If any such prohibited specimen is imported, or if any species or subspecies of other live or dead fish or wildlife, including any parts, products, or eggs thereof, appearing on the Endangered Species List published by the U.S. Fish and Wildlife Service, is imported, Customs release of the prohibited specimen or endangered fish or wildlife shall be refused unless there has been issued and presented in connection with entry a proper U.S. Fish and Wildlife Service permit authorizing the import transaction. In the absence of such permit, injurious specimens prohibited entry shall be required

to be immediately exported or destroyed. Changes in injurious species and endangered species or subspecies which are prohibited or restricted importation may be published from time to time in 50 CFR part 13—Importation of Wildlife or Eggs Thereof or in part 17—Conservation of Endangered Species and Other Fish or Wildlife. Unreleased species or subspecies of live or dead endangered fish or wildlife, including parts, products, or eggs thereof, shall remain under detention subject to seizure and delivery to an appropriate regional director or other agent of the U.S. Fish and Wildlife Service for disposition as appropriate pursuant to 50 CFR part 17.

(2) Fish and eggs of salmonids of the fish family Salmonidae are prohibited entry into the United States for any purpose unless such importations are by direct shipment, accompanied by the signed certification of a qualified fish pathologist in substantially the form as prescribed in 50 CFR 13.7. The following are excepted from the certification requirements:

(i) Salmon landed in North America and brought into the United States for processing or sale;

(ii) Any salmonid caught in the wild in North America under a sport or a commercial fishing license; and

(iii) Fish or eggs of the family Salmonidae when processed or prepared in accordance with 50 CFR 13.7(c), or otherwise exempted from the requirement of certification.

(3) Regulations (50 CFR part 17) require the importer or his agent to file a Declaration for the Importation of Fish or Wildlife, unless it is an import transaction exempted from the requirement by 50 CFR part 13 or part 17. Such declaration on U.S. Fish and Wildlife Service Form 3-177, available to importers through Customs ports of entry, shall be filed with the appropriate Customs officer at the port of entry conducting the actual Customs clearance and release of the declared fish, wild mammal, or bird, amphibian, reptile, mollusk, crustacean, or dead body or egg thereof. The declaration on Form 3-177 shall show the common and scientific names, number, and country of origin of all species or subspecies declared, designate and identify any spe-

cies listed on the U.S. List of Endangered Foreign Fish and Wildlife, 50 CFR part 17, appendix A, and indicate whether any species is subject to laws and regulations in any foreign country regarding its taking, transportation, or sale. See paragraph (g) of this section for special documentation requirements.

(4) Federal agencies, subject to requirements in paragraph (a)(2) of this section, may import solely for their own use live wildlife except migratory birds, or their eggs, without a permit from the U.S. Fish and Wildlife Service, upon filing the declaration on Form 3-177. Importation of bald or golden eagles, or their eggs is prohibited.

(5) Customs entry for consumption or bonded warehousing of fish and wildlife, as defined in 50 CFR 17.2 (e) and (f), intended for importation into the United States, or admission into a foreign trade zone, shall be filed at a port of entry among those designated for Customs entry in 50 CFR part 17, appendix B. However, Customs entry for consumption or bonded warehousing of shipments subject to emergency diversion or otherwise authorized under regulations or by permit issued by the U.S. Fish and Wildlife Service pursuant to 50 CFR part 17, appendices B and C, may be filed for examination and release at the ports of entry so named or permitted, but no consumption or bonded warehouse entry shall be filed or accepted at an undesignated port for any endangered specie or subspecies permitted importation pursuant to 50 CFR 17.12 except in the case of an emergency diversion of live endangered fish or wildlife accepted for such entry in accordance with item 2(b) of 50 CFR part 17, appendix B. Importations of fish and wildlife subject to regulations of the U.S. Fish and Wildlife Service which arrive from abroad at any place in the United States not designated as an authorized port for Customs entry, unless occurring under conditions or circumstances in which Customs entry for consumption or bonded warehousing and final clearance has been authorized by U.S. Fish and Wildlife Service regulations or permit, may be entered only for immediate transportation without appraisalment for

§ 12.26

movement under Customs bond to one of the designated ports of entry. Customs entry, release, and delivery of any shipment of shellfish and fishery products defined in 50 CFR 17.2(j) imported for commercial purposes is authorized at any port of entry, except insofar as such items include any species or subspecies which appears on the Endangered Species List in 50 CFR part 17, appendix A.

(b) Permits are required for the importation of wild animals and birds as follows:

(1) Wild birds protected by the Migratory Bird Treaty Act (16 U.S.C. 703 through 711) and the regulations promulgated thereunder (50 CFR part 10), may be imported from foreign countries for scientific, propagating, or other limited purposes only under permits issued by the U.S. Fish and Wildlife Service, United States Department of the Interior, Washington, DC, 20240. State game departments, municipal game farms or parks, and public museums, zoological parks or societies, and scientific or educational institutions may import migratory birds without a permit. Such migratory birds, when imported from Mexico, must be accompanied by Mexican export permits (50 CFR 16.3 and 16.5).

(2) Game mammals (antelopes, mountain sheep, deer, bears, peccaries, squirrels, rabbits, and hares), protected by the Migratory Bird Treaty Act (16 U.S.C. 703 through 711), dead or alive, or their parts or products, must be accompanied by Mexican export permits (50 CFR 15.3) when imported from Mexico.

(3) Wild ruminants (all animals which chew the cud, such as cattle, buffaloes, sheep, goats, deer, antelopes, camels, llamas, and giraffes) and swine (various varieties of wild hogs), except from Canada and certain northern States of Mexico may be imported only under a permit from the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture, Washington, DC 20250. Such permits must be obtained before the animals are shipped from the country of exportation. All wild ruminants and swine must be inspected at designated ports of entry by veterinarians of the Animal and Plant Health Inspec-

19 CFR Ch. I (4-1-23 Edition)

tion Service, Veterinary Services, United States Department of Agriculture.

(4) Psittacine birds, which include all birds commonly known as parrots, Amazons, African grays, cockatoos, macaws, parrotlets, beebees, parakeets, lovebirds, lories, lorikeets, and all other birds of the order Psittaciformes, when destined for a zoological park or medical research institution without having had prior confinement and treatment abroad at an approved treatment center, and psittacine birds taken out of the United States but inadmissible under paragraph (c) of this section, may be imported when accompanied by a permit issued by the Surgeon General. Application for such a permit may be made to the Chief, Foreign Quarantine Program, National Communicable Disease Center, U.S. Public Health Service, Atlanta, Ga. 30333, or to a Public Health Service quarantine station established at a port of entry in the United States.

(5) Ducks, geese, swans, turkeys, pigeons, doves, pheasants, grouse, partridges, quail, guinea fowl, and pea fowl, except from Canada, may be imported only under a permit from the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture, Washington, DC 20250. Such permits must be obtained before the birds are shipped from the country of origin. Such birds from Canada must be accompanied by a certificate issued by a Canadian Government veterinarian. All such birds must be inspected at designated ports of entry by veterinarians of the Animal and Plant Health Inspection Service, Veterinary Services, United States Department of Agriculture.

(c) Psittacine birds as defined in paragraph (b)(4) of this section, not to exceed two such birds by members of a family comprising a single household in any 12-month period, may be imported under prescribed conditions (see 42 CFR 71.164(e)) without permit and without prior confinement and treatment, to be kept as pets by the owner, who will be required to comply with the Foreign Quarantine Regulations of the U.S. Public Health Service. Birds taken out of the United States and

being returned may be admitted, without permit, upon full compliance with prescribed conditions of those regulations for admission of birds imported as pets. No such birds shall be released until the importer has complied with applicable requirements of the Public Health regulations.

(d) Cats, dogs, and monkeys are subject to the Foreign Quarantine Regulations of the United States Public Health Service, Department of Health, Education, and Welfare, Washington, D.C. Such animals shall not be released until the Public Health regulations are complied with by the importer.

(e) If a shipment contains migratory birds for which a permit is required by the Fish and Wildlife Service of the Department of the Interior, and such permit is not at hand when the birds arrive, an examination thereof shall be made at once by the port director and any duties estimated to be due shall be collected. A stipulation shall be filed with the port director within 24 hours of the entry to produce the necessary permit within 30 days from the date of entry, whereupon final liquidation shall be suspended until the permit is produced or the 30-day period expires. The shipment may be immediately released if a bond is filed with the port director on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter, in an amount equal to the entered value plus estimated duties. If the bond conditions are violated the port director shall issue a claim for liquidated damages under the bond. In lieu of filing a bond the merchandise may be left in Customs custody at the risk and expense of the importer pending issuance of the permit.

(f) If the permit referred to in paragraph (e) of this section is refused by the Fish and Wildlife Service, or if the permit is not produced within the said 30 days, an authorized CBP official shall promptly recall the property, if delivered under bond, and shall require its immediate exportation at the expense of the importer or consignee.

(g)(1) All import shipments of fish and wildlife subject to the regulations or permit requirements of the U.S. Fish and Wildlife Service, published pursuant to the Endangered Species

Act of 1973, 16 U.S.C. 1531, or other statutory authority, shall be subject to examination or inspection by that agency's officer serving the port of entry, for determination as to permissible release or such other disposition as he may direct. Customs officers performing examinations of such fish and wildlife in accordance with regulations of the U.S. Fish and Wildlife Service in 50 CFR part 10 and parts 13 through 17, shall release shipments only upon submission by the importer of evidence sufficient to establish compliance with those regulations, any applicable permit requirements, and compliance with applicable identification and package or container marking requirements as specified by 50 CFR 17.6(a) and 17.9. In case of doubt as to whether fish, birds, or other wildlife belong to prohibited or endangered species or subspecies or whether an entry permit is required, or in case of suspicion on the part of officers of the Customs that the species sought to be entered are prohibited or endangered species or subspecies imported under other names or descriptions, the importation shall be refused Customs release, and the importer shall be responsible for concluding arrangements acceptable to the regional director or other agent of the U.S. Fish and Wildlife Service for proper handling, custody, and care, at the importer's expense and risk, of the unreleased fish, birds, or other wildlife. No Customs disposition of the importation shall be concluded pending the determination by the U.S. Fish and Wildlife Service of the true nature of the species or subspecies. In case of refusal or neglect of the importer or consignee, or agent of either, to have the identity so established, final disposition of the importation shall be required as determined by the U.S. Fish and Wildlife Service. In addition to U.S. Fish and Wildlife Service Form 3-177, required to be filed as prescribed in 50 CFR 17.4 upon entry of importations of fish and wildlife, entrants shall present appropriate foreign export permits, other acceptable foreign documentary evidence of lawful taking, transportation, or sale, or appropriate American consular certificates upon importation of fish

§ 12.27

and wildlife species or subspecies subject to such documentation requirements of 50 CFR 17.4 (c) and (d).

(2) Any antique article imported under §10.53(g) of this chapter shall be entered at one of the following ports:

Boston, Massachusetts
New York, New York
Baltimore, Maryland, Philadelphia, Pennsylvania
Miami, Florida, San Juan, Puerto Rico
New Orleans, Louisiana
Houston, Texas
Los Angeles, California
San Francisco, California
Anchorage, Alaska, Honolulu, Hawaii
O'Hare International Airport, Chicago, Illinois

(h) All invoices of animals and birds shall specify the species covered thereby and the number of each species. In the event of the return to the port director of any importation under the bond given under paragraph (e) of this section, if the number and species of birds does not correspond with the description stated in the invoice and if no satisfactory explanation of any discrepancy is furnished, a claim for liquidated damages shall be issued under the bond.

