ii) A commodity trading advisor registered or required to be registered under this part, or exempt from registration pursuant to §30.5, may not, directly or indirectly, engage in any of the activities described in §30.4(d) unless the trading advisor, at or before the time it engages in such activities, first provides each prospective client with the Disclosure Document required to be furnished customers or potential customers pursuant to §4.31 of this chapter and files the Disclosure Document in accordance with §4.36 of this chapter.

(c) The acknowledgment required by paragraphs (a) and (b) of this section must be retained by the futures commission merchant, introducing broker, commodity pool operator or commodity trading advisor in accordance with §1.31 of this chapter.

(d) This section does not relieve a futures commission merchant or introducing broker from its obligations under §33.7 of this chapter: *Provided, however,* That a new disclosure statement is not required to be furnished if the futures commission merchant or introducing broker has previously delivered such statement to the foreign options customer in connection with the opening of a commodity option account under part 33 of this chapter.

(e) This section does not relieve a futures commission merchant, introducing broker, commodity pool operator or commodity trading advisor from any other disclosure obligation it may have under applicable law or regulation.

§ 30.7 Treatment of foreign futures or foreign options secured amount.

(a) *General.* Except as provided in this section, a futures commission merchant must at all times maintain in a separate account or accounts money, securities and property in an amount at least sufficient to cover or satisfy all of its obligations to 30.7 customers denominated as the foreign futures or foreign options secured amount. In computing the foreign futures or foreign options secured amount, a futures commission merchant may offset any net deficit in a particular 30.7 customer's account against the current market value of readily marketable securities held for the same particular 30.7 customer's account as provided for in paragraph (l) of this section. The amount that must be deposited in such separate account or accounts for 30.7 customers must be no less than the amount required to be held in a separate account or accounts for or on behalf of 30.7 customers pursuant to any law, or rule, regulation or order thereunder, or any rule of any self-regulatory organization authorized thereunder, in the jurisdiction in which the depository or the 30.7 customer, as appropriate, is located.

(b) *Location of 30.7 customer funds.* A futures commission merchant shall deposit the foreign futures or foreign options secured amount under an account name that clearly identifies the funds as belonging to 30.7 customers and shows that the foreign futures or foreign options secured amount is set aside as required by this part. A futures commission merchant may deposit funds set aside as the foreign futures or foreign options secured amount with the following depositories:

(1) A bank or trust company located in the United States;

(2) A bank or trust company located outside the United States that has in excess of $1 billion of regulatory capital;

(6) A member of any foreign board of trade; or

(7) Such member's or clearing organization's designated depositories.

(c) *Limitation on holding foreign futures or foreign options secured amount outside of the United States.* A futures commission merchant may not deposit or hold the foreign futures or foreign options secured amount in accounts maintained outside of the United States with any of the depositories listed in paragraph (b) of this section except to meet margin requirements, including prefunding margin requirements, established by rule, regulation, or order of foreign boards of trade or foreign clearing organizations, or to meet margin calls issued by foreign brokers carrying the 30.7 customers' foreign futures and foreign option positions; *Provided, however,* that a futures commission merchant may deposit an additional amount of up to 20 percent of the total amount of funds necessary to meet margin and prefunding margin requirements to avoid daily transfers of funds between the futures commission merchant's 30.7 accounts maintained in the United States and those maintained outside of the United States. A futures commission merchant must deposit 30.7 customer funds under the laws and regulations of the foreign jurisdiction that provide the greatest degree of protection to such funds. A futures commission merchant may not by contract or otherwise waive any of the protections afforded customer funds under the laws of the foreign jurisdiction.

(d) *Written acknowledgment from depositories.* (1) A futures commission merchant must obtain a written acknowledgment from each depository prior to or contemporaneously with the opening of an account by the futures commission merchant with such depository; *Provided, however,* that a written acknowledgment need not be obtained from a derivatives clearing organization that has adopted and submitted to the Commission rules that provide for the separate holding of foreign futures or foreign options secured amount, in accordance with all relevant provisions of the Act, this part and the regulations and orders promulgated thereunder, of all funds held on behalf of 30.7

customers and all instruments purchased with funds set aside as the foreign futures or foreign options secured amount as provided for under paragraph (h) of this section.

(2) The written acknowledgment must be in the form as set out in appendix E to this part; *Provided, however,* that if the futures commission merchant invests funds set aside as the foreign futures or foreign options secured amount in government money market funds as a permitted investment under paragraph (h) of this section and in accordance with the terms and conditions of §1.25(c) of this chapter, the written acknowledgment with respect to such investment must be in the form as set out in appendix F to this part.

(3)(i) A futures commission merchant shall deposit 30.7 customer funds only with a depository that agrees to provide the Director of the Market Participants Division, or any successor division, or such Director's designees, with account balance information for 30.7 customer accounts.

(ii) The written acknowledgment must contain the futures commission merchant's authorization to the depository to provide account balance information to the Director of the Market Participants Division, or any successor division, or such Director's designees, without further notice to or consent from the futures commission merchant.

(4) A futures commission merchant shall deposit 30.7 customer funds only with a depository that agrees to provide the Commission and the futures commission merchant's designated self-regulatory organization with a copy of the executed written acknowledgment no later than three business days after the opening of the account or the execution of a new written acknowledgment for an existing account, as applicable. The Commission must receive the written acknowledgment from the depository via electronic means, in a format and manner determined by the Commission. The written acknowledgment must contain the futures commission merchant's authorization to the depository to provide the written acknowledgment to the Commission and to the futures commission merchant's designated self-regulatory organization without further notice to or consent from the futures commission merchant.

(5) A futures commission merchant shall deposit 30.7 customer funds only with a depository that agrees that accounts containing 30.7 customer funds may be examined at any reasonable time by the Director of the Market Participants Division or the Director of the Division of Clearing and Risk, or any successor divisions, or such Directors' designees, or an appropriate officer, agent or employee of the futures commission merchant's designated self-regulatory organization. The written acknowledgment must contain the futures commission merchant's authorization to the depository to permit any such examination to take place without further notice to or consent from the futures commission merchant.

(6) A futures commission merchant shall deposit 30.7 customer funds only with a depository that agrees to reply promptly and directly to any request from the Director of the Market Participants Division or the Director of the Division of Clearing and Risk, or any successor divisions, or such Directors' designees, or an appropriate officer, agent or employee of the futures commission merchant's designated self-regulatory organization for confirmation of account balances or provision of any other information regarding or related to an account. The written acknowledgment must contain the futures commission merchant's authorization to the depository to reply promptly and directly as required by this paragraph without further notice to or consent from the futures commission merchant.

(7) A futures commission merchant shall promptly file a copy of the written acknowledgment with the Commission in the format and manner specified by the Commission no later than three business days after the opening of the account or the execution of a new written acknowledgment for an existing account, as applicable.

(8) A futures commission merchant shall obtain a new written acknowledgment within 120 days of any changes in the following:

(i) The name or business address of the futures commission merchant;

(ii) The name or business address of the depository; or

(iii) The account number(s) under which the foreign futures or foreign options secured amount are held.

(9) A futures commission merchant shall maintain each written acknowledgment readily accessible in its files in accordance with §1.31 of this chapter, for as long as the account remains open, and thereafter for the period provided in §1.31 of this chapter.

(e) *Commingling.* (1) A futures commission merchant may commingle the funds set aside as the foreign futures or foreign options secured amount that it receives from, or on behalf of, multiple 30.7 customers in a single account or multiple accounts with one or more of the depositories listed in paragraph (b) of this section.

(2) A futures commission merchant may not commingle the funds set aside as the foreign futures or foreign options secured amount held for 30.7 customers with the money, securities or property of such futures commission merchant, with any proprietary account of such futures commission merchant, or use such funds to secure or guarantee the obligations of, or extend credit to, such futures commission merchant or any proprietary account of such futures commission merchant; *Provided, however,* a futures commission merchant may deposit proprietary funds into 30.7 customer accounts as permitted under paragraph (g) of this section.

(3) A futures commission merchant may not commingle 30.7 customer funds with funds deposited by futures customers as defined in §1.3 of this chapter and held in segregated accounts pursuant to section 4d(a) and 4d(b) of the Act or with funds deposited by Cleared Swap Customers as defined in §22.1 of this chapter and held in segregated accounts pursuant to section 4d(f) of the Act, or with funds of any account holders of the futures commission merchant unrelated to trading foreign futures or foreign options; *Provided, however,* that a futures commission merchant may commingle 30.7 customer funds with funds deposited by futures customers or Cleared Swaps Customers pursuant to the terms of a Commission regulation or order authorizing such commingling.

