

are made available to all otherwise eligible individuals and families regardless of actual or perceived sexual orientation, gender identity, or marital status.

(b)(1) The applicable assistance provided under a covered housing program generally consists of two types of assistance (one or both may be provided): Tenant-based rental assistance, which is rental assistance that is provided to the tenant; and project-based assistance, which is assistance that attaches to the unit in which the tenant resides. For project-based assistance, the assistance may consist of such assistance as operating assistance, development assistance, and mortgage interest rate subsidy.

(2) The regulations in this subpart are supplemented by the specific regulations for the HUD-covered housing programs listed in § 5.2003. The program-specific regulations address how certain VAWA requirements are to be implemented and whether they can be implemented (for example, reasonable time to establish eligibility for assistance as provided in § 5.2009(b)) for the applicable covered housing program, given the statutory and regulatory framework for the program. When there is conflict between the regulations of this subpart and the program-specific regulations, the program-specific regulations govern. Where assistance is provided under more than one covered housing program and there is a conflict between VAWA protections or remedies under those programs, the individual seeking the VAWA protections or remedies may choose to use the protections or remedies under any or all of those programs, as long as the protections or remedies would be feasible and permissible under each of the program statutes.