(i) The privilege of entry for immediate transportation granted by section 552, Tariff Act of 1930, shall not be allowed for importations of fish, birds, or other wildlife which are confirmed at the port of first arrival or discharge to be injurious prohibited species, or which require permits issued prior to importation, or which are subject to quarantine regulations or inspection at the ports of first arrival or discharge or other specified place of veterinary inspection. However, entry for immediate transportation properly is allowed for any importation of fish, birds, or other wildlife which at the place of first arrival or discharge is not confirmed to be an injurious prohibited species and which, following compliance with any applicable quarantine regulations or required veterinary inspection, is being transported by means of an in-bond movement to a port of entry designated in 50 CFR part 17, appendix B, for Customs entry (see paragraphs (a) and (b) of this section). Ports of designated entry, inspection, quarantine, and related enforcement procedures covering certain animals and poultry

19 CFR Ch. I (4-1-23 Edition)

and certain animal and poultry products imported into the United States are regulated by requirements and standards prescribed in regulations of the Secretary of Agriculture, Department of Agriculture (see 9 CFR parts 92-96; 19 CFR 12.8 and 12.24).

(j) Wild animals and birds shall be imported under humane and healthful conditions, due regard being given to the accommodations and facilities necessary for the species transported.

(k) When any Customs officer has good reason to believe that wild animals or birds have been imported under inhumane or unhealthful conditions in violation of 18 U.S.C. 42, an immediate investigation shall be made to ascertain whether they have in fact been transported under such conditions. The investigation shall determine the provisions made on the vessel or other conveyance for the accommodation of the animals or birds, the suitability of the boxes, cages, stalls, etc., the space, ventilation, and protection from the elements accorded the animals or birds, the facilities for cleaning, feeding, watering, bedding, and such other services as may be required for the species imported. The investigation shall also determine, the physical condition of such animals or birds and the ratio of dead, crippled, diseased, or starving animals or birds. If necessary, officers of the Animal and Plant Health Inspection Service, Veterinary Services, or Fish and Wildlife Service, or other officers or experts, may be called upon to assist customs officers in the matter.

(l) Unless the port director is satisfied that the provisions of 18 U.S.C. 42 have not been violated, he shall report the matter to the United States attorney for appropriate action.

(a) The provisions of Chapter 5, Additional U.S. Note 1, relating to the plumage of any bird, apply to all such plumage, whether imported separately or upon the bird itself, except (1) the feathers of birds specifically excepted by Additional U.S. Note 1 to Chapter 5, Harmonized Tariff Schedule of the United States (HTSUS), (2) plumage imported for scientific or educational purposes, (3) fully-manufactured artificial flies used for fishing, (4) plumage on game birds killed in foreign countries by residents of the United States and not imported for sale or other commercial purposes, and (5) plumage on live wild birds.

(b) The feathers or skins of certain birds may be imported for use in the manufacture of artificial flies used for

Such regulations require that permits, except for eggs from Canada offered for entry at certain land border ports, must be obtained before the eggs are shipped from the country of origin and that all eggs shall be accompanied by a certificate issued by a national government veterinarian of the country of origin and inspected at a designated port of entry.

(d) Upon the attempted importation of eggs of wild birds, the importation of which is prohibited by Chapter 4, Additional U.S. Note 26, the eggs shall be seized and the importer accorded an opportunity to assent to forfeiture. In the event the importer refuses or fails to

§ 12.30

assent to the forfeiture of the prohibited eggs, the port director shall proceed to forfeit them under the provisions of the tariff act applicable to seizure and forfeiture of merchandise valued at less than \$2,500.

UNFAIR COMPETITION

§ 12.39 Imported articles involving unfair methods of competition or practices.

(a) *Determinations of the International Trade Commission.* Under section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), unfair methods of competition and unfair practices in the importation or sale of articles, the effect or tendency of which is to destroy, substantially injure, or prevent the establishment of an efficiently and economically operated United States industry, or to restrain or monopolize trade and commerce in the United States, are unlawful. After an investigation of an alleged violation of section 337, the U.S. International Trade Commission ("the Commission") may determine that section 337 has been violated. The Commission also may determine during the course of its investigation that there is reason to believe that a violation of section 337 exists. The Commission's determination in either case is effective on the date of its publication in the FEDERAL REGISTER and is referred to the President, who may disapprove the determination for policy reasons on or before the close of a 60-day period beginning on the day after the day he receives a copy of the determination. A Commission determination disapproved by the President shall have no force or effect as of the date the Commission is notified of his disapproval. If the Com-

19 CFR Ch. I (4-1-23 Edition)

mission's determination is not disapproved by the President during the 60-day period, or if he notifies the Commission before the close of the period that he approves the determination, the determination becomes final on the day after the close of the period or the day of the notification, whichever is earlier.

(b) *Exclusion from entry; entry under bond; notice of exclusion order.* (1) If the Commission finds a violation of section 337, or reason to believe that a violation exists, it may direct the Secretary of the Treasury to exclude from entry into the United States the articles concerned which are imported by the person violating or suspected of violating section 337. The Commission's exclusion order remains in effect until the Commission determines, and notifies the Secretary of the Treasury, that the conditions which led to the exclusion no longer exist, or until the determination of the Commission on which the order is based is disapproved by the President.

(2) During the period the Commission's exclusion order remains in effect, excluded articles may be entered under a single entry bond in an amount determined by the International Trade Commission to be sufficient to protect the complainant from any injury. On or after the date that the Commission's determination of a violation of section 337 becomes final, as set forth in paragraph (a) of this section, articles covered by the determination will be refused entry. If a violation of section 337 is found, the bond may be forfeited to the complainant under terms and conditions prescribed by the Commission. To enter merchandise that is the subject of a Commission exclusion order, importers must:

(i) File with CBP prior to entry a bond in the amount determined by the Commission that contains the conditions identified in the special importation and entry bond set forth in appendix B to part 113 of this chapter; and

(ii) Comply with the terms set forth in 19 CFR 210.50(d) in the event of a forfeiture of this bond.

(3) CBP shall notify each importer or consignee of articles released under bond pursuant to paragraph (b)(2) of

this section when the Commission's determination of a violation of section 337 becomes final and that entry of the articles is refused. The importer or consignee shall export or destroy the released articles under customs supervision within 30 days after the date of notification. The port director who released the articles shall assess liquidated damages in the full amount of the bond if the importer or consignee fails to export or destroy the released articles under Customs supervision within the 30-day period.

(4) In addition to the notice given to importers or consignees of articles released under bond, CBP shall provide written notice to all owners, importers or consignees of articles which are denied entry into the United States pursuant to an exclusion order that any future attempt to import such articles may result in the articles being seized and forfeited. Copies of all such notices are to be forwarded to the Executive Director, Commercial Targeting and Enforcement, Office of International Trade, at CBP Headquarters, and to the Office of The General Counsel, USITC, 500 E Street, SW., Washington, DC 20436.

(c) *Seizure and Forfeiture Orders.* (1) In addition to issuing an exclusion order under paragraph (b)(1) of this section, the Commission may issue an order providing that any article determined to be in violation of §337 be seized and forfeited to the United States. Such order may be issued if:

(i) The owner, importer, or consignee of the article previously attempted to import the article or like articles into the United States;

(ii) The article or like articles were previously denied entry into the United States by reason of an exclusion order issued under paragraph (b)(1) of this section; and

(iii) Upon such previous denial of entry, CBP had notified the owner, importer, or consignee of the article in writing of both the exclusion order and that seizure and forfeiture would result from any further attempt to import the article or like articles into the United States.

(2) Upon receipt of any seizure order issued by the Commission in accordance with this paragraph, Customs

shall immediately notify all ports of entry of the property subject to the seizure order and identify the persons notified under paragraph (b)(4) of this section.

(3) The port director in the port in which the article was seized shall issue a notice of seizure to parties known to have an interest in the seized property. All interested parties to the property shall have an opportunity to petition for relief under the provisions of 19 CFR part 171. All petitions must be filed within 30 days of the date of issuance of the notice of seizure, and failure of a claimant to petition will result in the commencement of administrative forfeiture proceedings. All petitions will be decided by the appropriate Customs officer, based upon the value of the articles under seizure.

(4) If seized articles are found to be not includable in an order for seizure and forfeiture, then the seizure and the forfeiture shall be remitted in accordance with standard Customs procedures.

(5) Forfeited merchandise shall be disposed of in accordance with the Customs laws.

(d) *Certain importations by or for the United States.* Any exclusion from entry under section 337 based on claims of United States letters patent shall not apply to articles imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government.

(e) *Importations of semiconductor chip products.* (1) In accordance with the Semiconductor Chip Protection Act of 1984 (17 U.S.C. 901 *et seq.*), if the owner of a mask work which is registered with the Copyright Office seeks to have CBP deny entry to any imported semiconductor chip products which infringe his rights in such mask work, the owner must obtain a court order enjoining, or an order of the U.S. International Trade Commission (USITC), under section 337, Tariff Act of 1930, as amended (19 U.S.C.1337), excluding, importation of such products. Exclusion orders issued by the USITC are enforceable by CBP under paragraph (b) of this section. Court orders or exclusion orders issued by the USITC shall be forwarded, for enforcement purposes, to

§ 12.40

19 CFR Ch. I (4-1-23 Edition)

the Director, Border Security and Trade Compliance Division, Office of International Trade, U.S. Customs and Border Protection, Washington, DC 20229.

(2) CBP shall enforce any court order or USITC exclusion order based upon a mask work registration in accordance with the terms of such order. Court orders may require either denial of entry or the seizure of violative semiconductor chip products. Forfeiture proceedings in accordance with part 162 of this chapter shall be instituted against any such products so seized.

(3) This regulation will be effective against all importers regardless of whether they have knowledge that their importations are in violation of the Semiconductor Chip Protection Act of 1984 (17 U.S.C. 901 through 904).

IMMORAL ARTICLES

§ 12.40 Seizure; disposition of seized articles; reports to United States attorney.

(a) Any book, pamphlet, paper, writing, advertisement, circular, print, picture, or drawing containing any matter advocating or urging treason or insurrection against the United States or forcible resistance to any law of the United States, or containing any threat to take the life of or inflict bodily harm upon any person in the United States, seized under section 305, Tariff Act of 1930, shall be transmitted to the United States attorney for his consideration and action.

(b) Upon the seizure of articles or matter prohibited entry by section 305, Tariff Act of 1930 (with the exception of the matter described in paragraph (a) of this section), a notice of the seizure of such articles or matter shall be sent to the consignee or addressee.

(c) When articles of the class covered by paragraph (b) of this section are of small value and no criminal intent is apparent, a blank assent to forfeiture, Customs Form 4607, shall be sent with the notice of seizure. Upon receipt of

the assent to forfeiture duly executed, the articles shall be destroyed if not needed for official use and the case closed.

