§ 12.44 Disposition.

(a) *Export and abandonment.* Merchandise detained pursuant to § 12.42(e) may be exported at any time prior to seizure pursuant to paragraph (b) of this section, or before it is deemed to have been abandoned as provided in this section, whichever occurs first. If the proof has not been timely submitted, or if the Commissioner of CBP advises the port director that the proof furnished does not establish the admissibility of the merchandise, the port director will promptly advise the importer in writing that the merchandise is excluded from entry. Upon the expiration of 60 days after the delivery or mailing of such advice by the port director, the merchandise will be deemed

CONSUMER PRODUCTS AND INDUSTRIAL
EQUIPMENT SUBJECT TO ENERGY CON-
SERVATION OR LABELING STANDARDS

§ 12.50 Consumer products and industrial equipment subject to energy conservation or labeling standards.

(a) *Definitions.* For purposes of this section, the following terms have the meanings indicated:

Covered import. The term “covered import” means a consumer product or industrial equipment that is classified by the Department of Energy as covered by an applicable energy conservation standard, or by the Federal Trade Commission as covered by an applicable energy labeling standard, pursuant to the Energy Policy and Conservation Act of 1975, as amended (42 U.S.C. 6291-6317), and for which an entry for consumption has been filed, including products and equipment withdrawn from warehouse for consumption or foreign merchandise entered for consumption from a foreign trade zone.

DOE. The term “DOE” means the Department of Energy.

Energy conservation standard. The term “energy conservation standard” means any standard meeting the definitions of that term in 42 U.S.C. 6291(6) or 42 U.S.C. 6311(18).

FTC. The term “FTC” means the Federal Trade Commission.

Noncompliant covered import. The term “noncompliant covered import” means a covered import determined to be in violation of 42 U.S.C. 6302 or 42 U.S.C. 6316 as not in compliance with applicable energy conservation or energy labeling standards.

(b) *CBP action; refusal of admission.* CBP will refuse admission into the customs territory of the United States to any covered import found to be noncompliant with applicable energy conservation or energy labeling standards. If DOE or FTC notifies CBP that a covered import does not comply with an applicable energy conservation or energy labeling standard, CBP will refuse admission to the covered import, or

pursuant to paragraph (d) of this section, CBP may allow conditional release of the covered import so that it may be brought into compliance. CBP may make a finding that a covered import is noncompliant without having received a prior written noncompliance notice from DOE or FTC. In such a situation, CBP will confer with DOE or FTC, as applicable, as to disposition of the import.

(c) *DOE or FTC notice.* Upon a determination that a covered import is not in compliance with applicable energy conservation or labeling standards, DOE or FTC, as applicable, will provide CBP with a written or electronic notice that identifies the importer and contains a description of the noncompliant covered import that is sufficient to enable CBP to identify the subject merchandise and refuse admission thereof into the customs territory of the United States.

(d) *Conditional release.* In lieu of immediate refusal of admission into the customs territory of the United States, CBP, pursuant to a written or electronic recommendation from DOE or FTC, may permit the release of a noncompliant covered import to the importer of record for purposes of reconditioning, re-labeling, or other modification. The release from CBP custody of any such covered import will be deemed conditional and subject to the bond conditions set forth in §113.62 of this chapter. Conditionally released covered imports are subject to the jurisdiction of DOE and/or FTC.

(1) *Duration.* Unless extended in accordance with paragraph (d)(2) of this section, the conditional release period will terminate upon the earliest occurring of the following events:

(i) The date CBP issues a notice of refusal of admission to the importer;

(ii) The date DOE or FTC issues a notice to CBP stating that the covered import is in compliance and may proceed; or

(iii) At the conclusion of the 30-day period following the date of release.

(2) *Extension.* An importer may request an extension of the conditional release period from DOE or FTC if made within the initial 30-day conditional release period or any subsequent authorized extension thereof. CBP may