(f) *Limitations on use of 30.7 customer funds.* (1)(i) A futures commission merchant shall not use, or permit the use of, the funds of one 30.7 customer to purchase, margin or settle the trades, contracts, or commodity options of, or to secure or extend credit to, any person other than such 30.7 customer.

(ii)(A) The undermargined amount for a 30.7 customer's account is the amount, if any, by which

(*1*) The total amount of collateral required for that 30.7 customer's positions in that account, at the time or times referred to in paragraph (f)(1)(ii)(B) of this section, exceeds

(*2*) The value of the 30.7 customer funds for that account, as calculated in paragraph (f)(2)(ii) of this section.

(B) Each futures commission merchant must compute, based on the information available to the futures commission merchant as of the close of each business day,

(*1*) The undermargined amounts, based on the clearing initial margin that will be required to be maintained by that futures commission merchant for its 30.7 customers, at each clearing organization of which the futures commission merchant is a member, at 6:00 p.m. Eastern on the following business day for each such clearing organization less

(*2*) Any debit balances referred to in paragraph (f)(2)(iv) of this section included in such undermargined amounts.

(C)(*1*) Prior to 6:00 p.m. Eastern Time on the date of the settlement referenced in paragraph (f)(1)(ii)(B)(*1*) of this section, such futures commission merchant must maintain residual interest in segregated funds that is at least equal to the computation set forth in paragraph (f)(1)(ii)(B) of this section.

(*2*) A futures commission merchant may reduce the amount of residual interest required in paragraph (f)(1)(ii)(C)(*1*) of this section to account for payments received from or on behalf of undermargined 30.7 customers (less the sum of any disbursements

made to or on behalf of such customers) between the close of the previous business day and 6:00 p.m. Eastern Time on the following business day.

(D) For purposes of paragraph (f)(1)(ii)(B) of this section, a futures commission merchant should include, as clearing initial margin, customer initial margin that the futures commission merchant will be required to maintain, for that futures commission merchant's 30.7 customers, at a foreign broker, and, for purposes of paragraph (f)(1)(ii)(C) of this section, must do so prior to 6:00 p.m. Eastern Time on the date referenced in paragraph (f)(1)(ii)(B)(*1*) of this section.

(2) *Requirements as to amount.* (i) For purposes of this paragraph (f)(2), the term ''account'' shall mean the entries on the books and records of a futures commission merchant pertaining to the 30.7 customer funds of a particular 30.7 customer.

(ii) The futures commission merchant must reflect in the account that it maintains for each 30.7 customer the net liquidating equity for each such customer, calculated as follows: The market value of any 30.7 customer funds it receives from such customer, as adjusted by:

(A) Any uses permitted under paragraph (e) of this section;

(B) Any accruals on permitted investments of such collateral under §1.25 of this chapter that, pursuant to the futures commission merchant's customer agreement with that customer, are creditable to such customer;

(C) Any gains and losses with respect to contracts for the purchase or sale of foreign futures or foreign option positions;

(D) Any charges lawfully accruing to the 30.7 customer, including any commission, brokerage fee, interest, tax, or storage fee; and

(E) Any appropriately authorized distribution or transfer of such collateral.

(iii) If the market value of 30.7 customer funds in the account of a 30.7 customer is positive after adjustments, then that account has a credit balance. If the market value of 30.7 customer funds in the account of a 30.7 customer is negative after adjustments, then that account has a debit balance.

(iv) The futures commission merchant must, at all times, maintain in segregation an amount equal to the sum of any credit and debit balances that 30.7 customers of the futures commission merchant have in their accounts. Notwithstanding the preceding sentence, a futures commission merchant must add back to the total amount of funds required to be maintained in segregation any 30.7 accounts with debit balances in the amounts calculated in accordance with paragraph (f)(2)(v) of this section.

(v) The futures commission merchant, in calculating the total amount of funds required to be maintained in segregation pursuant to paragraph (f)(2)(iv) of this section, must include any debit balance, as calculated pursuant to this paragraph (f)(2)(v), that a 30.7 customer has in its account, to the extent that such debit balance is not secured by ''readily marketable securities'' that the particular 30.7 customer deposited with the futures commission merchant.

(A) For purposes of calculating the amount of a 30.7 account's debit balance that the futures commission merchant is required to include in its calculation of its total segregation requirement pursuant to this paragraph (f)(2)(v), the futures commission merchant shall calculate the net liquidating equity of each 30.7 account in accordance with paragraph (f)(2)(ii) of this section, except that the futures commission merchant shall exclude from the calculation any noncash collateral held in the 30.7 account as margin collateral. The futures commission merchant may offset the debit balance computed under this paragraph (f)(2)(v) to the extent of any ''readily marketable securities,'' subject to percentage deductions (*i.e.*, ''securities haircuts'') as specified in paragraph (f)(2)(v)(D) of this section, held for the particular 30.7 customer to secure its debit balance.

(B) For purposes of this section, ''readily marketable'' shall be defined as having a ''ready market'' as such latter term is defined in Rule 15c3–1(c)(11) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(11)).

(C) In order for a debit balance to be deemed secured by ''readily marketable securities,'' the futures commission merchant must maintain a security interest in such securities, and must hold a written authorization to liquidate the securities at the discretion of the futures commission merchant.

(D) To determine the amount of such debit balance secured by ''readily marketable securities.'' To do so, the futures commission merchant shall:

(*1*) Determine the market value of such securities; and

(*2*) Reduce such market value by applicable percentage deductions (*i.e.*, ''securities haircuts'') as set forth in Rule 15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(2)(vi)). Futures commission merchants that establish and enforce written policies and procedures to assess the credit risk of commercial paper, convertible debt instruments, or nonconvertible debt instruments in accordance with Rule 240.15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(2)(vi)) may apply the lower haircut percentages specified in Rule 240.15c3–1(c)(2)(vi) for such commercial paper, convertible debt instruments and nonconvertible debt instruments.

(3) A futures commission merchant may not impose or permit the imposition of a lien on any funds set aside as the foreign futures or foreign options secured amount, including any residual financial interest of the futures commission merchant in such funds.

(4) A futures commission merchant may not include in funds set aside as the foreign futures or foreign options secured amount any money invested in securities, memberships, or obligations of any clearing organization or board of trade. A futures commission merchant may not include in funds set aside as the foreign futures or foreign options secured amount any other money, securities, or property held by a member of a foreign board of trade, board of trade, or clearing organization, except if the funds are deposited to margin, secure, or guarantee 30.7 customers' foreign futures or foreign options positions and the futures commission merchant obtains the written acknowledgment from the member of the foreign board of trade, board of trade, or clearing organization as required by paragraph (d) of this section.

(g) *Futures commission merchant's residual financial interest and withdrawal of funds.* (1) The provision in paragraph (e) of this section, which prohibits the commingling of funds set aside as the foreign futures or foreign options secured amount with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the funds set aside as required by the regulations in this part for the benefit of 30.7 customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such set aside funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in § 1.25 of this chapter, as it may deem necessary to ensure any and all 30.7 accounts from becoming undersecured at any time.

(2) A futures commission merchant may not withdraw funds, except withdrawals that are made to or for the benefit of 30.7 customers, from an account or accounts holding the foreign futures and foreign options secured amount unless the futures commission merchant has prepared the daily 30.7 calculation required by paragraph (l) of this section as of the close of business on the previous business day. A futures commission merchant that has completed its daily 30.7 calculation may make withdrawals, in addition to withdrawals that are made to or for the benefit of 30.7 customers, to the extent of its actual residual financial interest in funds held in 30.7 accounts, including the withdrawal of securities held in secured amount safekeeping accounts held by a bank, trust company, contract market, clearing organization, member of a foreign board of trade, or other futures commission merchant. Such withdrawal(s) shall not result in the funds of one 30.7 customer being used to purchase, margin or guarantee the foreign futures or foreign options positions, or extend the credit of any other 30.7 customer or other person.

(3) A futures commission merchant may not withdraw funds, in a single transaction or a series of transactions, that are not made for the benefit of 30.7 customers from an account or accounts holding 30.7 customer funds if such withdrawal(s) would exceed 25 percent of the futures commission merchant's residual interest in such accounts as reported on the daily secured amount calculation required by paragraph (l) of this section and computed as of the close of business on the previous business day, unless the futures commission merchant's chief executive officer, chief finance officer or other senior official that is listed as a principal of the futures commission merchant on its Form 7–R and is knowledgeable about the futures commission merchant's financial requirements and financial position pre-approves in writing the withdrawal, or series of withdrawals.