(d) In the case of a repeated offender or when the facts indicate that the importation was made deliberately with intent to evade the law, the facts and evidence shall be submitted to the United States attorney for consideration of prosecution of the offender as well as an action in rem under section 305 for condemnation of the articles.

(e) All cases in which articles have been seized pursuant to 19 U.S.C. 1305(a) should be referred to the U.S. Attorney, for possible institution of condemnation proceedings, within 4 days, but in no event more than 14 days, after the date of Customs initial examination. The referral to the U.S. Attorney should be initiated simultaneously with the mailing to the importer of the seizure notice and the assent to forfeiture form. If the importer declines to execute an assent to forfeiture of the articles other than those mentioned in paragraph (a) of this section and fails to submit, within 30 days after being notified of his privilege to do so, a petition under section 618, Tariff Act of 1930 (19 U.S.C. 1618), for remission of the forfeiture and permission to export the seized articles, then the U.S. Attorney, who has already received information concerning the seizure pursuant to this paragraph, may proceed with the condemnation action.

(f) If seizure is made of books or other articles which do not contain obscene matter but contain information or advertisements relative to means of causing unlawful abortion, the procedure outlined in paragraphs (b), (c), (d), and (e) of this section shall be followed.

(g) In any case when a book is seized as being obscene and the importer declines to execute an assent to forfeiture on the ground that the book is a classic, or of recognized and established literary or scientific merit, a petition addressed to the Secretary of the Treasury with evidence to support the claim may be filed by the importer for release of the book. Mere unsupported statements or allegations will not be considered. If the ruling is favorable, release of such book shall be made only to the ultimate consignee.

(h) Whenever it clearly appears from information, instructions, advertisements enclosed with or appearing on any drug or medicine or its immediate or other container, or otherwise that such drug or medicine is intended for inducing unlawful abortion, such drug or medicine shall be detained or seized.

MERCHANDISE PRODUCED BY CONVICT,
FORCED, OR INDENTURED LABOR

§ 12.42 Findings of Commissioner of CBP.

(a) If any port director or other principal Customs officer has reason to believe that any class of merchandise that is being, or is likely to be, imported into the United States is being produced, whether by mining, manufacture, or other means, in any foreign locality with the use of convict labor, forced labor, or indentured labor under penal sanctions, including forced child labor or indentured child labor under penal sanctions, so as to come within the purview of section 307, Tariff Act of 1930, he shall communicate his belief to the Commissioner of CBP. Every such communication shall contain or be accompanied by a statement of substantially the same information as is required in paragraph (b) of this section, if in the possession of the port director or other officer or readily available to him.

(b) Any person outside CBP who has reason to believe that merchandise produced in the circumstances mentioned in paragraph (a) of this section is being, or is likely to be, imported into the United States may communicate his belief to any port director or the Commissioner of CBP. Every such communication shall contain, or be accompanied by:

(1) A full statement of the reasons for the belief;

(2) A detailed description or sample of the merchandise; and

(3) All pertinent facts obtainable as to the production of the merchandise abroad.

(c) If any information filed with a port director pursuant to paragraph (b) of this section does not conform with the requirements of that paragraph, the communication shall be returned promptly to the person who submitted it with detailed written advice as to the respects in which it does not conform. If such information is found to comply with the requirements, it shall be transmitted by the port director within 10 days to the Commissioner of CBP, together with all pertinent additional information available to the port director.

§ 12.43

(d) Upon receipt by the Commissioner of CBP of any communication submitted pursuant to paragraph (a) or (b) of this section and found to comply with the requirements of the pertinent paragraph, the Commissioner will cause such investigation to be made as appears to be warranted by the circumstances of the case and the Commissioner or his designated representative will consider any representations offered by foreign interests, importers, domestic producers, or other interested persons.

(e) If the Commissioner of CBP finds at any time that information available reasonably but not conclusively indicates that merchandise within the purview of section 307 is being, or is likely to be, imported, he will promptly advise all port directors accordingly and the port directors shall thereupon withhold release of any such merchandise pending instructions from the Commissioner as to whether the merchandise may be released otherwise than for exportation.

(f) If it is determined on the basis of the foregoing that the merchandise is subject to the provisions of the said section 307, the Commissioner of CBP, with the approval of the Secretary of the Treasury, will publish a finding to that effect in a weekly issue of the Customs Bulletin and in the FEDERAL REGISTER.

(g) Any merchandise of a class specified in a finding made under paragraph (f) of this section, which is imported directly or indirectly from the locality specified in the findings and has not been released from CBP custody before the date of publication of such finding in the FEDERAL REGISTER shall be considered and treated as an importation prohibited by section 307, Tariff Act of 1930, unless the importer establishes by satisfactory evidence that the merchandise was not mined, produced, or manufactured in any part with the use of a class of labor specified in the finding.

(h) The following findings made under the authority of section 307, Tariff Act of 1930 are currently in effect with respect to the merchandise listed below:

(b) The importer shall also submit to the port director or Commissioner of CBP within such 3-month period a statement, or its electronic equivalent, of the ultimate consignee of the merchandise, showing in detail that he had made every reasonable effort to determine the source of the merchandise and of every component thereof and to ascertain the character of labor used in the production of the merchandise and each of its components, the full results of his investigation, and his belief with respect to the use of the class of labor specified in the finding in any stage of the production of the merchandise or of any of its components.

§ 12.44 Disposition.

(a) *Export and abandonment.* Merchandise detained pursuant to § 12.42(e) may be exported at any time prior to seizure pursuant to paragraph (b) of this section, or before it is deemed to have been abandoned as provided in this section, whichever occurs first. Provided no finding has been issued by the Commissioner of CBP under § 12.42(f) and the merchandise has not been exported within 3 months after the date of importation, the port director will ascertain whether the proof specified in § 12.43 has been submitted within the time prescribed in that section. If the proof has not been timely submitted, or if the Commissioner of CBP advises the port director that the proof furnished does not establish the admissibility of the merchandise, the port director will promptly advise the importer in writing that the merchandise is excluded from entry. Upon the expiration of 60 days after the delivery or mailing of such advice by the port director, the merchandise will be deemed

to have been abandoned and will be destroyed, unless it has been exported or a protest has been filed as provided for in section 514, Tariff Act of 1930.

(b) *Seizure and summary forfeiture.* In the case of merchandise covered by a finding under § 12.42(f), if the Commissioner of CBP advises the port director that the proof furnished under § 12.43 does not establish the admissibility of the merchandise, or if no proof has been timely furnished, the port director shall seize the merchandise for violation of 19 U.S.C. 1307 and commence forfeiture proceedings pursuant to part 162, subpart E, of this chapter.

(c) *Prison-labor goods.* Nothing in this chapter precludes CBP from seizing for forfeiture merchandise imported in violation of 18 U.S.C. 1761 and 1762 concerning prison-labor goods.

§ 12.45 Transportation and marketing of prison-labor products.

If any apparent violation of section 1761 or 1762, title 18, United States Code, with respect to any imported article comes to the attention of a port director, he shall detain the article and report the facts to the appropriate United States attorney. If the United States attorney advises the port director that action should be taken against the article, it shall be seized and held pending the receipt of further instructions from the United States attorney or the court.

CONSUMER PRODUCTS AND INDUSTRIAL
EQUIPMENT SUBJECT TO ENERGY CON-
SERVATION OR LABELING STANDARDS

§ 12.50 Consumer products and industrial equipment subject to energy conservation or labeling standards.

(a) *Definitions.* For purposes of this section, the following terms have the meanings indicated:

Covered import. The term “covered import” means a consumer product or industrial equipment that is classified by the Department of Energy as covered by an applicable energy conservation standard, or by the Federal Trade Commission as covered by an applicable energy labeling standard, pursuant to the Energy Policy and Conservation Act of 1975, as amended (42 U.S.C. 6291-6317), and for which an entry for consumption has been filed, including products and equipment withdrawn from warehouse for consumption or foreign merchandise entered for consumption from a foreign trade zone.

DOE. The term “DOE” means the Department of Energy.

Energy conservation standard. The term “energy conservation standard” means any standard meeting the definitions of that term in 42 U.S.C. 6291(6) or 42 U.S.C. 6311(18).

FTC. The term “FTC” means the Federal Trade Commission.

Noncompliant covered import. The term “noncompliant covered import” means a covered import determined to be in violation of 42 U.S.C. 6302 or 42 U.S.C. 6316 as not in compliance with applicable energy conservation or energy labeling standards.

(b) *CBP action; refusal of admission.* CBP will refuse admission into the customs territory of the United States to any covered import found to be noncompliant with applicable energy conservation or energy labeling standards. If DOE or FTC notifies CBP that a covered import does not comply with an applicable energy conservation or energy labeling standard, CBP will refuse admission to the covered import, or

pursuant to paragraph (d) of this section, CBP may allow conditional release of the covered import so that it may be brought into compliance. CBP may make a finding that a covered import is noncompliant without having received a prior written noncompliance notice from DOE or FTC. In such a situation, CBP will confer with DOE or FTC, as applicable, as to disposition of the import.

(c) *DOE or FTC notice.* Upon a determination that a covered import is not in compliance with applicable energy conservation or labeling standards, DOE or FTC, as applicable, will provide CBP with a written or electronic notice that identifies the importer and contains a description of the noncompliant covered import that is sufficient to enable CBP to identify the subject merchandise and refuse admission thereof into the customs territory of the United States.

(d) *Conditional release.* In lieu of immediate refusal of admission into the customs territory of the United States, CBP, pursuant to a written or electronic recommendation from DOE or FTC, may permit the release of a noncompliant covered import to the importer of record for purposes of reconditioning, re-labeling, or other modification. The release from CBP custody of any such covered import will be deemed conditional and subject to the bond conditions set forth in §113.62 of this chapter. Conditionally released covered imports are subject to the jurisdiction of DOE and/or FTC.

(1) *Duration.* Unless extended in accordance with paragraph (d)(2) of this section, the conditional release period will terminate upon the earliest occurring of the following events:

(i) The date CBP issues a notice of refusal of admission to the importer;

(ii) The date DOE or FTC issues a notice to CBP stating that the covered import is in compliance and may proceed; or

(iii) At the conclusion of the 30-day period following the date of release.

(2) *Extension.* An importer may request an extension of the conditional release period from DOE or FTC if made within the initial 30-day conditional release period or any subsequent authorized extension thereof. CBP may

§ 12.60

permit an extension of the conditional release period if recommended electronically or in writing, by DOE or FTC.

(3) *Issuance of redelivery notice and demand for redelivery.* If DOE or FTC notifies CBP in writing or electronically that noncompliant covered imports have not timely been brought into compliance, CBP will issue a refusal of admission notice to the importer and, in addition, CBP will demand the redelivery of the specified covered import to CBP custody. The demand for redelivery may be made concurrently with the notice of refusal of admission.

(4) *Liquidated damages.* A failure to comply with a demand for redelivery made under this paragraph (d) will result in the assessment of liquidated damages equal to three times the value of the covered product. Value as used in this provision means value as determined under 19 U.S.C. 1401a.

to the requirements of the regulations in this part.

ENTRY OF MOTOR VEHICLES, ENGINES, AND EQUIPMENT CONTAINING ENGINES UNDER THE CLEAN AIR ACT, AS AMENDED

§ 12.73 Importation of motor vehicles and motor vehicle engines.

