

(3) When foreign LASH-type barges are proceeding between ports of the United States under paragraph (e) of this section, a single permit to proceed may be used for all the barges proceeding to the same port in the same tow.

(4) In lieu of the master of the towing vessel executing and delivering documents required under permit-to-proceed procedures (see § 4.81(f)) at the port where a LASH-type barge begins a coastwise movement, the master of the towing vessel may designate in writing the owner or operator of the barges as his representative with authority to execute and deliver such documents at the customhouse. The owner or operator of the barges may designate representatives to perform such functions at ports or places where permit-to-proceed documents must be delivered. Documents obtained from Customs officers at one place by such a representative may be forwarded by any suitable means to the representative who must present them to Customs officers at another place, the only requirement being that the forms are properly completed and are presented within the prescribed time periods. Moreover, instead of a written designation from each master of a towing vessel, a blanket designation in writing from the owner or operator of one or more towing vessels on behalf of masters of their towing vessels, designating the owner or operator of the barges to be the representative of the master for purposes of executing and delivering permit-to-proceed documents, is authorized.

(5) [Reserved]

(6) When a LASH-type barge is proceeding to a place in the United States that is not a port of entry, § 101.4(a) and (b) of this chapter are applicable. No merchandise shall be unladen from a LASH-type barge until a permit or special license therefor is obtained in accordance with § 4.30 except that a single permit to unlade may be used for all barges that arrived at the port of unlading in the same tow.