(4) A futures commission merchant must file written notice of the withdrawal or series of withdrawals that exceed 25 percent of the futures commission merchant's residual interest in 30.7 customer funds as computed under paragraph (l) of this section with the Commission and with its designated self-regulatory organization immediately after the chief executive officer, chief finance officer or other senior official as described in paragraph (g)(3) of this section pre-approves the withdrawal or series of withdrawals. The written notice must:

(i) Be signed by the chief executive officer, chief finance officer or other senior official that pre-approved the withdrawal, and give notice that the futures commission merchant has withdrawn or intends to withdraw more than 25 percent of its residual interest in accounts holding 30.7 customer funds;

(ii) Include a description of the reasons for the withdrawal or series of withdrawals;

(iii) List the amount of funds provided to each recipient and the name of each recipient;

(iv) Include the current estimate of the amount of the futures commission merchant's residual interest in the 30.7 customer funds after the withdrawal;

(v) Contain a representation by the chief executive officer, chief finance officer or other senior official as described in paragraph (g)(3) of this section that pre-approved the withdrawal, or series of withdrawals, that to such person's knowledge and reasonable belief, the futures commission merchant remains in compliance with the secured amount requirements after the withdrawal. The chief executive officer, chief finance officer or other appropriate senior official as described in paragraph (g)(3) of this section must consider the daily 30.7 calculation as of the close of business on the previous business day and any other factors that may cause a material change in the futures commission's residual interest since the close of business the previous business day, including known unsecured customer debits or deficits, current day market activity and any other withdrawals made from the 30.7 customer accounts; and

(vi) Any such written notice filed with the Commission must be filed via electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instruction issued by or approved by the Commission. Any such electronic submission must clearly indicate the registrant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer. Any written notice filed must be followed up with direct communication to the regional office of Commission which has supervisory authority over the futures commission merchant whereby the Commission acknowledges receipt of the notice.

(5) After making a withdrawal requiring the approval and notice required in paragraphs (g)(3) and (4) of this section, and before the next daily secured amount calculation, no futures commission merchant may make any further withdrawals from accounts holding 30.7 customer funds, except to or for the benefit of 30.7 customers, without, for each withdrawal, obtaining the approval required under paragraph (g)(3) of this section and filing a written notice with the Commission under paragraph (g)(4)(vi) of this section and

its designated self-regulatory organization signed by the chief executive officer, chief finance officer, or other senior official. The written notice must:

(i) List the amount of funds provided to each recipient and each recipient's name;

(ii) Disclose the reason for each withdrawal;

(iii) Confirm that the chief executive officer, chief finance officer, or other senior official (and the identity of the person if different from the person who signed the notice) pre-approved the withdrawal in writing;

(iv) Disclose the current estimate of the futures commission merchant's remaining total residual interest in the secured accounts holding 30.7 customer funds after the withdrawal; and

(v) Include a representation that to the best of the notice signatory's knowledge and reasonable belief the futures commission merchant remains in compliance with the secured amount requirements after the withdrawal.

(6) If a futures commission merchant withdraws funds that are not for the benefit of 30.7 customers from the separate accounts holding 30.7 customer funds, and the withdrawal causes the futures commission merchant to not hold sufficient funds in the separate accounts for the benefit of the 30.7 customers to meet its targeted residual interest, as required to be computed under §1.11 of this chapter, the futures commission merchant must deposit its own funds into the separate accounts for the benefit of 30.7 customers to restore the account balance to the targeted residual interest amount on the next business day, or, if appropriate, revise the futures commission merchant's targeted amount of residual interest pursuant to the policies and procedures required by §1.11 of this chapter. Notwithstanding the foregoing, if the futures commission merchant's residual interest in separate accounts for the benefit of 30.7 customers is less than the amount required to be maintained by paragraph (f) of this section at any particular point in time, the futures commission merchant must immediately restore the residual interest to exceed the sum of such amounts. Any proprietary funds deposited in the 30.7 customer accounts must be unencumbered and otherwise compliant with §1.25 of this chapter, as applicable.

(7) Notwithstanding any other provision of this part, a futures commission merchant may not withdraw funds from 30.7 accounts, except withdrawals that are made for the benefit of 30.7 customers, unless the futures commission merchant follows its policies and procedures required by §1.11 of this chapter.

(h) *Permitted investments and deposits of 30.7 customer funds.* (1) A futures commission merchant may invest 30.7 customer funds subject to, and in compliance with, the terms and conditions of §1.25 of this chapter. Regulation 1.25 of this chapter shall apply to the investment of 30.7 customer funds as if such funds comprised customer funds or customer money subject to segregation pursuant to section 4d of the Act and the regulations thereunder.

(2) Each futures commission merchant that invests money, securities or property on behalf of 30.7 customers must keep a record showing the following:

(i) The date on which such investments were made;

(ii) The name of the person through whom such investments were made;

(iii) The amount of money or current market value of securities so invested;

(iv) A description of the obligations in which such investments were made, including CUSIP or ISIN numbers;

(v) The identity of the depositories or other places where such investments are maintained;

(vi) The date on which such investments were liquidated or otherwise disposed of and the amount of money received or current market value of securities received as a result of such disposition;

(vii) The name of the person to or through whom such investments were disposed of; and

(viii) A daily valuation for each instrument and readily available documentation supporting the daily valuation for each instrument. Such supporting documentation must be sufficient to enable third parties to verify the valuations and the accuracy of any information from external sources used in those valuations.

(3) Any 30.7 customer funds deposited in a bank or trust company located in the United States or in a foreign jurisdiction must be available for immediate withdrawal upon the demand of the futures commission merchant.

(4) Futures commission merchants that invest 30.7 customer funds in instruments described in §1.25 of this chapter shall include such instruments in the computation of its secured amount requirements, required under paragraph (l) of this section, at values that at no time exceed current market value, determined as of the close of the market on the date for which such computation is made.

(i) *Responsibility for §1.25 investment losses.* A futures commission merchant shall bear sole financial responsibility for any losses resulting from the investment of 30.7 customer funds in instruments described in §1.25 of this chapter. No investment losses shall be borne or otherwise allocated to the 30.7 customers of the futures commission merchant.

(j) *Loans by futures commission merchants; treatment of proceeds.* A futures commission merchant may lend its own funds to 30.7 customers on securities and property pledged, or from repledging or selling such securities and property pursuant to specific written agreement with such 30.7 customers. The proceeds of such loans used to purchase, margin, guarantee, or secure the trades, contracts, or commodity options of 30.7 customers shall be treated and dealt with by a futures commission merchant as belonging to such 30.7 customers. A futures commission merchant may not loan funds on an unsecured basis to finance a 30.7 customer's foreign futures and foreign options trading, nor may a futures commission merchant loan funds to a 30.7 customer secured by the 30.7 customer's trading account.

(k) *Permitted withdrawals.* A futures commission merchant may withdraw funds from 30.7 customer accounts in an amount necessary in the normal course of business to margin, guarantee, secure, transfer, or settle 30.7 customers' foreign futures or foreign option positions with a foreign broker or clearing organization. A futures commission merchant also may withdraw funds from 30.7 customer accounts to pay commissions, brokerage, interest, taxes, storage, and other charges lawfully accruing in connection with the 30.7 customers' foreign futures and foreign options positions.

(l) *Daily computation of 30.7 customer secured amount requirement and details regarding the holding and investing of 30.7 customer funds.* (1) Each futures commission merchant is required to prepare a Statement of Secured Amounts and Funds Held in Separate Accounts for 30.7 Customers Pursuant to Commission Regulation 30.7 contained in the Form 1–FR–FCM as of the close of each business day. Futures commission merchants that invest funds set aside as the foreign futures or foreign options secured amount in instruments described in §1.25 of this chapter shall include such instruments in the computation of its secured amount requirements at values that at no time exceed current market value, determined as of the close of the market on the date for which such computation is made. Nothing in this paragraph shall affect the requirement that a futures commission merchant at all times maintain sufficient money, securities and property to cover its total obligations to all 30.7 customers, in accordance with paragraph (a) of this section.

(2) A futures commission merchant may offset any net deficit in a particular 30.7 customer's account against the current market value of readily marketable securities, less deductions (*i.e.*, ''securities haircuts'') as set forth in Rule 15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(2)(vi)), held for the same particular 30.7 customer's account in computing the daily Foreign Futures and Foreign Options Secured Amount. Futures commission merchants that establish and enforce written policies and procedures to assess the credit risk of commercial paper, convertible debt instruments, or nonconvertible debt instruments in accordance with Rule 240.15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(2)(vi)) may apply the lower haircut percentages specified in Rule 240.15c3–1(c)(2)(vi) for such commercial paper,

convertible debt instruments and nonconvertible debt instruments. The futures commission merchant must maintain a security interest in the securities, including a written authorization to liquidate the securities at the futures commission merchant's discretion, and must set aside the securities in a safekeeping account compliant with paragraph (c) of this section. For purposes of this section, a security will be considered ''readily marketable'' if it is traded on a ''ready market'' as defined in Rule 15c3–1(c)(11)(i) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(11)(i)).