(a) *Applicability of EPA requirements.* This section is ancillary to the regulations of the U.S. Environmental Protection Agency (EPA) issued under the Clean Air Act, as amended (42 U.S.C. 7401 *et seq.*), and found in 40 CFR parts 85, 86, 1036, 1037, and 1068. The EPA regulations should be consulted for more detailed information concerning EPA emission requirements. This section applies to imported motor vehicles; this section also applies to separately imported engines only if they will be installed in highway motorcycles or heavy-duty motor vehicles. All references in this section to "motor vehicles" include these highway motorcycles and heavy-duty engines. Nothing in this section should be construed as limiting or changing in any way the applicability of the EPA regulations.

(b) *Importation of complying vehicles—*
(1) *Labeled vehicles.* Vehicles which in their condition as imported are covered by an EPA certificate of conformity and which bear the manufacturer's label showing such conformity and other EPA-required information will be deemed in compliance with applicable emission requirements for the purpose of CBP admissibility and entry liquidation determinations. This paragraph does not apply to importations of Independent Commercial Importers covered by paragraph (d) of this section.

(2) *Pending certification.* Vehicles otherwise covered by paragraph (b)(1) of this section which were manufactured for compliance with applicable emission requirements, but for which an application for a certificate of conformity is pending with the EPA may be conditionally released from CBP custody pending production of the certificate of conformity within 120 days of release.

(c) *Importation of vehicles previously in compliance—*(1) *Vehicles of returning residents.* Vehicles of residents returning

from Canada, Mexico or other countries as EPA may designate are not covered by this section.

(2) *Vehicles of commuting nonresidents and tourists.* A port director through the issuance of an appropriate means of identification to be affixed to a vehicle may waive all of the requirements of this section for a nonresident regularly crossing the Canadian or Mexican border, or waive the requirements for Mexico or Canadian-registered vehicles of tourists or other travelers.

(d) *Importation of vehicles by an Independent Commercial Importer (ICI).* An ICI is generally an importer that does not have a contract with a foreign or domestic motor vehicle manufacturer for distributing products into the United States market (*see* 40 CFR 85.1502). ICIs act independently of motor vehicle manufacturers, but are required to bring motor vehicles into compliance with all applicable emissions requirements found in 40 CFR part 86 and any other applicable requirements of the Clean Air Act. Before the vehicle is deemed to be in compliance with applicable emission requirements and finally admitted into the United States, the ICI must keep the vehicle in storage for a 15-business day period. This period follows notice to EPA of completion of the compliance work to give EPA the opportunity to conduct confirmatory testing and inspect the vehicle and records. The 15-business day period is part of the 120-day period in which an ICI must bring the vehicle into compliance with applicable emission requirements. A motor vehicle may also be conditionally admitted by an ICI if it meets the requirements in 40 CFR 85.1505 or 85.1509. Individuals and businesses not entitled to enter nonconforming motor vehicles may arrange for their importation through an ICI certificate holder. In these circumstances, the ICI will not act as an agent or broker for CBP transaction purposes unless it is otherwise licensed or authorized to do so.

(e) *Exemptions and exclusions from emission requirements based on age of vehicle.* The following motor vehicles may be imported by any person and do not have to be shown to be in compliance with emission requirements before they are entitled to admissibility:

§ 12.73

19 CFR Ch. I (4–1–23 Edition)

(1) Gasoline-fueled light-duty trucks and light-duty motor vehicles manufactured before January 1, 1968;

(2) Diesel-fueled light-duty motor vehicles manufactured before January 1, 1975;

(3) Diesel-fueled light-duty trucks manufactured before January 1, 1976;

(4) Highway motorcycles manufactured before January 1, 1978;

(5) Gasoline-fueled and diesel-fueled heavy-duty engines manufactured before January 1, 1970; and

(6) Motor vehicles not otherwise exempt from EPA emission requirements and more than 20 years old. Age is determined by subtracting the year of production (as opposed to model year) from the year of importation. The exemption under this subparagraph is available only if the vehicle is imported by an ICI.

(f) *Exemption for exports.* A new motor vehicle intended solely for export to a country not having the same emission standards applicable in the United States is not required to be covered by an EPA certificate of conformity if both the vehicle and its container bear a label or tag indicating that it is intended solely for export. 40 CFR 85.1709.

(g) *Exemptions for diplomats, foreign military personnel and nonresidents.* Subject to the condition that they are not resold in the United States, the following motor vehicles are exempt from applicable emission requirements:

(1) A motor vehicle imported solely for the personal use of a nonresident importer or consignee and the use will be for a period not to exceed one year; and

(2) A motor vehicle of a member of the armed forces of a foreign country on assignment in the United States, or of a member of the personnel of a foreign government on assignment in the United States or other individual who comes within the class of persons for whom free entry of motor vehicles has been authorized by the Department of State in accordance with general principles of international law. For special documentation requirements see paragraph (i)(6) of this section.

(h) *Other exemptions and exclusions.* EPA regulations in 40 CFR parts 85, 86 and 1068 allow for exempting or excluding vehicles from certification require-

ments. The following scenarios illustrate several examples of exemptions or exclusions that apply only if prior approval has been obtained in writing from EPA:

(1) *Importations for repairs.* A motor vehicle imported for repairs is any motor vehicle which is imported solely for repairs or alterations and which is not sold, leased, registered or licensed for use or operated on public roads or highways in the United States. 40 CFR 85.1511(b)(1);

(2) *Importations for testing.* A test vehicle is any motor vehicle imported solely for testing. Test vehicles may be operated on and registered for use on public roads or highways provided that the operation is an integral part of the test. 40 CFR 85.1511(b)(2). This exemption is limited to a period not exceeding one year from the date of importation unless a request is made under 40 CFR 85.1705(f) for a one-year extension;

(3) *Prototype vehicles.* A prototype vehicle is any motor vehicle imported for use as a prototype in applying for EPA certification. 40 CFR 85.1511(b)(3) and 85.1706. In the case of an ICI, unless the vehicle is brought into conformity within 180 days from the date of entry it will be exported or otherwise disposed of subject to paragraph (1) of this section;

(4) *Display vehicles.* A display vehicle is any motor vehicle which is imported solely for display and which will not be sold, leased, registered or licensed for use on or operated on the public roads or highways in the United States. 40 CFR 85.1511(b)(4);

(5) *Racing cars.* A racing car is any vehicle that meets one or more of the criteria found at 40 CFR 85.1703(a), and that will not be registered or licensed for use on or operated on public roads or highways in the United States. See also 40 CFR 85.1511(e).

(6) *National security importations.* A national security importation includes any motor vehicle imported for purposes of national security by a manufacturer. 40 CFR 85.1511(c)(1), 85.1702(a)(2) and 85.1708; and

(7) *Hardship exemption.* A hardship exemption includes any motor vehicle imported by anyone qualifying for a hardship exemption. 40 CFR 85.1511(c)(2).

(i) *Documentation requirements*—(1) *Exception for certain companies that manufacture and import motor vehicles.* The special documentation requirements of this paragraph do not apply to the importation of motor vehicles by the company that manufactures the motor vehicles if the motor vehicles are covered by a valid EPA Certificate of Conformity (COC) held by the manufacturer and the motor vehicles are labeled to show compliance with applicable emission requirements pursuant to paragraph (b)(1) of this section.

(2) *Release.* CBP will not release a motor vehicle from custody unless the importer has submitted all documents necessary to demonstrate compliance with all applicable laws and regulations.

(3) *Required EPA documentation.* Unless otherwise exempt, importers of motor vehicles must submit one of the following EPA declaration forms to CBP at the time of entry, or when filing a weekly entry from an FTZ in accordance with §146.63(c)(1) of this chapter at the time of entry summary:

(i) For heavy-duty motor vehicle engines, whether they are installed in a vehicle or separately imported as loose engines, submit EPA Declaration Form 3520-21, "Importation of Engines, Vehicles, and Equipment Subject to Federal Air Pollution Regulations;"

(ii) For all other motor vehicles, submit EPA Declaration Form 3520-1, "Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations."

(4) *Filing method.* The EPA declaration forms required to be submitted to CBP pursuant to paragraph (i)(3) of this section must be filed with CBP electronically in the Automated Commercial Environment (ACE) or via any other CBP-authorized electronic data interchange system, or as a paper filing, at the time of entry, or when filing a weekly entry from an FTZ in accordance with §146.63(c)(1) of this chapter at the time of entry summary.

(5) *Recordkeeping.* Documents supporting the information required in EPA Declaration Form 3520-1 must be retained by the importer for a period of at least five (5) years in accordance with §163.4 of this chapter and must be provided to CBP upon request.

(6) *Documentation for diplomatic or foreign military personnel exemption.* In order for a diplomat or foreign military personnel to claim an exemption pursuant to paragraph (g)(2) of this section, CBP must receive a Department of State-approved form DS-1504 ("Request for Customs Clearance of Merchandise") or its electronic equivalent.

(j) *Release under bond.* If an EPA declaration form filed in accordance with paragraph (i)(3) of this section states that the entry is being filed under one or more of the exemptions and exclusions identified in paragraph (h)(1), (2), (3), or (4) of this section, the entry will be accepted only if the importer, consignee, or surety, as appropriate, files a basic importation and entry bond containing the bond conditions set forth in §113.62 of this chapter, or files electronically in ACE or via any other CBP-authorized electronic data interchange system. The importer or consignee must deliver to CBP, either at the port of entry or electronically, documentation of EPA approval before the exemption or exclusion indicated on the EPA declaration form expires, or before some later deadline specified by the Center director based on good cause. If the EPA approval is not delivered to CBP, either to the port of entry or electronically, within the specified period, the importer or consignee must deliver or cause to be delivered to the port director those vehicles which were released under a bond required by this paragraph (j). In the event that the vehicle or engine is not redelivered within five (5) days following the date the exemption or exclusion indicated on the EPA declaration form expires, or any later deadline specified by the Center director, whichever is later, liquidated damages will be assessed in the full amount of the bond, if it is a single entry bond, or if a continuous bond is used, in the amount that would have been assessed under a single entry bond.

(k) *Notices of inadmissibility or detention.* If a motor vehicle is determined to be inadmissible before or after release from CBP custody, the importer or consignee will be notified in writing of the inadmissibility determination

and/or redelivery requirement. However, if a motor vehicle cannot be released from CBP custody merely because the importer has failed to attach to the entry the documentation required by paragraph (i) of this section, the vehicle will be held in detention by the port director for a period not to exceed 30-calendar days after filing of the entry at the risk and expense of the importer pending submission of the missing documentation. An additional 30-calendar day extension may be granted by the port director upon application for good cause shown. If the requisite EPA declaration form required pursuant to paragraph (i)(3) of this section has not been filed within this deadline, which must not exceed 60 days from the date of entry, CBP will issue a notice of inadmissibility.

(l) *Disposal of vehicles not entitled to admission.* A motor vehicle denied admission under any provision of this section will be disposed of in accordance with applicable CBP laws and regulations. However, a motor vehicle or engine will not be disposed of in a manner in which it may ultimately either directly or indirectly reach a consumer in a condition in which it is not in conformity with applicable EPA emission requirements.

(m) *Prohibited importations.* The importation of motor vehicles other than in accordance with this section and the EPA regulations in 40 CFR parts 85, 86, 600, 1036, 1037, and 1068 is prohibited.

