§ 351.307 Verification of information.

(a) *Introduction.* Prior to making a final determination in an investigation or issuing final results of review, the Secretary may verify relevant factual information. This section clarifies when verification will occur, the contents of a verification report, and the procedures for verification.

(b) *In general.* (1) Subject to paragraph (b)(4) of this section, the Secretary will verify factual information upon which the Secretary relies in:

(i) A final determination in a continuation of a previously suspended countervailing duty investigation (section 704(g) of the Act), countervailing duty investigation, continuation of a previously suspended antidumping investigation (section 705(a) of the Act), or antidumping investigation;

(ii) The final results of an expedited antidumping review;

(iii) A revocation under section 751(d) of the Act;

(iv) The final results of an administrative review, new shipper review, or changed circumstances review, if the Secretary decides that good cause for verification exists; and

(v) The final results of an administrative review if:

(A) A domestic interested party, not later than 100 days after the date of publication of the notice of initiation

of review, submits a written request for verification; and

(B) The Secretary conducted no verification under this paragraph during either of the two immediately preceding administrative reviews.

(2) The Secretary may verify factual information upon which the Secretary relies in a proceeding or a segment of a proceeding not specifically provided for in paragraph (b)(1) of this section.

(3) If the Secretary decides that, because of the large number of exporters or producers included in an investigation or administrative review, it is impractical to verify relevant factual information for each person, the Secretary may select and verify a sample.

(4) The Secretary may conduct verification of a person if that person agrees to verification and the Secretary notifies the government of the affected country and that government does not object. If the person or the government objects to verification, the Secretary will not conduct verification and may disregard any or all information submitted by the person in favor of use of the facts available under section 776 of the Act and § 351.308.

(c) *Verification report.* The Secretary will report the methods, procedures, and results of a verification under this section prior to making a final determination in an investigation or issuing final results in a review.

(d) *Procedures for verification.* The Secretary will notify the government of the affected country that employees of the Department will visit with the persons listed below in order to verify the accuracy and completeness of submitted factual information. The notification will, where practicable, identify any member of the verification team who is not an officer of the U.S. Government. As part of the verification, employees of the Department will request access to all files, records, and personnel which the Secretary considers relevant to factual information submitted of:

(1) Producers, exporters, or importers;

(2) Persons affiliated with the persons listed in paragraph (d)(1) of this section, where applicable;

(3) Unaffiliated purchasers, or

(4) The government of the affected country as part of verification in a countervailing duty proceeding.

§ 351.308 Determinations on the basis of the facts available.

(a) *Introduction.* The Secretary may make determinations on the basis of the facts available whenever necessary information is not available on the record, an interested party or any other person withholds or fails to provide information requested in a timely manner and in the form required or significantly impedes a proceeding, or the Secretary is unable to verify submitted information. If the Secretary finds that an interested party "has failed to cooperate by not acting to the best of its ability to comply with a request for information," the Secretary may use an inference that is adverse to the interests of that party in selecting from among the facts otherwise available. This section lists some of the sources of information upon which the Secretary may base an adverse inference and explains the actions the Secretary will take with respect to corroboration of information.

(b) *In general.* The Secretary may make a determination under the Act and this part based on the facts otherwise available in accordance with section 776(a) of the Act.

(c) *Adverse inferences.* For purposes of section 776(b) of the Act, an adverse inference may include reliance on:

- (1) Secondary information, such as information derived from:
 - (i) The petition;
 - (ii) A final determination in a countervailing duty investigation or an antidumping investigation;
 - (iii) Any previous administrative review, new shipper review, expedited antidumping review, section 753 review, or section 762 review; or
- (2) Any other information placed on the record.

(d) *Corroboration of secondary information.* Under section 776(c) of the Act, when the Secretary relies on secondary information, the Secretary will, to the extent practicable, corroborate that information from independent sources that are reasonably at the Secretary's disposal. Independent sources may include, but are not limited to, published

price lists, official import statistics and customs data, and information obtained from interested parties during the instant investigation or review. Corroborate means that the Secretary will examine whether the secondary information to be used has probative value. The fact that corroboration may not be practicable in a given circumstance will not prevent the Secretary from applying an adverse inference as appropriate and using the secondary information in question.

(e) *Use of certain information.* In reaching a determination under the Act and this part, the Secretary will not decline to consider information that is submitted by an interested party and is necessary to the determination but does not meet all the applicable requirements established by the Secretary if the conditions listed under section 782(e) of the Act are met.

(f) *Use of facts available in a sunset review.* Where the Secretary determines to issue final results of sunset review on the basis of facts available, the Secretary normally will rely on:

- (1) Calculated countervailing duty rates or dumping margins, as applicable, from prior Department determinations; and
- (2) Information contained in parties' substantive responses to the Notice of Initiation filed under § 351.218(d)(3), consistent with section 752(b) or 752(c) of the Act, as applicable.