(3) Each futures commission merchant is required to submit to the Commission and to the firm's designated self-regulatory organization the daily Statement of Secured Amounts and Funds Held in Separate Accounts for 30.7 Customers pursuant to Commission Regulation 30.7 required by paragraph (l)(1) of this section by noon the following business day.

(4) Each futures commission merchant shall file the Statement of Secured Amounts and Funds Held in Separate Accounts for 30.7 Customers pursuant to Commission Regulation 30.7 required by paragraph (l)(1) of this section in an electronic format using a form of user authentication assigned in accordance with procedures established or approved by the Commission.

(5) Each futures commission merchant is required to submit to the Commission and to the firm's designated self-regulatory organization a report listing the names of all banks, trust companies, futures commission merchants, derivatives clearing organizations, foreign brokers, foreign clearing organizations, or any other depository or custodian holding 30.7 customer funds as of the fifteenth day of the month, or the first business day thereafter, and the last business day of each month. This report must include:

(i) The name and location of each depository holding 30.7 customer funds;

(ii) The total amount of 30.7 customer funds held by each depository listed in paragraph (l)(5) of this section; and

(iii) The total amount of cash and investments that each depository listed in paragraph (l)(5) of this section holds for the futures commission merchant. The futures commission merchant must report the following investments:

(A) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States (U.S. government securities);

(B) General obligations of any State or of any political subdivision of a State (municipal securities);

(C) General obligation issued by any enterprise sponsored by the United States (government sponsored enterprise securities);

(D) Permitted foreign sovereign debt by country:

(*1*) Canada;

(*2*) France;

(*3*) Germany;

(*4*) Japan;

(*5*) United Kingdom;

(E) Interests in U.S. Treasury exchange-traded funds; and

(F) Interests in government money market funds.

(6) Each futures commission merchant must report the total amount of customer-owned securities held by the futures commission merchant as 30.7 customer funds and must list the names and locations of the depositories holding customer-owned securities.

(7) Each futures commission merchant must report the total amount of 30.7 customer funds that have been used to purchase securities under agreements to resell the securities (reverse repurchase transactions).

(8) Each futures commission merchant must report which, if any, of the depositories holding 30.7 customer funds under paragraph (l)(5) of this section are affiliated with the futures commission merchant.

(9) Each futures commission merchant shall file the detailed list of depositories required by paragraph (l)(5) of this section by 11:59 p.m. the next business day in an electronic format using a form of user authentication assigned in accordance with procedures established or approved by the Commission.

(10) Each futures commission merchant shall retain its daily secured amount computation, the Statement of Secured Amounts and Funds Held in Separate Accounts for 30.7 Customers pursuant to Commission Regulation

30.7 required by paragraph (l)(1) of this section, and the detailed list of depositories required by paragraph (l)(5) of this section, together with all supporting documentation, in accordance with the requirements of §1.31 of this chapter.

(11) A futures commission merchant that carries 30.7 accounts for 30.7 customers as separate accounts for separate account customers pursuant to §1.44 of this chapter shall:

(i) Calculate the total amount of 30.7 customer funds on deposit in 30.7 accounts on behalf of 30.7 customers pursuant to paragraph (l)(1) of this section and the total amount of 30.7 customer funds required to be on deposit in segregated accounts on behalf of 30.7 customers pursuant to paragraph (l)(1) of this section by including the separate accounts of the separate account customers as if the separate accounts were accounts of separate entities;

(ii) Offset a net deficit in a particular 30.7 account carried as a separate account of a separate account customer in accordance with this paragraph (l) against the current market value of readily marketable securities held only for the particular separate account of such separate account customer; and

(iii) Document its segregation computation in the Statement of Secured Amounts and Funds Held in Separate Accounts for 30.7 Customers pursuant to Commission Regulation 30.7 required by paragraph (l)(3) of this section by incorporating and reflecting the 30.7 accounts carried as separate accounts of separate account customers as accounts of separate entities.

§ 30.8 [Reserved]

§ 30.9 Fraudulent transactions prohibited.

It shall be unlawful for any person, by use of the mails or by any means or instrumentality of interstate commerce, directly or indirectly, in or in connection with any account, agreement or transaction involving any foreign futures contract or foreign options transaction:

(a) To cheat or defraud or attempt to cheat or defraud any other person;

(b) To make or cause to be made to any other person any false report or statement thereof or to enter or cause to be entered for any person any false record thereof;

(c) To deceive or attempt to deceive any other person by any means whatsoever in regard to any such account, agreement or transaction or the disposition or execution of any such account, agreement or transaction or in regard to any act of agency performed with respect to such account, agreement or transaction; or

(d) To bucket any order, or to fill any order by offset against the order or orders of any other person or without the prior consent of any person to become the buyer in respect to any selling order of such person, or become the seller in respect to any buying order of such person.

§ 30.10 Petitions for exemption.

(a) Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission's satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

(b) Any foreign person that files a petition for an exemption under this section shall be eligible for such an exemption notwithstanding its presence in the United States through U.S. bank branches or divisions if, in conjunction with a petition for confirmation of relief granted under an existing Commission order issued pursuant to this section, it complies with the following conditions:

(1) No U.S. bank branch, office or division will engage in the trading of futures or options on futures within or

from the United States, except for its own proprietary account;

(2) No U.S. bank branch, office or division will refer any foreign futures or foreign options customer to the foreign person or otherwise be involved in the foreign person's business in foreign futures or foreign option transactions;

(3) No U.S. bank branch, office or division will solicit any foreign futures or foreign option business or purchase or sell foreign futures or foreign option contracts on behalf of any foreign futures or foreign option customers or otherwise engage in any activity subject to regulation under this part or engage in any clerical duties related thereto. If any U.S. division, office or branch desires to engage in such activities, it will only do so through an appropriate Commission registrant;

(4) The foreign person will maintain outside the United States all contract documents, books and records regarding foreign futures and foreign option transactions;

(5) The foreign person and each of its U.S. bank branches, offices or divisions agree to provide upon request of the Commission, the National Futures Association or the U.S. Department of Justice, access to their books and records for the purpose of ensuring compliance with the foregoing undertakings and consent to make such records available for inspection at a location in the United States within 72 hours after service of the request; and

(6) Although it will continue to engage in normal commercial activities, no U.S. bank branch, office or division of the foreign person will establish relationships in the United States with the applicant's foreign futures or foreign option customers for the purpose of facilitating or effecting transactions in foreign futures or foreign option contracts.

(c)(1) The Commission may, in its discretion and upon its own initiative, terminate the exemptive relief granted to any person pursuant to paragraph (a) of this section, after appropriate notice and an opportunity to respond, if the Commission determines that:

(i) There is a material change or omission in the facts and circumstances pursuant to which relief was granted that demonstrate that the standards set forth in appendix A to this part forming the basis for granting such relief are no longer met; or

(ii) The continued effectiveness of any such exemptive relief would be contrary to the public interest or inconsistent with the purposes of the exemption under paragraph (a) of this section; or

(iii) The arrangements in place for the sharing of information with the Commission do not warrant continuation of the exemptive relief granted.

(2) The Commission shall provide written notification to the affected party of its intention to terminate an exemption pursuant to paragraph (a) of this section and the basis for that intention. Such written notification also shall be published prominently on the Commission's website.

(3) The affected party may respond to the notification in writing no later than 30 business days following the receipt of the notification, or at such time as the Commission permits in writing. Any other person may respond to the notification in writing no later than 30 business days following the publication on the Commission's website of the written notice issued to the affected party, or at such time as the Commission permits in writing.

(4) If, after providing any affected person appropriate notice and opportunity to respond, the Commission determines that relief pursuant to paragraph (a) of this section is no longer warranted, the Commission shall notify the person of such determination in writing, including the particular reasons why relief is no longer warranted, and issue an Order Terminating Exemptive Relief. Any Order Terminating Exemptive Relief shall provide an appropriate timeframe for the orderly transfer or close out of any accounts held by U.S. customers impacted by such an Order.

(5) Any person whose relief has been terminated may apply for exemptive relief 360 days after the issuance of the Order Terminating Exemptive Relief if the deficiency causing the revocation has been cured or relevant facts and circumstances have changed.

§ 30.11 Applicability of state law.

Pursuant to section 12(e)(2) of the Act, the provisions of any state law, including any rule or regulation thereunder, may be applicable to any person required to be registered under this part who solicits foreign futures and foreign options customers and who shall fail or refuse to obtain such registration, unless such person is exempt from such registration in accordance with the provisions of §30.4, §30.5 or §30.10 of this part.