[T.D. 88–40, 53 FR 26240, July 12, 1988, as amended by T.D. 01–14, 66 FR 8767, Feb. 2, 2001; CBP Dec. 16–26, 81 FR 93015, Dec. 20, 2016; CBP Dec. 16–29, 81 FR 94977, Dec. 27, 2016; CBP Dec. 19–11, 84 FR 46677, Sept. 5, 2019]

§ 12.74 Importation of nonroad and stationary engines, vehicles, and equipment.

(a) *Applicability of EPA regulations.* The requirements governing the importation of nonroad and stationary engines subject to conformance with applicable emission standards of the U.S. Environmental Protection Agency (EPA) are contained in 40 CFR parts 1033 through 1068. These EPA regulations should be consulted for detailed information as to the admission requirements for subject nonroad and stationary engines. EPA emission regu-

lations also apply to vehicles and equipment with installed engines and all references in this section to nonroad or stationary engines include the vehicles and equipment in which the engines are installed. Nothing in this section may be construed as limiting or changing in any way the applicability of the EPA regulations.

(b) *Documentation requirements—(1) Exception for certain companies that manufacture and import nonroad or stationary engines, including engines incorporated into vehicles and equipment.* The special documentation requirements of this paragraph (b) do not apply to the importation of nonroad or stationary engines, including engines incorporated into vehicles or equipment, by the company that manufactures the engines, provided that the engines are covered by a valid EPA Certificate of Conformity (COC) held by the importing manufacturer and bear the manufacturer's label showing such conformity and other EPA-required information.

(2) *Release.* CBP will not release engines, vehicles, or equipment from custody unless the importer has submitted all required documents to demonstrate that the engines, vehicles, or equipment meet all applicable requirements.

(3) *Required EPA documentation.* Importers of nonroad or stationary engines, including engines incorporated into vehicles and equipment, must submit EPA Declaration Form 3520–21, “Importation of Engines, Vehicles, and Equipment Subject to Federal Air Pollution Regulations,” to CBP at the time of entry, or when filing a weekly entry from an FTZ in accordance with § 146.63(c)(1) of this chapter at the time of entry summary.

(4) *Filing method.* EPA Declaration Form 3520–21 may be filed with CBP electronically in the Automated Commercial Environment (ACE) or via any other CBP-authorized electronic data interchange system, or as a paper filing, at the time of entry, or when filing a weekly entry from an FTZ in accordance with § 146.63(c)(1) of this chapter at the time of entry summary.

(5) *Recordkeeping.* Documents supporting the information required in EPA Declaration Form 3520–21 must be retained by the importer for a period of

at least five (5) years in accordance with §163.4 of this chapter and must be provided to CBP upon request.

(c) *Release under bond*—(1) *Conditional admission*. If the EPA declaration form states that the entry for a nonconforming nonroad engine is being filed under one of the exemptions described in paragraph (c)(3) of this section, under which the engine may be conditionally admitted under bond, the entry will be accepted only if the importer, consignee, or surety, as appropriate, files a basic importation and entry bond containing the bond conditions set forth in §113.62(c) of this chapter, or files electronically in ACE or via any other CBP-authorized electronic data interchange system.

(2) *Final admission*. Should final admission be sought and granted pursuant to EPA regulations for an engine conditionally admitted initially under one of the exemptions described in paragraph (c)(3) of this section, the importer or consignee must deliver to the port director the prescribed statement. The statement must be delivered within the period authorized by EPA for the specific exemption, or such additional period as the port director of CBP may allow for good cause shown. Otherwise, the importer or consignee must deliver or cause to be delivered to the port director the subject engine, either for export or other disposition under applicable CBP laws and regulations (see paragraph (e) of this section). If such engine is not redelivered within five (5) days following the allotted period, liquidated damages will be assessed in the full amount of the bond, if a single entry bond, or if a continuous bond, the amount that would have been assessed under a single entry bond (see 40 CFR 1068.335).

(3) *Exemptions*. EPA regulations in 40 CFR parts 60 and 1033 through 1068 allow for exempting or excluding imported engines from certification requirements (see especially 40 CFR part 1068, subpart D). The specific exemptions under which a nonconforming nonroad engine may be conditionally admitted, and for which a CBP bond is required, are as follows:

- (i) Repairs or alterations (see 40 CFR 1068.325(a)).
- (ii) Testing (see 40 CFR 1068.325(b)).

- (iii) Display (see 40 CFR 1068.325(c)).
- (iv) Export (see 40 CFR 1068.325(d)).
- (v) Diplomatic or military (see 40 CFR 1068.325(e)).
- (vi) Delegated assembly (see 40 CFR 1068.325(f)).
- (vii) Partially complete engines, vehicles, or equipment (see 40 CFR 1068.325(g)).
- (d) *Notice of inadmissibility or detention*. If an engine is found to be inadmissible either before or after release from CBP custody, the importer or consignee will be notified in writing of the inadmissibility determination and/or redelivery requirement. If the inadmissibility is due to the fact that the importer or consignee did not file the EPA Declaration Form 3520-21 at the time of entry, or when filing a weekly entry from an FTZ in accordance with §146.63(c)(1) of this chapter at the time of entry summary, the port director may hold the subject engine in detention at the importer's risk and expense for up to 30 days from the entry filing date. The port director may grant the importer's request for a 30-day extension for good cause. The port director will issue a notice of inadmissibility if documentation is still incomplete after this deadline, which must not exceed 60 days from the filing date for importation.

(e) *Disposal of engines not entitled to admission; prohibited importations*. A nonroad or stationary engine denied admission under EPA regulations must be disposed of consistent with such EPA regulations and in accordance with applicable CBP laws and regulations. The importation of nonroad or stationary engines other than as prescribed under EPA regulations is prohibited.

MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT MANUFACTURED ON OR AFTER JANUARY 1, 1968

§ 12.80 Federal motor vehicle safety standards.

- (a) *Standards prescribed by the Department of Transportation*. Motor vehicles

and motor vehicle equipment manufactured on or after January 1, 1968, offered for sale, or introduction or delivery for introduction in interstate Commerce, or importation into the United States are subject to Federal motor vehicle safety standards (“safety standards”) prescribed by the Secretary of Transportation under sections 103 and 119 of the National Traffic and Motor Vehicle Safety Act of 1966, as amended (15 U.S.C. 1392, 1407) (“the Act”), and set forth in 49 CFR part 571. A motor vehicle (“vehicle”) or item of motor vehicle equipment (“equipment item”), manufactured on or after January 1, 1968, is not permitted entry into the Customs territory of the United States unless (with certain exceptions set forth in paragraph (b) of this section) it is in conformity with applicable safety standards in effect at the time the vehicle or equipment item was manufactured.

(b) *Requirements for entry and release.*

(1) Unless the requirement for filing is waived by the port director as provided for in paragraph (f) of this section, each vehicle or equipment item offered for introduction into the Customs territory of the United States shall be denied entry unless the importer or consignee files with the entry a declaration, in duplicate, which declares or affirms one of the following:

(i) The vehicle or equipment item was manufactured on a date when no applicable safety standards were in effect.

(ii) The vehicle or equipment item conforms to all applicable safety standards (or, the vehicle does not conform solely because readily attachable equipment items which will be attached to the vehicle before it is offered for sale to the first purchaser for purposes other than resale are not attached) and bears a certification label or tag to that effect permanently affixed by the original manufacturer to the vehicle or to the equipment item, or to the outside of the container in which the equipment item is delivered, in accordance with regulations issued by the Secretary of Transportation (49 CFR parts 555, 567, 568 and 571) under section 114 of the Act (15 U.S.C. 1403).

(iii) The vehicle or equipment item was not manufactured in conformity to

all applicable safety standards, but it has been or will be brought into conformity. Within 120 days after entry, or within a period not to exceed 180 days after entry, if additional time is granted by the Administrator, National Highway Traffic Safety Administration (“Administrator, NHTSA”), the importer or consignee will submit a true and complete statement to the Administrator, NHTSA, identifying the manufacturer, contractor, or other person who has brought the vehicle or equipment item into conformity, describing the exact nature and extent of the work performed, and certifying that the vehicle or equipment item has been brought into conformity, and that the vehicle or equipment item will not be sold or offered for sale until the Administrator, NHTSA, issues an approval letter to the port director stating that the vehicle or equipment item described in the declaration has been brought into conformity with all applicable safety standards.

(iv) The vehicle or equipment item is intended solely for export, and the vehicle or equipment item, and the outside of the container of the equipment item, if any, bears a label or tag to that effect.

(v) The importer or consignee is a nonresident of the United States, is importing the vehicle or equipment item primarily for personal use for a period not exceeding 1 year from the date of entry, will not sell it in the United States during that period, and has stated his passport number and country of issue, if he has a passport, on the declaration.

(vi) The importer or consignee is a member of the armed forces of a foreign country on assignment in the U.S. or is a member of the personnel of a foreign government on assignment in the U.S. or other individual who is within the class of persons for whom free entry of vehicles has been authorized by the Department of State in accordance with general principles of international law, is importing the vehicle or equipment item for purposes other than resale; and a copy of his official orders, if any, is attached to the declaration (or, if a qualifying member of the personnel of a foreign government on assignment in the U.S., the

name of the Embassy to which he is accredited is stated on the declaration).

(vii) The vehicle or equipment item is imported solely for the purpose of show, test, experiment, competition (a vehicle the configuration of which at the time of entry is such that it cannot be licensed for use on the public roads is considered to be imported for the purpose of competition), repair or alteration, and the statement required by 19 CFR 12.80(c)(2) or (c)(3) is attached to the declaration.

(viii) The vehicle was not manufactured primarily for use on the public roads and is not a "motor vehicle" as defined in section 102 of the Act (15 U.S.C. 1391).

(ix) The vehicle is an "incomplete vehicle" as defined in 49 CFR part 568.

(2) A vehicle imported solely for the purpose of test or experiment which is the subject of a declaration filed under paragraph (b)(1)(vii) of this section may be licensed for use on the public roads for a period not to exceed 1 year from the date of importation if use on the public roads is an integral part of the test or experiment. The vehicle may be licensed for use on the public roads for one or more further periods which, when added to the initial 1 year period, shall not exceed a total of 3 years, upon application to and approval by the Administrator, NHTSA.

(c) *Declaration; contents.* (1) Each declaration filed under paragraph (b)(1) of this section shall include the name and address in the United States of the importer or consignee, the date and the entry number (if applicable), the make, model, and engine and body serial numbers, or other identification number (if a vehicle), or a description of the item (if an equipment item), and shall be signed by the importer or consignee.

(2) Each declaration filed under paragraph (b)(1)(vii) of this section which relates to a vehicle or equipment item reported for the purpose of show, competition, repair, or alteration shall have attached a statement fully describing the use to be made of the vehicle or equipment item and its ultimate disposition.

(3) Each declaration filed under paragraph (b)(1)(vii) of this section which relates to a vehicle imported solely for the purpose of test or experiment shall

have attached a statement fully describing the test or experiment, the estimated period of time necessary to use the vehicle on the public roads, and the disposition to be made of the vehicle after completion of the test or experiment.

