APPENDIX A TO PART 25—AWARD TERM

AUTHORITY: Pub. L. 109–282; 31 U.S.C. 6102.

SOURCE: 75 FR 55673, Sept. 14, 2010, unless otherwise noted.

EDITORIAL NOTE: Nomenclature changes to part 25 appear at 79 FR 75879, Dec. 19, 2014.

Subpart A—General

§ 25.100 Purposes of this part.

This part provides guidance to Federal awarding agencies to establish:

(a) The unique entity identifier as a universal identifier for Federal financial assistance applicants, as well as recipients and their direct subrecipients, and;

(b) The System for Award Management (SAM) as the repository for standard information about applicants and recipients.

[75 FR 55673, Sept. 14, 2010, as amended at 79 FR 75879, Dec. 19, 2014; 80 FR 54407, Sept. 10, 2015; 85 FR 49522, Aug. 13, 2020]

§ 25.105 Types of awards to which this part applies.

This part applies to a Federal awarding agency’s grants, cooperative agreements, loans, and other types of Federal financial assistance as defined in § 25.406.

[85 FR 49522, Aug. 13, 2020]

§ 25.110 Exceptions to this part.

(a) *General.* Through a Federal awarding agency’s implementation of the guidance in this part, this part applies to all applicants and recipients of Federal awards, other than those exempted by statute or exempted in paragraphs (b) and (c) of this section that apply for or receive agency awards.

(b) *Exceptions for individuals.* None of the requirements in this part apply to an individual who applies for or receives Federal financial assistance as a natural person (*i.e.*, unrelated to any business or nonprofit organization he or she may own or operate in his or her name).

(c) *Other exceptions.* (1) Under a condition identified in paragraph (c)(2) of this section, a Federal awarding agency may exempt an applicant or recipient from an applicable requirement to

§ 25.200

obtain a unique entity identifier and register in the SAM, or both.

(i) In that case, the Federal awarding agency must use a generic unique entity identifier in data it reports to *USAspending.gov* if reporting for a prime award to the recipient is required by the Federal Funding Accountability and Transparency Act (Pub. L. 109-282, hereafter cited as “Transparency Act”).

(ii) Federal awarding agency use of a generic unique entity identifier should be used rarely for prime award reporting because it prevents prime awardees from being able to fulfill the subaward or executive compensation reporting required by the Transparency Act.

(2) The conditions under which a Federal awarding agency may exempt an applicant or recipient are—

(i) For any applicant or recipient, if the Federal awarding agency determines that it must protect information about the entity from disclosure if it is in the national security or foreign policy interests of the United States, or to avoid jeopardizing the personal safety of the applicant or recipient’s staff or clients.

(ii) For a foreign organization or foreign public entity applying for or receiving a Federal award or subaward for a project or program performed outside the United States valued at less than \$25,000, if the Federal awarding agency deems it to be impractical for the entity to comply with the requirement(s). This exemption must be determined by the Federal awarding agency on a case-by-case basis while utilizing a risk-based approach and does not apply if subawards are anticipated.

(iii) For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

(3) Federal awarding agencies’ use of generic unique entity identifier, as described in paragraphs (c)(1) and (2) of this section, should be rare. Having a

2 CFR Ch. I (1–1–23 Edition)

generic unique entity identifier limits a recipient’s ability to use Governmentwide systems that are needed to comply with some reporting requirements.

(d) *Class exceptions.* OMB may allow exceptions for classes of Federal awards, applicants, and recipients subject to the requirements of this part when exceptions are not prohibited by statute.

[85 FR 49523, Aug. 13, 2020]

Subpart B—Policy

§ 25.200 Requirements for notice of funding opportunities, regulations, and application instructions.

(a) Each Federal awarding agency that awards the types of Federal financial assistance defined in § 25.406 must include the requirements described in paragraph (b) of this section in each notice of funding opportunity, regulation, or other issuance containing instructions for applicants that is issued on or after August 13, 2020.

(b) The notice of funding opportunity, regulation, or other issuance must require each applicant that applies and does not have an exemption under § 25.110 to:

(1) Be registered in the SAM prior to submitting an application or plan;

(2) Maintain an active SAM registration with current information, including information on a recipient’s immediate and highest level owner and subsidiaries, as well as on all predecessors that have been awarded a Federal contract or grant within the last three years, if applicable, at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency; and

(3) Provide its unique entity identifier in each application or plan it submits to the Federal awarding agency.

(c) For purposes of this policy:

(1) The applicant meets the Federal awarding agency’s eligibility criteria and has the legal authority to apply and to receive the Federal award. For example, if a consortium applies for a

OMB Guidance, Grants and Agreements

§ 25.220

Federal award to be made to the consortium as the recipient, the consortium must have a unique entity identifier. If a consortium is eligible to receive funding under a Federal awarding agency program but the agency's policy is to make the Federal award to a lead entity for the consortium, the unique entity identifier of the lead applicant will be used.

(2) A notice of funding opportunity is any paper or electronic issuance that an agency uses to announce a funding opportunity, whether it is called a "program announcement," "notice of funding availability," "broad agency announcement," "research announcement," "solicitation," or some other term.

(3) To remain registered in the SAM database after the initial registration, the applicant is required to review and update its information in the SAM database on an annual basis from the date of initial registration or subsequent updates to ensure it is current, accurate and complete.

[85 FR 49523, Aug. 13, 2020]

§ 25.205 Effect of noncompliance with a requirement to obtain a unique entity identifier or register in the SAM.

(a) A Federal awarding agency may not make a Federal award or financial modification to an existing Federal award to an applicant or recipient until the entity has complied with the requirements described in § 25.200 to provide a valid unique entity identifier and maintain an active SAM registration with current information (other than any requirement that is not applicable because the entity is exempted under § 25.110).

(b) At the time a Federal awarding agency is ready to make a Federal award, if the intended recipient has not complied with an applicable requirement to provide a unique entity identifier or maintain an active SAM registration with current information, the Federal awarding agency:

(1) May determine that the applicant is not qualified to receive a Federal award; and

(2) May use that determination as a basis for making a Federal award to another applicant.

[85 FR 49523, Aug. 13, 2020]

§ 25.210 Authority to modify agency application forms or formats.

To implement the policies in §§ 25.200 and 25.205, a Federal awarding agency may add a unique entity identifier field to information collections previously approved by OMB, without having to obtain further approval to add the field.

[85 FR 49523, Aug. 13, 2020]

§ 25.215 Requirements for agency information systems.

Each Federal awarding agency that awards Federal financial assistance (as defined in § 25.406) must ensure that systems processing information related to the Federal awards, and other systems as appropriate, are able to accept and use the unique entity identifier as the universal identifier for Federal financial assistance applicants and recipients.

[85 FR 49523, Aug. 13, 2020]

§ 25.220 Use of award term.

(a) To accomplish the purposes described in § 25.100, a Federal awarding agency must include in each Federal award (as defined in § 25.405) the award term in appendix A to this part.

(b) A Federal awarding agency may use different letters and numbers than those in appendix A to this part to designate the paragraphs of the Federal award term, if necessary, to conform the system of paragraph designations with the one used in other terms and conditions in the Federal awarding agency's Federal awards.