§ 30.12 Direct foreign order transmittal.

(a) *Authorized customers defined.* For the purposes of this section, an ''authorized customer'' of a futures commission merchant shall mean any foreign futures or foreign options customer, as defined in §30.1(c), or its designated representative, that:

(1) The futures commission merchant has authorized to place orders for the account of the futures commission merchant's foreign futures and options customer omnibus account; and

(2)(i) Is an eligible swap participant, as defined in §35.1(b)(2) of this chapter, or

(ii) Whose investment decisions with respect to foreign futures and foreign option transactions are made by a commodity trading advisor subject to regulation under the Act, including any investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation as a commodity trading advisor under the Act or Commission regulations, or a foreign person performing a similar role or function subject as such to foreign regulation, *provided* that the commodity trading advisor has total assets under management exceeding $50,000,000 and that the commodity trading advisor places the foreign futures or foreign options order.

(b) *Procedures for futures commission merchants.* It shall be unlawful for any futures commission merchant to permit an authorized customer to place orders for execution in the futures commission merchant's foreign futures and options customer omnibus account directly with a person exempt from registration under paragraphs (c) and (d) of this section, unless, such futures commission merchant:

(1) Meets one of the following capital requirements, as determined by the futures commission merchant's most recent required filing of a Form 1-FR-FCM with the Commission:

(i) Possesses $20,000,000 in adjusted net capital, as defined by §1.17(c)(5) of this chapter; or

(ii) Possesses the greater of three times the amount of adjusted net capital required by §1.17(a)(1)(i)(A) of this chapter or three times the amount of adjusted net capital required by §1.17(a)(1)(i)(B) of this chapter; and

(2) Has established control procedures that will serve as guidelines for permitting direct contacts between any authorized customer of the futures commission merchant and any person exempt from registration under paragraphs (c) or (d) of this section, and has in place appropriate risk management procedures to monitor its own risk relative to its authorized customers' risk aggregated across all markets, including, but not limited to, procedures to ensure that each authorized customer satisfies the participation criteria set forth in paragraph (a) of this section and to specify the manner in which trades may be executed through its customer omnibus account pursuant to this section;

(3) Furnishes a written disclosure statement to each such authorized customer advising the customer of the additional risks the customer may be assuming in placing orders directly with the foreign broker. The disclosure statement must read as follows:

Please be aware of the following should you be permitted to place the type of orders specified above.

[1] You should contact your account executive regarding your eligibility to participate in the direct order transmittal process.

• The orders you place with an Executing Firm are for [FCM's] foreign futures and options customer omnibus account maintained with a foreign clearing firm. Consequently, [FCM] may limit or otherwise condition the orders you place with the Executing Firm.

• You should be aware of the relationship of the Executing Firm and [FCM]. [FCM] may not be responsible for the acts, omissions, or errors of the Executing Firm, or its representatives, with which you place your orders. In addition, the Executing Firm may not be affiliated with [FCM]. If you choose to place orders directly with an Executing Firm, you may be doing so at your own risk.

• It is your responsibility to inquire about the applicable laws and regulations that govern the foreign exchanges on which transactions will be executed on your behalf. Any orders placed by you for execution on that exchange will be subject to such rules and regulations, its customs and usages, as well as any local laws that may govern transactions on that exchange. These laws, rules, regulations, customs and usages may offer different or diminished protection from those that govern transactions on US exchanges. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction. United States regulatory authorities may be unable to compel the enforcement of the rules of regulatory authorities or markets in non-US jurisdictions where transactions may be effected.

• It is your responsibility to determine whether the Executing Firm has consented to the jurisdiction of the courts in the United States. In general, neither the Executing Firm nor any individuals associated with the Executing Firm will be registered in any capacity with the Commodity Futures Trading Commission. Similarly, your contacts with the Executing Firm may not be sufficient to subject the Executing Firm to the jurisdiction of courts in the United States in the absence of the Executing Firm's consent. Accordingly, neither the courts of the United States nor the Commission's reparations program may be available as a forum for resolution of any disagreements you may have with the Executing Firm, and your recourse may be limited to actions outside the United States.

• Unless you object within five (5) days, by giving notice as provided in your customer agreement after receipt of this disclosure, [FCM] will assume your consent to the aforementioned conditions.

(c) *Exemption for foreign futures and options brokers.* Any person not located in the United States, its territories or possessions, who is otherwise required in accordance with this part to be registered with the Commission as a futures commission merchant or as an introducing broker will be exempt from such registration, notwithstanding that such person accepts orders for foreign futures and foreign options transactions from authorized customers of a registered futures commission merchant that meets the requirements of paragraph (b)(1) of this section, provided, that:

(1) The orders are executed for or on behalf of the foreign futures and options customer omnibus account of a registered futures commission merchant;

(2) The person does not solicit or accept any money, securities or property (or extend credit in lieu thereof) directly from any U.S. foreign futures and options customer to margin, guarantee or secure any trades or contracts that result or may result therefrom; and

(3) The person is a foreign futures and options broker, as defined by § 30.1(e).

(d) *Exemption for foreign futures and options brokers carrying a foreign futures and options customer omnibus account.* Any person not located in the United States, its territories or possessions, who is otherwise required in accordance with this part to be registered with the Commission as a futures commission merchant will be exempt from such registration, notwithstanding that such person:

(1) Carries the foreign futures and options customer omnibus account of a futures commission merchant that meets the requirements of paragraph (b)(1) of this section;

(2) Accepts orders for foreign futures and foreign options transactions from authorized customers for the execution of the trades for or on behalf of the foreign futures and options customer omnibus account of a registered futures commission merchant either directly or pursuant to a give-up arrangement; and

(3) The person is a foreign futures and options broker, as defined by § 30.1(e).

With respect to foreign futures and options contracts on a non-narrow-based security index:

(a) *Request for certification.* A foreign board of trade may request that the Commission certify that a futures contract on a non-narrow-based security index that trades, or is proposed to be traded thereon, conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, that futures contract may be offered or sold to persons located within the United States in accordance with section 2(a)(1)(C)(iv) of the Act. A submission requesting such certification must:

(1) Be filed electronically with the Secretary of the Commission;

(2) Include the following information in English:

(A) The method of computation, availability, and timeliness of the index;

(B) The total capitalization, number of stocks (including the number of unaffiliated issuers if different from the number of stocks), and weighting of the stocks by capitalization and, if applicable, by price in the index as well as the combined weighting of the five highest-weighted stocks in the index;

(viii) When applicable, a request to make the futures contract available for trading in accordance with the terms and conditions of, and through the electronic trading devices identified in, a Commission staff no-action letter stating, subject to compliance with certain conditions, that it will not recommend that the Commission take enforcement action if the foreign board of trade provides its members or participants in the U.S. access to its electronic trading system without seeking designation as a designated contract market (''Foreign Board of Trade No-Action Letter''), or pursuant to any foreign board of trade registration

order issued by the Commission (''Foreign Board of Trade Registration Order''), and a certification from the foreign board of trade that it is in compliance with the terms and conditions of that no-action letter or Foreign Board of Trade Registration Order; and

(ix) An explanation of the means by which U.S. persons may access these products on the foreign board of trade.

(b) *Termination of review.* The Commission, at any time during its review, may notify the requesting foreign board of trade that it is terminating its review under this section if it appears to the Commission that the submission is materially incomplete or fails in form or content to meet the requirements of this section.

(1) Such termination shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(2) The Commission shall also terminate review under this section if requested in writing to do so by the foreign board of trade.

(c) *Notice of denial of certification.* The Commission, at any time during its review under paragraph (a) of this section, may notify the requesting foreign board of trade that it has determined that the security index futures contract or underlying index does not conform with the requirements of section 2(a)(1)(C)(ii) of the Act.

(1) This notification will briefly specify the nature of the issues raised and the specific requirement of subsections 2(a)(1)(C)(ii)(I)–(III) of the Act with which the security index futures contract does not conform or to which it appears not to conform or the conformance to which cannot be ascertained from the submission.

(2) Such notification shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(d) *Notice of certification.* Upon review, if the Commission determines that the futures contract and the underlying index meet the requirements enumerated in section 2(a)(1)(C)(ii), the Commission will issue a letter to the foreign board of trade certifying that the security index contract traded on that board conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, that futures contract may be offered or sold to persons located within the U.S. in accordance with section 2(a)(1)(C)(iv) of the Act and, if applicable, may be made available for trading in accordance with the terms and conditions of, and through the electronic trading devices identified in, the Foreign Board of Trade No-Action Letter or the Foreign Board of Trade Registration Order.