(4) Any declaration filed under paragraph (b)(1) of this section may, if appropriate, relate to more than one vehicle or equipment item imported on the same entry.

(d) *Declaration; disposition.* The port director shall forward the original of each declaration submitted to him under paragraph (b)(1) of this section as soon as practicable to the Director, Office of Vehicle Safety Compliance, National Highway Traffic Safety Administration, Washington, DC 20590.

(e) *Release under bond.* (1) If a declaration is filed under paragraph (b)(1)(iii) of this section, the entry shall be accepted only if the importer or consignee gives a bond on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter. An approval letter shall be issued upon approval by the Administrator, NHTSA, of the conformity statement submitted by the importer or consignee as provided for in paragraph (b)(1)(iii) of this section. The approval letter shall be forwarded by the Administrator, NHTSA, to the port director with a copy to the importer or consignee. Upon receipt of the approval letter the port director shall cancel the charge against the bond.

(2) If the approval letter is not received by the port director within 180 days after entry, the port director shall issue a Notice of Redelivery, Customs Form 4647, or its electronic equivalent, requiring the redelivery to Customs custody of the vehicle or equipment item. If the vehicle or equipment item is not redelivered to Customs custody or exported under Customs supervision within the period allowed by the port director in the Notice of Redelivery, liquidated damages shall be assessed in the full amount of a bond if it is single entry bond or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(f) *Waiver of declaration requirements.* The requirement that a declaration be filed under paragraph (b)(1)(i), (b)(1)(ii),

§ 12.85

or (b)(1)(v) of this section as a condition to the introduction of a vehicle or equipment item into the Customs territory of the United States may be waived by the port director for a United States, Canadian, or Mexican registered vehicle arriving via land borders.

(g) *Vehicle or equipment item introduced by means of a fraudulent or false declaration.* Any person who enters, introduces, attempts to enter or introduce, or aids or abets the entry, introduction, or attempted entry or introduction, of a vehicle or equipment item into the Customs territory of the United States by means of a fraudulent entry declaration, or by means of a false entry declaration made without reasonable cause to believe the truth of the declaration, may incur liabilities under section 592, Tariff Act of 1930, as amended (19 U.S.C. 1592).

(h) *Vehicle or equipment item denied entry.* If a vehicle or equipment item is denied entry under the provisions of paragraph (b) of this section, the port director shall refuse to release the vehicle or equipment item for entry into the Customs territory of the United States and shall issue a notice of that refusal to the importer or consignee.

(i) *Disposition of vehicle or equipment item denied entry; redelivery.* A vehicle or equipment item denied entry under paragraph (b) of this section, or redelivered to Customs custody under paragraph (e) of this section, which is not exported under Customs supervision within 90 days from the date of the notice of denial of entry or date of redelivery, shall be disposed of under applicable Customs laws and regulations, except that disposition shall not result in the introduction of the vehicle or equipment item into the Customs territory of the United States in violation of the Act.

SAFETY STANDARDS FOR BOATS AND ASSOCIATED EQUIPMENT

§ 12.85 Coast Guard boat and associated equipment safety standards.

(a) *Applicability of standards or regulations prescribed by the Commandant, U.S. Coast Guard.* Boats and associated equipment (as hereinafter defined) are subject to U.S. Coast Guard safety regulations or standards when imported or, under certain conditions, brought into the United States after November 1, 1972. Those regulations or standards are prescribed by the Commandant, U.S. Coast Guard, pursuant to sections 5, 7, and 39, Federal Boat Safety Act of 1971 (46 U.S.C. 1454, 1456, 1488), as set forth in 33 CFR parts 181, 183.

(1) The term “boats” includes:

(i) All vessels manufactured or used primarily for noncommercial use.

(ii) All vessels leased, rented, or chartered to another for the latter’s noncommercial use.

(iii) All vessels engaged in the carrying of six or fewer passengers (see section 4.80 of this chapter on prohibitions against foreign vessels transporting passengers in the coastwise trade).

(2) For purposes of § 12.85 the term “boat” does not include:

(i) Foreign vessels temporarily using waters subject to U.S. jurisdiction.

(ii) Military or public vessels of the United States, except recreational type public vessels.

(iii) A vessel whose owner is a State or subdivision thereof, which is principally used for governmental purposes, and which is clearly identifiable as such.

(iv) Ships’ lifeboats.

(3) The term “associated equipment” means:

(i) Any system, part, or component of a boat as originally manufactured, or a similar part or component manufactured or sold for replacement, repair, or improvement of such system, part, or component (excluding radio equipment).

(ii) Any accessory or equipment for, or appurtenance to, a boat (excluding radio equipment).

(iii) Any marine safety article, accessory, or equipment intended for use by

a person on board a boat (excluding radio equipment).

(4) The term “product” as used in this section, includes the terms “boats” and “associated equipment” as defined in paragraphs (a) (1), (2), and (3) of this section.

(b) *Evidence of compliance with boating standards or regulations as condition of entry.* A product for which entry is sought into the Customs territory of the United States will, subject to the exceptions specified in paragraph (c) of this section, be denied entry unless accompanied by evidence of compliance with standards or regulations as follows:

(1) A product subject to standards prescribed in 33 CFR part 183 will have affixed to it a compliance certification label in accordance with the requirements of subpart B, 33 CFR part 181.

(2) A boat hull subject to subpart C, 33 CFR part 181 will have affixed to it a hull identification number affixed by the importer or the original manufacturer. The number shall comply with the format requirements of subpart C, 33 CFR part 181.

(c) *Products not in compliance with standards or regulations: Alternative evidence required as condition of entry and release.* Certain products shall be permitted entry and release without a compliance certification label or hull identification number affixed, as is required by subparts B and C, 33 CFR part 181, if they fall within one of the following categories, and if the conditions for entry and release specified for each category of product are met:

(1) *Products manufactured before standards or regulations in effect.* For certain products manufactured before an applicable standard or regulation was in effect, a declaration, or its electronic equivalent, will be filed in accordance with the requirements of paragraph (d) of this section. The declaration, or its electronic equivalent, will state that the product was manufactured before the applicable standard or regulation was in effect. If the port director believes that it is necessary in a particular case, he may communicate with the nearest Coast Guard district commander by the most expedient means to request that the Coast Guard deter-

mine that alteration of the product is not required.

(2) *Products exempted from standards or regulations by Coast Guard Grant of Exemption.* For certain products specifically exempted from applicable standards or regulations by a Coast Guard Grant of Exemption, a declaration, or its electronic equivalent, will be filed in accordance with paragraph (d) of this section. The declaration, or its electronic equivalent, will state that the product has been specifically exempted from applicable standards or regulations by a U.S. Coast Guard Grant of Exemption, issued under the authority of section 9 of the Federal Boat Safety Act of 1971 (46 U.S.C. 1458), and in effect on the date the product was manufactured. The declaration, or its electronic equivalent, will also state that the product complies with all the terms and conditions of the exemption. A copy of the exemption, or its electronic equivalent, certified by the importer or consignee to be a true copy, shall be attached to each declaration, or its electronic equivalent.

(3) *Products to be brought into conformity.* In the case of products that are not in conformity at the time of entry but will be brought into conformity, a declaration, or its electronic equivalent, will be filed in accordance with paragraph (d) of this section. The declaration, or its electronic equivalent, will state that the product does not conform with applicable safety standards or regulations, but that the importer or consignee will bring the product into conformity with safety standards or regulations, and will also state that the product will not be sold or offered for sale, or used on waters subject to the jurisdiction of the United States and on the high seas beyond the territorial seas for a vessel owned in the United States except for the purpose of bringing it into conformity, until the bond has been satisfied with respect to this obligation. To secure entry under this provision, bond must be given in accordance with paragraph (e)(1) of this section.

(4) *Certain products entering the United States for repair or alteration.* In the case of a nonresident of the United States who wishes to enter a product for the

purpose of making repairs or alterations to it for a period not exceeding 1 year from the date of entry, a declaration, or its electronic equivalent, will be filed in accordance with paragraph (d) of this section. The declaration, or its electronic equivalent, shall state that the importer or consignee is a nonresident of the United States, that the product is being brought in for the purpose of making repairs or alterations to it, that it will not remain in the Customs territory of the United States for more than 1 year following the date of the entry, and that it will not be offered for sale, sold, or used for pleasure in waters subject to the jurisdiction of the United States during that time.

(5) *Products owned by certain foreign governments.* In the case of an importer or consignee employed in one of the capacities set forth in this subparagraph, a declaration, or its electronic equivalent, will be filed in accordance with paragraph (d) of this section. The declaration, or its electronic equivalent, shall state that the importer or consignee is either a member of the armed forces of a foreign country on assignment in the U.S. or is a member of the personnel of a foreign government on assignment in the U.S. or other individual who comes within the class of persons for whom free entry of boats has been authorized by the Department of State in accordance with general principles of international law, and that he is importing the product for purposes other than resale.

(6) *Certain products entered for tests, experiments, exhibits, or races.* An importer or consignee seeking to enter a product for period not to exceed 1 year, for tests, experiments, exhibits, or races but not for sale in the United States, shall file a declaration, or its electronic equivalent, in accordance with paragraph (d) of this section. The declaration, or its electronic equivalent, shall state that the importer or consignee is importing the product solely for the stated purpose and that it will not be sold or operated in the United States, unless the operation is an integral part of the stated use for which the product was imported. The importer or consignee shall attach to the declaration, or its electronic equivalent,

a description of use for which the product is being imported, the time period estimated for completion, and disposition to be made of the product after completion. Entry under this paragraph may be authorized for a period not to exceed 1 year from the date of importation. However, this period may be extended at the discretion of the port director for one or more additional periods which, when added to the initial 1-year period, shall not exceed a total of 3 years.

(d) *Declaration requirements.* All declarations submitted must:

(1) Be filed at the time of entry, in duplicate on Form CG-5096, or its electronic equivalent.

(2) Be signed by the importer or consignee.

(3) State the name and U.S. address of the importer or consignee.

(4) State the entry number and date.

(5) Provide the make, model, and hull identification number, if affixed, or date of manufacture if hull identification number not affixed, of any boat, and a description of any equipment or component.

(6) Identify, if known, the city or state in which the product will be principally located.

(7) Be sent by the port director, to the Commandant (G-BBS-1/42), U.S. Coast Guard, Washington, D.C. 20593.

(e) *Release under bond—(1) When bond required.* A bond will be required of the importer or consignee on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter, in such amount as the port director deems appropriate, when a declaration is made that a product is to be brought into conformity. When the importer or consignee of a product declares that it will be brought into conformity before being sold or offered for sale, or before being used on waters subject to the jurisdiction of the United States and on the high seas beyond the territorial seas for a vessel owned in the United States and seeks entry of the product under paragraph (c)(3) of this section, the entry shall be accepted only if bond is given for the production of a statement by either the importer or the consignee that the product described in the declaration is in conformity with applicable safety

standards or regulations. The statement shall identify the person or firm who has brought the product into conformity with the standards or regulations and shall describe the nature and extent of the work performed.

(2) *Time limitation to produce statement for which bond is obligated.* Within 180 days after entry, the importer or consignee shall deliver to both the port director and the Commandant, U.S. Coast Guard, a copy of the statement for production of which the bond was obligated. If the statement is not delivered to the director of the port of entry of the product within 180 days after the date of entry, the importer or consignee shall deliver or cause to be delivered to the port director the product that was released in accordance with this paragraph.