(e) *Expedited review.* A foreign board of trade may request an expedited Commission review and determination of whether a futures contract on a security index that trades, or is proposed to be traded thereon, conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, may be offered or sold to persons in the U.S. under section 2(a)(1)(C)(iv) of the Act. A submission requesting such expedited consideration should be filed in English with the Commission and should include: Information, statements and data complying with the form and content requirements in paragraph (a) of this section.

(f) *Eligibility for expedited review.* In order to qualify for expedited review under paragraph (e) of this section, the foreign board of trade must either:

(1) Have previously requested, and received, at least one no-action letter from the Office of the General Counsel (''Foreign Security Index No-Action Letter'') or Commission certification regarding a non-narrow based security index futures contract traded on that foreign board of trade and submit a written statement representing that the board remains fully compliant with the terms and conditions of such letter or certification; or

(2) Have received a Foreign Board of Trade No-Action Letter or Foreign Board of Trade Registration Order and submit a written statement representing that the board remains fully compliant with the terms and conditions of such letter or order.

(g) *Deemed to be in conformance.* Unless notified pursuant to paragraph (h),

(i), or (j) of this section, any non-narrow-based foreign security index futures contract submitted for expedited review under paragraph (e) of this section shall be deemed to be in conformance with the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, such futures contract may be offered or sold to persons located in the U.S. in accordance with section 2(a)(1)(C)(iv) forty-five days after receipt by the Commission, or at the conclusion of such extended period as described under paragraph (h) of this section, provided that the foreign board of trade does not amend the terms or conditions of the contract or supplement the request for expedited consideration, except as requested by the Commission or for correction of typographical errors. Any voluntary substantive amendment by the foreign board of trade will be treated as a new submission under this section.

(h) *Extension of review.* The Commission may extend the forty-five day review period set forth in paragraph (g) of this section for:

(1) An additional period up to forty-five days, if the request raises novel or complex issues that require additional time for review, in which case, the Commission will notify the foreign board of trade within the initial forty-five day review period and will briefly describe the nature of the specific issues for which additional time for review will be required; or

(2) Such extended period as the requesting foreign board of trade requests of the Commission in writing.

(i) *Termination of review.* The Commission, at any time during its review under paragraph (e) of this section or extension thereof as described under paragraph (h) of this section, may notify the requesting foreign board of trade that it is terminating its review under paragraph (e) of this section if it appears to the Commission that the submission is materially incomplete or fails in form or substance to meet the requirements of this section.

(1) Such termination shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(2) The Commission shall also terminate review under this section if requested in writing to do so by the foreign board of trade.

(j) *Notice of denial of certification.* The Commission, at any time during its review pursuant to paragraph (e), may notify the requesting foreign board of trade that it has determined that the security index futures contracts or underlying index does not conform with the requirements of section 2(a)(1)(C)(ii) of the Act.

(1) This notification will briefly specify the nature of the issues raised and the specific requirement of subsections 2(a)(1)(C)(ii)(I)–(III) of the Act with which the security index futures contract does not conform or to which it appears not to conform or the conformance to which cannot be ascertained from the submission.

(2) Such notification shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(k) *Foreign trading systems.* A foreign board of trade, who is a recipient of a Foreign of Trade No-Action Letter (and is compliant with the requirements of such letter) or Foreign Board of Trade Registration Order and is requesting Commission certification of its non-narrow-based security index futures contract, may request that such contract submitted under paragraph (e) of this section be made available for trading under that letter or pursuant to the registration order, upon expiration of the applicable review period provided for under either paragraph (g) or (h) of this section. Absent Commission notification to the contrary, the foreign board of trade may make that contract available for trading on the Foreign Trading System upon expiration of the review period provided under paragraph (g) or (h) of this section.

(l) *Changes in facts and circumstances.* Any certification of a non-narrow based security index futures contracts submitted under paragraph (a) or (e) of this section shall be considered to be based on the facts and representations contained in the foreign board of trade's submissions to the Commission. Accordingly, the foreign board of trade

shall promptly notify the Commission of any changes in material facts or representations.

(m) *Additional contracts on previously-reviewed index:* A new non-narrow-based security index futures contract may be offered or sold in the U.S. in reliance on a prior Foreign Security Index No-Action Letter or Commission certification, provided that the new contract is based on an index that was the subject of such Foreign Security Index No-Action Letter or Commission certification; and substantially identical to the contract overlying such index. In this context, the foreign board of trade may submit the contract to the Commission for an accelerated review of fifteen business days for confirmation that the subject contract is substantially identical to the existing contract. Unless the Commission notifies the foreign board of trade within those fifteen business days that the review will be conducted pursuant to either the full or expedited review procedure, the foreign board of trade may make available such contract for offer or sale within the U.S.

(n) *Grandfathered no-action letters.* Any non-narrow based security index futures contract that is the subject of an existing no-action letter issued by the Office of the General Counsel, as of the date of the adoption of rule 30.13, shall be deemed to be in conformance with the criteria of section 2(a)(1)(C)(ii) of the Act, provided that the foreign board of trade submits a written statement representing that the contract remains fully compliant with the requirements of such letter.

(o) *Delegation*. The Commission hereby delegates, until such time as it orders otherwise, to the Director of the Division of Market Oversight or their designee, in consultation with the General Counsel or their designee, the authority reserved to the Commission under paragraph (m) of this section. The Director of the Division of Market Oversight may submit to the Commission for its consideration any matter which has been delegated pursuant to this paragraph (o).

APPENDIX A TO PART 30—INTERPRETATIVE STATEMENT WITH RESPECT TO THE COMMISSION'S EXEMPTIVE AUTHORITY UNDER §30.10 OF ITS RULES

Part 30 of the Commission's regulations establishes the regulatory structure governing the offer and sale in the United States of futures and options contracts made or to be made on or subject to the rules of a foreign board of trade. Section 30.10 of these regulations provides that, upon petition, the Commission may exempt any person from any requirement of this part. Specifically, section 30.10 states:

Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission's satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

As the provisions of this section make clear, any person subject to regulation under part 30 may petition the Commission for an exemption. In adopting these regulations, however, the Commission noted in particular that persons located outside the United States that solicit or accept orders directly from United States customers for foreign futures or options transactions and that are subject to a comparable regulatory scheme in the country in which they are located may apply under section 30.10 for exemption from some or all of the requirements that would otherwise be applicable to such persons. This interpretative statement sets forth the elements that the Commission intends to evaluate in determining whether a particular regulatory program may be found to be comparable to the Commission's program.

The Commission wishes to emphasize, however, that this interpretative statement is not all inclusive, and that information with respect to other aspects of a particular regulatory program may be submitted by a petitioner or requested by the Commission. In this connection, the Commission would have broad discretion to determine that the policies of any program element generally are met, notwithstanding the fact that the offshore program does not contain an element identical to that of the Commission's regulatory program and conversely may assess

how particular elements are in fact applied by offshore authorities. Thus, for example, in order to find that a particular program is comparable, the regulations thereunder would have to be applicable to all United States customers, notwithstanding any exemptions that might otherwise be available to particular classes of customer located offshore. A petitioner, therefore, must set forth with particularity the factual basis for a finding of comparability and the reasons why such policies and purposes are met, notwithstanding differences of degree and kind in its regulatory program.

No exemptions of a general nature will be granted unless the persons to which the exemption is to be applied consent to submit to jurisdiction in the United States by designating an agent for service of process pursuant to the provisions of rule 30.5 with respect to any activities of such persons otherwise subject to regulation under this part and to notify the National Futures Association of the commencement or termination of business in the United States. In this connection, to be exempted, such person must further agree to respond to a request to confirm that it continues to do business in the United States.

Persons located outside the United States may seek an exemption on their own behalf or an exemption may be sought on a general basis through the governmental agency responsible for the implementation and enforcement of the regulatory program in question, or the self-regulatory organizations of which such persons are members. The appropriate petitioner is a matter of judgment and may be determined by the parties seeking the exemption. The Commission, however, notes that it will be able to address petitions more efficiently if they are filed by the governmental agency or self-regulatory organization responsible for the regulatory program.

In this connection, as will be discussed in more detail below, any exemption of a general nature based on comparability will be conditioned upon appropriate information sharing arrangements between the Commission and the relevant governmental agency and/or self-regulatory organization. Representations from the appropriate governmental agency with respect to the applicability of any blocking statutes that may prevent the sharing of information requested under private arrangements would also be considered. Finally, in considering an exemption request, the Commission will take into account the extent to which United States persons or contracts regulated by the Commission are permitted to engage in futures-related activities or be offered in the country from which an exemption is sought.

In the Commission's review, the minimum elements of a comparable regulatory program would include: (1) Registration, authorization or other form of licensing, fitness review or qualification of persons through which customer orders are solicited and accepted; (2) minimum financial requirements for those persons that accept customer funds; (3) protection of customer funds from misapplication; (4) recordkeeping and reporting requirements; (5) minimum sales practice standards, including disclosure of the risks of futures and opotions transactions and, in particular, the risk of transactions undertaken outside the jurisdiction of domestic law; and (6) compliance.

Qualification. Under domestic law, registration identifies to the Commission, the public and other governmental agencies the individuals and entities that are properly authorized to solicit and accept customer orders and are in good standing. Equally important, the procedure provides the Commission, through the National Futures Association, the opportunity to determine whether applicants are unfit to deal with the public. In this connection, the standards for determining whether a person through its principals is fit for registration with the Commission are set forth in section 8a(2)–8a(4) of the Act. Timely access to information as to a firm's good standing and the application by relevant authorities of membership and licensing criteria, as well as the criteria themselves, will be considered by the Commission in assessing comparability.

Minimum Financial Requirements. Minimum financial requirements for persons that handle customer funds serve at least three critical functions. First, they provide a cushion together with margin such that in the event of a default of a customer, the losses of that customer need not adversely affect the funds held on behalf of other customers. Second, they help ensure that the person has sufficient funds to operate its business and, therefore, is less likely to be tempted to misapply customer funds for its own purposes. Third, they ensure that the person holding customer funds has some financial stake in its business and, therefore, is serious in its intent. In assessing comparability, capital rules or their equivalent will be considered together with any provisions made for insuring customer losses, the scope of clearing guarantees and segregation or customer trust calculation and accounting requirements which, to the extent they cover undermargined accounts, can provide significant protection of one customer from another customer's losses.

Customer Funds. The Act requires the strict segregation of customer funds from those of the person holding such funds. One of the primary purposes of this requirement is to prevent the misapplication of those funds for purposes other than those intended by the

customer, which may affect not only the customer but the market as a whole. The purpose of segregation is also to identify customer deposits as assets of the customer, rather than the firm, in order that in bankruptcy such funds are payable only to satisfy the carrying firm's obligations to such customers and not other obligations of the firm. In assessing comparability of protection of customer funds, the Commission will consider protections accorded customer funds in a bankruptcy under applicable law, as well as protection from fraud.

Recordkeeping and Reporting. Recordkeeping requirements have long been recognized as the linchpin of the Commission's regulatory scheme. Reporting and recordkeeping requirements assist in determining that a registrant is acting in accordance with the provisions of the Act and the rules, regulations and orders of the Commission thereunder. Similarly, reporting requirements ensure that customers are timely advised of the transactions that have been executed on their behalf, thus ensuring that they are aware of their positions in the markets and may object to any transactions that they believe are in error. The Commission will consider the types of records maintained, the ability through those records to trace funds and transactions, and the period of retention and accessibility of records under the information sharing arrangements discussed below in considering comparability.

Sales Practice Standards. In 1982, Congress reaffirmed the importance of minimum sales practice standards to protect customers from fraud or misrepresentation by requiring any futures association registered by the Commission to adopt and enforce rules governing the sales practices of its members. The Commission has consistently provided that written disclosure of the risks of futures and options trading is essential to ensure that potential customers are aware of these risks and are not otherwise misled and that other appropriate disclosure is made. The Commission will review the type and manner of disclosure given and the mechanisms for assuring the disclosure requirements are met and, in particular, the treatment of discretionary accounts for which, for example, Commission rule 166.2 requires particularized documentation of intent to confer discretion in the case of foreign futures and options transactions.

Compliance. Finally, in assessing comparability of a program, the Commission will examine the procedures employed by the governmental authority or the appropriate self-regulatory organization to audit for compliance with, and to take action as appropriate against those persons that violate, the requirements of that program.

Information Sharing. As noted above, any exemption of a general nature would also require an information sharing arrangement between the Commission and the appropriate governmental or self-regulatory organization to ensure Commission access to information on an as needed basis as may be necessary to fulfill its regulatory responsibilities. The information subject to these arrangements generally would be of a type necessary in the first instance to monitor domestic markets and to protect domestic customers trading on foreign markets.

Firm-specific information that is potentially relevant to protection of domestic customers engaged in foreign transactions could include the following: (1) Registration qualification status; (2) names of principals; (3) current capital; (4) location of customer funds; (5) address of main office and branches; (6) exchange and self-regulatory organization memberships; (7) the existence of any derogatory information such as that required to be disclosed on the Commission's Form 7–R; (8) notice of limitations imposed on activities; (9) notice of undersegregation or undercapitalization; (10) notice of misuse of customer funds; and (11) notice of sanctions or of expulsion from exchange or self-regulatory organization membership. The Commission believes that much of the above information would be public in the ordinary course in most jurisdictions. From time to time, the Commission also may need immediate access to financial information concerning risks posed to domestic firms by the carrying of foreign positions.

In addition to information that relates to the financial stability and creditworthiness of the firm, the Commission should have access to transaction-specific information that confirms the execution of orders and prices and facilitates tracing of customer funds. Such data could include records reflecting: (1) That an order has been received by a firm on behalf of one or more United States customers; (2) that an order has been executed on an exchange on behalf of one or more United States customers; (3) that funds to margin, guarantee or secure United States customer transactions have been received by a firm and deposited in an appropriate depository; and (4) the price at which a transaction was executed and general access to pricing information.

Again, such information is likely to be maintained in the ordinary course of business. Tracing of customer funds would be most essential in cases of insolvency where repatriation of funds is at issue.

The Commission may also seek relevant position data information, including the identity of the position holder and related positions, in connection with surveillance of a potential ''market disruption.'' This is particularly true in the case of integrated markets.

The Commission wishes to emphasize that the information sharing arrangements discussed herein are not necessarily a substitute for, nor would they preclude, a more formal agreement or arrangement with respect to the sharing of information.

APPENDIX B TO PART 30—INTERPRETATIVE STATEMENT WITH RESPECT TO THE SECURED AMOUNT REQUIREMENT SET FORTH IN §30.7

1. Rule 30.7 requires FCMs who accept money, securities or property from foreign futures and foreign options customers to maintain in a separate account or accounts such money, securities and property in an amount at least sufficient to cover or satisfy all of its current obligations to those customers.[1] This amount is denominated as the ''foreign futures or foreign options secured amount'' and that term is defined in §1.3. The separate accounts must be maintained under an account name that clearly identifies the funds as belonging to foreign futures and foreign options customers at a depository that meets the requirements of Rule 30.7(c). Further, each FCM must obtain and retain in its files for the period provided in Rule 1.31 an acknowledgment from the depository that the depository was informed that such money, securities or property are held for or on behalf of foreign futures and foreign options customers and are being held in accordance with the provisions of these regulations.

[1] ''Foreign futures or foreign options customer'' means ''any person located in the United States, its territories or possessions who trades in foreign futures or foreign options: Provided, That an owner or holder of a proprietary account as defined in §1.3 shall not be deemed to be a foreign futures or foreign options customer within the meaning of [Rules 30.6 and 30.7].'' Rule 30.1(c). ''Foreign futures'' means ''any contract for the purchase or sale of any commodity for future delivery made, or to be made, on or subject to the rules of any foreign board of trade.'' Rule 30.1(a). ''Foreign option'' means ''any transaction or agreement which is or is held out to be of the character of, or is commonly known to the trade as, an 'option,' 'privilege,' 'indemnity,' 'bid,' 'offer,' 'put,' 'call,' 'advance guaranty,' or 'decline guaranty,' made or to be made on or subject to the rules of any foreign board of trade.'' Rule 30.1(b).

2. In a series of orders issued pursuant to Rule 30.10, the Commission required that certain foreign firms exempt from registration as FCMs essentially comply with the standards of Rule 30.7.[2] Specifically, the Commission stated that ''[the secured amount] requirement is intended to ensure that funds provided by U.S. customers for foreign futures and options transactions, whether held at a U.S. FCM under Rule 30.7(c) or a firm exempted from registration as an FCM under CFTC Rule 30.10, will receive equivalent protection at *all* intermediaries and exchange clearing organizations.''[3] The Commission further interpreted Rule 30.7 to require each FCM and Rule 30.10 firm to take appropriate action (*i.e.*, set aside funds in a ''mirror'' account) in the event that it becomes aware of

[2] Under Rule 30.10, the Commission may exempt a foreign firm acting in the capacity of an FCM from registration under the Commodity Exchange Act (''Act'') and compliance with certain Commission rules based upon the firm's compliance with comparable regulatory requirements imposed by the firm's home-country regulator or self-regulatory organization (''SRO''). Once the Commission determines that the foreign jurisdiction's regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions. Firms seeking confirmation of relief (referred to herein as ''Rule 30.10 firms'') must make certain representations set forth in the Rule 30.10 order issued to the regulator or SRO from the firm's home country. For a list of those foreign regulators and SROs that have been issued a Rule 30.10 order, see appendix C to part 30. In certain cases, where a foreign regulator or SRO has requested that firms subject to its jurisdiction be granted broader relief to engage in transactions on exchanges other than in its home jurisdiction (referred to herein as ''expanded relief''), the relief has been granted where the relevant authority has represented that it will monitor its firms for compliance with the terms of the order in connection with such offshore transactions. Although Rule 30.10 orders generally exempt foreign intermediaries from compliance with the secured amount requirement under Rule 30.7, firms seeking confirmation of the expanded relief must represent that, with respect to transactions entered into on behalf of U.S. customers on any non-U.S. exchange located outside their home country, they will treat U.S. customer funds in a manner consistent with the provisions of Rule 30.7. For the most recent order granting expanded relief, see 64 FR 50248 (September 16, 1999) (Singapore Exchange Derivatives Trading Limited).

facts leading it to conclude that foreign futures and foreign options customer funds are not being handled consistent with the requirements of Commission rules or relevant order for relief by any subsequent intermediary or exchange clearing organization.