(3) *Damages to be assessed against bond.* In the event that any product is not redelivered within 5 days following the date required by paragraph (e)(2) of this section, liquidated damages shall be assessed in the full amount of the bond if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(f) *Products refused entry.* If a product is denied entry under the provisions of this section, the port director shall refuse to release the product for entry into the United States and shall issue a notice of the refusal to the importer or consignee.

(g) *Disposition of products refused entry into the United States; redelivered products.* Products which are denied entry under paragraph (b) of this section, or which are redelivered in accordance with paragraph (e)(2) of this section, and which are not exported under Customs supervision within 90 days from the date of notice of refusal of admission or date of redelivery, shall be disposed of under Customs laws and regulations. However, no such disposition shall result in an introduction into the United States of a product in violation of the Federal Boat Safety Act of 1971 (46 U.S.C. 1451-1489).

ELECTRONIC PRODUCTS

§ 12.90 Definitions.

As used in §§ 12.90 and 12.91, the term “the Act” shall mean the Public Health Service Act (42 U.S.C. 201 *et seq.*), as amended by the Radiation Control for Health and Safety Act of 1968 (42 U.S.C. 263b *et seq.*), and as further amended from time to time.

[T.D. 83-235, 48 FR 52436, Nov. 18, 1983]

§ 12.91 Electronic products offered for importation under the Act.

(a) *Standards prescribed by the Department of Health and Human Services.* Electronic products offered for importation into the customs territory of the United States are subject to standards prescribed under section 358 of the Act (42 U.S.C. 263f) unless intended solely for export. Prescribed standards shall not apply to any electronic product intended solely for export if:

(1) Such product and the outside of any shipping container used in the export of such product are labeled or tagged to show that it is intended for export, and

(2) Such product meets all the applicable requirements of the country to which it is intended for export.

(See 21 CFR, chapter I, subchapter J.)

(b) *Requirements for entry and release.* Electronic products subject to standards in effect under section 358 of the Act (42 U.S.C. 263f), when offered for importation into the customs territory of the United States, shall be refused entry unless there is filed with the entry, in duplicate, a declaration (FDA Form FD 2877) verified by the importer of record which identifies the products and affirms:

(1) That the electronic products were manufactured before the date of any applicable electronic product performance standard (the date of manufacture shall be specified); or

(2) That the electronic products comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f), and chapter I, subchapter J, title 21, Code of Federal Regulations (21 CFR, chapter I, subchapter J), and that the certification required by section 360 of the Act (42 U.S.C. 263h) in the form of

a label or tag is attached to the product; or

(3)(i) That the electronic products do not comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f), and chapter I, subchapter J, title 21, Code of Federal Regulations (21 CFR, chapter I, subchapter J), but are being imported for the purpose of research, investigations, studied, demonstrations, or training, (ii) that the products will not be introduced into commerce and when the use for which they were imported is completed they will be destroyed or exported under Customs supervision, and (iii) that an exemption for these products has been or will be requested from the National Center for Devices and Radiological Health, Food and Drug Administration, in accordance with section 360B(b) of the Act (42 U.S.C. 263j); or

(4) That the electronic products do not comply with all standards in effect under section 358 of the Act (42 U.S.C. 263f) and chapter I, subchapter J, Code of Federal Regulations (21 CFR, chapter I, subchapter J), but that a timely and adequate petition for permission to bring the products into compliance with applicable standards has been or will be filed with the Secretary of Health and Human Services in accordance with section 360 of the Public Health Service Act, as amended, and as implemented by 21 CFR 1005.21.

(c) *Notice of sampling.* When a sampling of a product offered for importation has been requested by the Secretary of Health and Human Services, as provided for in 21 CFR 1005.10, the port director having jurisdiction over the shipment from which the sample is procured shall give to its owner or importer of record prompt notice of delivery of, or intention to deliver, the sample. If the notice so requires, the owner or importer of record shall hold the shipment of which the sample is typical and not release the shipment until notice of the results of the tests of the sample from the Secretary of Health and Human Services stating the product fulfills the requirements of the Act.

(d) *Release under bond.* If a declaration filed in accordance with paragraph (b) of this section states that the entry is being made under circumstances described in paragraph (b)(4) of this sec-

tion, the entry shall be accepted only if the owner or importer of record gives a bond on Customs Form 301, containing the bond conditions set forth in § 113.62 of this chapter, for the production of a notification from the Secretary of Health and Human Services or his designee, in accordance with 21 CFR 1005.23, that the electronic product described in the declaration filed by the importer of record is in compliance with the applicable standards. The bond shall be in an amount deemed appropriate by the port director. § 12.113 Arrival and entry of shipment of pesticides and devices.

(a) *Notice of Arrival form filed with CBP.* Upon entry of a shipment of pesticides or devices into the United States, and concurrent with the filing of the entry documentation, CBP must be in receipt of a completed Notice of Arrival of Pesticides and Devices (Notice of Arrival) on U.S. Environmental Protection Agency (EPA) Form 3540-1 or its electronic alternative submitted via any CBP-authorized electronic data interchange system. A completed Notice of Arrival must have been signed by the Administrator and indicate any action to be taken by CBP with respect to the shipment. CBP will compare entry information for the shipment of pesticides or devices with the information in the Notice of Arrival and notify the Administrator of any discrepancies.

(b) *EPA Notice of Arrival declaration form not presented.* When a shipment of pesticides or devices arrives and entry is attempted in the United States without a completed Notice of Arrival having been filed with CBP pursuant to paragraph (a) of this section, the shipment will be detained by CBP at the importer's risk and expense until the completed Notice of Arrival is presented to CBP or until other disposi-

tion is ordered by the Administrator. Such detention is not to exceed a period of 30-calendar days, or such additional extended 30-calendar day detention period as CBP may for good cause authorize. An importer or its agent may request an extension of the initial 30-calendar day detention period by filing a request with the director of the CBP port of entry.

(c) *Disposition of pesticides or devices remaining under detention.* A shipment of pesticides or devices that remains detained or undisposed of due to the failure to timely submit to CBP a completed Notice of Arrival will be treated as a prohibited importation. CBP will cause the destruction of any such shipment not exported by the consignee within 90-calendar days after the expiration of the detention period specified or authorized by paragraph (b) of this section.

§ 12.114 Release or refusal of delivery.

If the EPA directs the port director to release the shipment of pesticides or devices, the shipment will be released to the consignee. If the EPA directs the port director to refuse delivery of the shipment, the shipment will be refused delivery and treated as a prohibited importation. The port director will cause the destruction of any shipment refused delivery and not exported by the consignee within 90-calendar days after notice of such refusal of delivery.

§ 12.115 Release under bond of shipment detained for examination.

If the EPA so directs, a shipment of pesticides or devices will be detained at the importer's risk and expense by the port director pending an examination by the Administrator to determine whether the shipment complies with the requirements of the Act. However, a shipment detained for examination may be released to the consignee prior to a determination by the Administrator provided a bond is furnished on CBP Form 301, or its electronic equivalent, containing the bond conditions set forth in § 113.62 of this chapter, for the return of the merchandise to CBP

custody, and upon entry of the merchandise and the satisfaction of all other applicable laws. The bond will be in an amount deemed appropriate by CBP. When a shipment of pesticides or devices is released to the consignee under bond, the pesticides or devices must not be used or otherwise disposed of until the determination on compliance with the requirements of the Act is made by the Administrator.

§ 12.116 Samples.

Upon the request of the Administrator, either on the completed Notice of Arrival or otherwise, the port director will deliver to the Administrator samples of the imported pesticides or devices, together with all accompanying labels, circulars, and advertising matter pertaining to such merchandise. The port director will notify the consignee that the samples of imported pesticides or devices, together with all accompanying labels, circulars, and advertising matter pertaining to such merchandise have been delivered to the Administrator.

§ 12.117 Procedure after examination.

(a) *Merchandise complying with the Act.* If, upon examination or analysis of a sample from a shipment of pesticides or devices, the sample is found to be in compliance with the Act, the Administrator will notify the port director that the shipment may be released to the consignee.

(b) *Merchandise not complying with the Act.* If, upon examination or analysis of a sample from a shipment of pesticides or devices, the sample is found to be in violation of the Act, the consignee will be notified promptly by the Administrator of the nature of the violation and be given a reasonable time, not to exceed 20 days, to submit written material or, at his option, to appear before the Administrator and introduce testimony, to show cause why the shipment should not be destroyed or refused entry. If, after consideration of all the evidence presented, it is still the opinion of the Administrator that

the merchandise is in violation of the Act, the Administrator will notify the port director of this opinion and the port director will either (1) refuse delivery to the consignee, or (2) if the shipment has been released to the consignee under bond, demand redelivery of the shipment under the terms of the bond. If the merchandise is not redelivered within 30 days after the date of demand by the port director, the port director will issue a demand for liquidated damages in the full amount of the bond if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond. The port director will cause the destruction of any merchandise refused delivery to the consignee, or redelivered by the consignee pursuant to a demand therefor, and not exported by the consignee within 90 days after notice of such refusal of delivery or within 90 days after such redelivery, as applicable.

§ 12.122 Detention of certain shipments.

(a) The director of the port of arrival will detain, at the importer's risk and expense, shipments of covered commodity:

(1) Which have been banned from the customs territory of the United States by a rule or order issued under section 5 or 6 of TSCA (15 U.S.C. 2604 or 2605) or

(b) The director of the port of entry will detain shipments of covered commodity at the importer's risk and expense, in the following situations:

(1) Whenever the Administrator has reasonable grounds to believe that the shipment is not in compliance with TSCA and notifies the port director to detain the shipment.

(2) Whenever the port director has reasonable grounds to believe that the

shipment is not in compliance with TSCA; or

(3) Whenever the importer fails to certify compliance with TSCA as required by §12.121.

(c) Upon detention of a shipment, the port director will give prompt notice to the Administrator and the importer. The notice will include the reasons for detention.

(d) A detained shipment will not be held in the custody of the port director for more than 48 hours after the date of detention. Thereafter, the shipment will be promptly turned over to the Administrator for storage or disposition as provided for in §§12.127 and 127.28(i), unless previously released to the importer under bond as provided in §12.123(b). Notice of intent to abandon the shipment by the importer will constitute a waiver of all time periods specified in parts 12 and 127.

§ 12.123 Procedure after detention.

(a) *Submission of written documentation.* If a shipment is detained by a port director under §12.122, the importer may submit written documentation to the Administrator with a copy to the port director within 20 days from the date of notice of detention, to show cause why the shipment should not be refused entry. If an importer submits that documentation, the Administrator will allow or deny entry of the shipment within 10 days of receipt of the documentation, and in any case will allow or deny entry of the shipment within 30 days of the date of notice of detention.

(b) *Release under Bond.* The port director may release to the importer a shipment detained for any of the reasons given in §12.122 when the port director has reasonable grounds to believe that the shipment may be brought into compliance, or when the port director deems it appropriate under §141.66 of this chapter. Any such release will be conditioned upon furnishing a bond on CBP Form 301, containing the conditions set forth in §113.62 of this chapter for the return of

§ 12.124

the shipment to CBP custody. If a shipment of a covered commodity is released to the importer under bond, the shipment will be held intact and will not be used or otherwise disposed of until the Administrator makes a final determination on entry as provided for in paragraph (c) of this section.