3. Upon further analysis and reconsideration of this matter, the Commission has determined to revise its prior interpretation of the Rule 30.7 secured amount requirement. The Commission notes that the initial depository's ability to identify customer funds affords foreign futures and foreign options customers a measure of protection in the event that the intermediating FMC or foreign firm becomes insolvent. Moreover, Rule 30.6(a) requires that foreign futures and foreign options customers receive a Rule 1.55 written disclosure explaining that the treatment of customer funds outside the U.S. may not afford the same level of protection offered in the U.S. These protections exist whetehr the intermediating firm is a U.S. FCM or a firm exempt from such registration under Rule 30.10.[4]

4. The Commission further notes, however, that, in February 1998, Rule 30.6 was amended to permit an FCM to open a commodity account for a foreign futures or foreign options customer without providing the Rule 1.55 risk disclosure statement or obtaining an acknowledgment of receipt of such statement, provided that the customer is, at the time at which the account is opened, one of several types of sophisticated customers enumerated in Rule 1.55(f) (''Rule 1.55(f) customers'').[5] While the amendment to Rule 30.6(a) extinguished the obligation to provide a standardized risk disclosure statement to Rule 1.55(f) customers at the time of the account opening, the Commission stated that FCMs have obligations to these customers independent of such a duty that would be material in the circumstances of a given transactions.[6]

5. After careful consideration of the issue, the Commission has determined that intermediaries should advise all customers (regardless of their level of sophistication) to consider making appropriate inquiries relating to the treatment of customer funds by depositories located outside the jurisdiction of the intermediating firm. Accordingly, the Commission has determined that an FCM, at a minimum, must provide each foreign futures or foreign option customer with a written disclosure tracking the language in either: (1) Rule 1.55(b)(7),[7] or (2) Paragraphs 6 and 8 of appendix A to Rule 1.55(c).[8] Rule

[4] Although orders for expanded relief exempt foreign firms from compliance with Rule 1.55, sales practice standards and the treatment of customer funds constitute two of the specific elements examined in evaluating whether the particular foreign regulatory program provides a basis for permitting substituted compliance for purposes of exemptive relief pursuant to Rule 30.10. appendix A to part 30.

[5] 63 FR 8566 (February 20, 1998). The list of sophisticated customers referenced in Rule 1.55(f) closely tracks, with one exception, the list of ''eligible swap participants'' in Rule 35.1.

[6] *Id.* at 8569.

[7] Rule 1.55(b)(7) reads as follows: Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally ''linked'' to a domestic exchange whereby a trade executed on one exchange liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery and clearing of transactions on such exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use alternative dispute resolution. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.

[8] Appendix A to Rule 1.55(c) is the Generic Risk Disclosure Statement, which FCMs may use as an alternative to the Risk Disclosure Statement prescribed in Rule 1.55(b). The Commission understands that most FCMs, in particular those that are most active in international markets, use the Generic Risk Disclosure Statement.

Paragraphs 6 and 8 of appendix A to Rule 1.55(c) read as follows:

6. Deposited cash and property.

You should familiarize yourself with the protections accorded money or property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specified legislation or local rules. In some jurisdictions, property which has been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

8. Transactions in other jurisdictions.

Continued

30.10 firms must provide each foreign futures or foreign options customer with a written disclosure tracking the language in either Rule 1.55(b)(7) or paragraphs 6 and 8 of appendix A to Rule 1.55(c), or a comparable disclosure statement prescribed by the firm's home country regulator. The Commission further encourages all firms, whether domestic or foreign, to provide a Rule 1.55 written risk disclosure to all customers, regardless of each customer's respective level of experience. The Commission notes that, in any instance where a firm provides a Rule 1.55(f) customer with a written disclosure, it is not necessary for the firm to obtain an acknowledgment of receipt. In addition, those FCMs that already have provided customers with a disclosure tracking either Rule 1.55(b)(7) or paragraphs 6 and 8 of appendix A to Rule 1.55(c) (or in the case of Rule 30.10 firm, a comparable disclosure statement prescribed by its home country regulatory) need not provide those same customers with an additional written disclosure.

6. For the reasons set forth above, the Commission is revising its interpretation of the secured amount requirement set forth in Rule 30.7. The Commission believes that the Rule 30.7 acknowledgment required of FCMs, or other appropriate acknowledgment required by Rule 30.10 firms, only applies to the maintenance of the account or accounts containing foreign futures and foreign options customer funds by the initial depository, and not to the manner in which any subsequent depository holds or subsequently transmits those funds. If an FCM receives from the initial depository the acknowledgment described in Rule 30,7, furnishes to each foreign futures or foreign options customer a written disclosure statement tracking the language set forth in Rule 1.55(b)(7) or paragraphs 6 and 8 of appendix A of Rule 1.55(c) and otherwise complies with the provisions of Rule 30.7, then it may include all funds maintained in the separate account or accounts in calculating its secured amount requirement. A Rule 30.10 firm must satisfy the same requirements, except that it may provide each foreign futures or foreign options customer with a comparable disclosure statement prescribed by is home regulator.

7. IF an FCM or Rule 30.10 firm fails to receive the required acknowledgment from the initial depository or provide the above written disclosure statement (and in certain circumstances, receive from customers and acknowledgment of receipt), then it must set aside funds with an acceptable depository and receive from such depository the required acknowledgment.

8. The Commission's interpretation of the Rule 30.7 secured amount requirement will apply to all regulated activities with all new and existing foreign futures and foreign options customers as of October 11, 2000. The Commission's interpretation does not alter any other requirement set forth in Rule 30.7 or any other section of part 30.

Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of the regulatory authorities or markets in other jurisdictions where your transactions have been effected. APPENDIX D TO PART 30—COMMISSION CERTIFICATION WITH RESPECT TO FOREIGN FUTURES AND OPTIONS CONTRACTS ON A NON-NARROW-BASED SECURITY INDEX

In its analysis of a request for certification by a foreign board of trade relating to a security index futures contract traded on that foreign board of trade pursuant to §30.13, the Commission will evaluate the contract to ensure that it complies with the three criteria of section 2(a)(1)(C)(ii) of the Act.

(1) Because security index futures contracts are cash settled, the Commission also evaluates the contract terms and conditions relating to cash settlement. In that regard, the Commission examines, among other things, whether the cash price series is reliable, acceptable, publicly available and timely; that the cash settlement price is reflective of the underlying cash market; and that the cash settlement price is not readily susceptible to manipulation. In making its determination, the Commission considers the design and maintenance of the index, the method of index calculation, the nature of the component security prices used to calculate the index, the breadth and frequency of index dissemination, and any other relevant factors.

(2) In considering the susceptibility of an index to manipulation, the Commission examines several factors, including the structure of the primary and secondary markets for the component equities, the liquidity of the component stocks, the method of index calculation, the total capitalization of stocks underlying the index, the number, weighting and capitalization of individual stocks in the index, and the existence of surveillance sharing agreements between the board of trade and the securities exchange(s) on which the underlying securities are traded.

(3) To verify that the index is not narrow-based, the Commission considers the number and weighting of the component securities and the aggregate value of average daily trading volume of the lowest weighted quartile of securities. Under the Act, a security index is narrow-based if it meets any one of the following criteria:

(i) The index is composed of fewer than 10 securities;

(ii) Any single security comprises more than 30% of the total index weight;

(iii) The five largest securities comprise more than 60% of the total index weight; or

(iv) The lowest-weighted securities that together account for 25% of the total weight of the index have an aggregate dollar value of average daily trading volume of less than US$30 million (or US$50 million if the index includes fewer than 15 securities).