(c) *Determination by the Administrator.* After consideration of the available evidence and within 30 days from the notice of detention, the Administrator will notify the port director and the importer of his decision either to permit or refuse entry of the shipment. If the Administrator finds that the shipment is in compliance with TSCA, the port director will release the shipment to the importer. If the Administrator finds that the shipment is not in compliance, the port director will:

(1) Refuse delivery to the importer, giving reasons for such refusal, or

(2) If the shipment has been released on bond, demand its redelivery under the terms of the bond, giving reasons for such demand. If the merchandise is not redelivered within 30 days from the date of the redelivery notice, the port director will assess liquidated damages in the full amount of the bond.

§ 12.124 Time limitations and extensions.

(a) *Time limitations.* The importer of a shipment of a covered commodity which has been detained under § 12.122 must bring the shipment into compliance with TSCA or export the shipment from the customs territory of the United States within 90 days after notice of detention or 30 days of demand for redelivery, whichever comes first.

(b) *Time extensions.* The port director, upon notification by the Administrator, may grant an extension of not more than 30 days if, due to delays caused by the Environmental Protection Agency or the CBP:

(1) The importer is unable, for good cause shown, to bring a shipment into compliance with the Act within the required time period; or

(2) The importer is unable to export the shipment from the customs terri-

§ 12.126 Notice of abandonment.

If the importer intends to abandon the shipment after receiving notice of refusal of entry, the importer must present a notice of intent to abandon in writing to the port director or electronically to ACE or any other CBP-authorized EDI system. Notification under this section is a waiver of any right to export the merchandise. The importer will remain liable for any expense incurred in the storage and/or disposal of abandoned merchandise.

SOFTWOOD LUMBER

§ 12.140 Entry of softwood lumber products from Canada.

The requirements set forth in this section are applicable for as long as the Softwood Lumber Agreement (SLA 2006), entered into on September 12, 2006, by the Governments of the United States and Canada, remains in effect.

(a) *Definitions.* The following definitions apply for purposes of this section:

(1) *British Columbia Coast.* “British Columbia Coast” means the Coastal Forest Regions as defined by the existing *Forest Regions and Districts Regulation*, B.C. Reg. 123/2003.

(2) *British Columbia Interior.* “British Columbia Interior” means the Northern Interior Forest Region and the Southern Interior Forest Region as defined by the existing *Forest Regions and Districts Regulation*, B.C. Reg. 123/2003.

(3) *Date of shipment.* “Date of shipment” means, in the case of products exported by rail, the date when the railcar that contains the products is assembled to form part of a train for export; otherwise, the date when the products are loaded aboard a conveyance for export. If a shipment is transshipped through a Canadian reload center or other inventory location, the date of shipment is the date the merchandise leaves the reload center or other inventory location for final shipment to the United States.

(4) *Maritimes.* “Maritimes” means New Brunswick, Canada; Nova Scotia, Canada; Prince Edward Island, Canada; and Newfoundland and Labrador, Canada.

(5) *Region.* “Region” means British Columbia Coast or British Columbia Interior as defined in paragraphs (a)(1) and (2) of this section; Alberta, Canada; Manitoba, Canada; Maritimes, Canada; Northwest Territories, Canada; Nunavut Territory, Canada; Ontario, Canada; Saskatchewan, Canada; Que-

bec, Canada; or Yukon Territory, Canada.

(6) *Region of Origin.* “Region of Origin” means the Region where the facility at which the softwood lumber product was first produced into such a product is located, regardless of whether that product was further processed (for example, by planing or kiln drying) or was transformed from one softwood lumber product into another such product (for example, a remanufactured product) in another Region, with the following exceptions:

(i) The Region of Origin of softwood lumber products first produced in the Maritime Provinces from logs originating in a non-Maritime Region will be the Region, as defined above, where the logs originated; and

(ii) The Region of Origin of softwood lumber products first produced in the Yukon, Northwest Territories or Nunavut (the ‘Territories’) from logs originating outside the Territories will be the Region where the logs originated.

(7) *SLA 2006.* “SLA 2006” or “SLA” means the Softwood Lumber Agreement entered into between the Governments of Canada and the United States on September 12, 2006.

(8) *Softwood lumber products.* “Softwood lumber products” mean those products described as covered by the SLA 2006 in Annex 1A of the Agreement.

(b) *Reporting requirements.* In the case of softwood lumber products from Canada listed in Annex 1A of the SLA 2006 as covered by the scope of the Agreement, the following information must be included on the electronic entry summary documentation (CBP Form 7501, or its electronic equivalent) for each entry (except for entries of softwood lumber products whose Region of Origin is the Maritimes, in which case entry summary documentation must be submitted in paper as set forth in paragraph (c) of this section):

(1) *Region of Origin.* The letter code representing a softwood lumber product’s Canadian Region of Origin, as posted on the Administrative Message Board in the Automated Commercial Environment (ACE) or any other CBP-authorized electronic data interchange system. (For example, the letter code

§ 12.142

19 CFR Ch. I (4–1–23 Edition)

“XD” designates softwood lumber products whose Region of Origin is British Columbia Coast. The letter code “XE” designates softwood lumber products whose Region of Origin is British Columbia Interior.)

(2) *Export Permit Number*—(i) *Export Permit Number issued by Canada at time of filing entry summary documentation.* The 8-digit Canadian-issued Export Permit Number, preceded by one of the following letter codes:

(A) The letter code assigned to represent the date of shipment (*i.e.*, “A” represents January, “B” represents February, “C” represents March, *etc.*), except for those softwood lumber products produced by a company listed in Annex 10 of the SLA 2006 or whose Region of Origin is the Maritimes, Yukon, Northwest Territories or Nunavut;

(B) The letter code “X”, which designates a company listed in Annex 10 of the SLA 2006; or

(C) The letter code assigned to represent the Maritimes (code M); Yukon (code Y); Northwest Territories (code W); or Nunavut (code N), for softwood lumber products originating in these regions.

(ii) *No Export Permit Number required due to softwood lumber product’s exempt status.* Where an Export Permit Number is not required because the imported softwood lumber product is specifically identified as exempt from SLA 2006 export measures pursuant to Annex 1A of the Agreement, notwithstanding the fact that the exempt goods are classifiable in residual Harmonized Tariff Schedule of the United States provisions otherwise listed as covered by the SLA 2006, the alpha-numeric code “P88888888” must be used in the Export Permit Number data entry field on the CBP Form 7501, or its electronic equivalent.

(c) *Original Maritime Certificate of Origin.* Where a softwood lumber product’s Region of Origin is the Maritimes, the original paper copy of the Certificate of Origin issued by the Maritime Lumber Bureau must be submitted to CBP and the entry summary documentation for each such entry must be in paper and not electronic. The Certificate of Origin must specifically state that the corresponding CBP entries are for softwood lumber products first pro-

duced in the Maritimes from logs originating in the Maritimes or State of Maine.

(d) *Recordkeeping.* Importers must retain copies of export permits, certificates of origin, and any other substantiating documentation issued by the Canadian Government pursuant to the recordkeeping requirements set forth in part 163 of title 19 to the CFR.

[CBP Dec. 08–10, 73 FR 20784, Apr. 17, 2008, as amended by CBP Dec. 15–14, 80 FR 61285, Oct. 13, 2015]

§ 12.142 Entry of softwood lumber and softwood lumber products from any country into the United States.

(a) *In general.* This section, pursuant to the “Softwood Lumber Act of 2008” (“the Act”) (Title VIII of the Tariff Act of 1930, as amended (19 U.S.C. 1202 *et seq.*)), prescribes entry requirements applicable to certain imports of softwood lumber and softwood lumber products exported from any country into the United States.

(b) *Softwood lumber products covered.* The softwood lumber and softwood lumber products covered by this section are those products described in section 804(a) of Title VIII of the Tariff Act of 1930, as amended (19 U.S.C. 1202 *et seq.*).

(c) *Entry requirements for shipments subject to the importer declaration program.* For each shipment of softwood lumber or softwood lumber products described in section 804(a) of Title VIII to the Tariff Act of 1930, as amended, (19 U.S.C. 1202 *et seq.*) that is entered or withdrawn from warehouse for consumption, in the customs territory of the United States, the following information must be electronically submitted to CBP (except that, pursuant to 19 CFR 12.140(c), entries of softwood lumber and softwood lumber products for which a Certificate of Origin has been issued from Canada’s Maritime Lumber Bureau must be submitted to CBP in paper):

(1) *Export price.* Each importer must provide the export price, expressed in U.S. dollars, on the entry summary in the designated space provided on the CBP Form 7501, or its electronic equivalent.

(i) For purposes of this section, “export price” means one of the following:

(A) In the case of softwood lumber or a softwood lumber product that has undergone only primary processing, the value that would be determined F.O.B. at the facility where the product underwent the last primary processing before export.

(B) In the case of softwood lumber or a softwood lumber product that underwent the last remanufacturing before export by a manufacturer who does not hold tenure rights provided by the country of export, did not acquire standing timber directly from the country of export, and is not related to the person who holds tenure rights or acquired standing timber directly from the country of export, the value that would be determined F.O.B. at the facility where the softwood lumber or softwood lumber product underwent the last primary processing.

(C) In the case of softwood lumber or a softwood lumber product that underwent the last remanufacturing before export by a manufacturer who holds tenure rights provided by the country of export, acquired standing timber directly from the country of export, or is related to the person who holds tenure rights or acquired standing timber directly from the country of export, the value that would be determined F.O.B. at the facility where the softwood lumber or softwood lumber product underwent the last processing before export.

(D) In the case of softwood lumber or a softwood lumber product described in paragraphs (c)(1)(i)(A), (B) or (C) of this section for which an F.O.B. value cannot be determined, the export price will be the market price for the identical softwood lumber or softwood lumber product sold in an arm's-length transaction in the country of export at approximately the same time as the exported softwood lumber or softwood lumber product. The market price will be determined in the following order of preference:

(1) The market price for the softwood lumber or softwood lumber product sold at substantially the same level of trade (as described in 19 CFR 351.412(c)) as the exported softwood lumber or softwood lumber product but in different quantities.

(2) The market price for the softwood lumber or softwood lumber product

sold at a different level of trade (as defined in 19 CFR 351.412(c)) than the exported softwood lumber or softwood lumber product but in similar quantities.

(3) The market price for the softwood lumber or softwood lumber product sold at a different level of trade (as defined in 19 CFR 351.412(c)) than the exported softwood lumber or softwood lumber product and in different quantities.

(ii) For purposes of paragraph (c)(1) of this section, the following definitions apply:

(A) *F.O.B.* The term "F.O.B." means a value consisting of all charges payable by a purchaser, including those charges incurred in the placement of merchandise on board of a conveyance for shipment, but does not include the actual shipping charges or any applicable export charges.

(B) *Related to the person.* The term "related to the person" means:

(1) A person bears a relationship to such other person described in section 152(a) of the Internal Revenue Code of 1986;

(2) A person bears a relationship to such person described in section 267(b) of the Internal Revenue Code of 1986, except that "5 percent" will be substituted for "50 percent" each place it appears;
